Conference on Conduct Governance (CCG)
Annual Report 2016-17

The CCG set out to do a comprehensive review of Section 3 of the Code this year, which is why many of the changes indicated are from that particle portion of the Code. That work will continue next year. Of course, the CCG will address any suggestions for changes to the Code that come from any part of campus, and this year there were many (as you can see from the other sections of the Code addressed by the CCG). The CCG also convened a sub-committee charged with attempting to standardize language and abbreviations throughout the Code. The CCG will utilize knowledge gained from that sub-committee in the next academic year to enhance consistency throughout the Code.

The following sections of the Student Code were revised and approved by the 2016-17 committee. The changes were forwarded to Chancellor, Dr. Robert Jones for approval.

§ 3-201	Final Examinations
§ 3-202	Evening, Midterm, and Hourly Examinations
