UNIVERSITY OF ILLINOIS
URBANA-CHAMPAIGN SENATE
Prefiled Resolution

RS.19.04 Resolution to Protect Faculty from Trolling, Harassment, and Stalking

WHEREAS, “nationally, unfair attacks on scholars have increased, often in social media, on message boards, and through other online forums;”* and

WHEREAS, recent advances in technology and widespread use of social media are creating novel problems of cyberstalking and cyberbullying that are not yet comprehensively or fully addressed by University policies and procedures; and

WHEREAS “these ‘trolling attacks’ can be professionally disruptive and personally difficult;”* and

WHEREAS, a faculty member may feel threatened, uncomfortable, or unsafe if the perpetrator of a trolling, harassment, or stalking attack is allowed to enroll in that faculty member’s class; then

BE IT RESOLVED that the Academic Senate of the University of Illinois endorses the efficient development of appropriate and comprehensive policies to allow a department to reject an individual student’s enrollment into a class not required for graduation and uniquely taught by a particular faculty member, if that student has displayed a previous history of persistent trolling, harassment, obsession with, or stalking, either electronically or in person, of that particular faculty member.

Submitted,

Professor Jay Rosenstein
Senator, College of Media
