FACULTY STATEMENTS OF INTEREST AND EXPERIENCE

**Caitlin Clarke** (LAS: Sociology)
Dr. Clarke holds a PhD in Kinesiology and Community Health with a specialization in the Sociology of Sport and Health. She is also an alumnus of UIUC who taught many UIUC student athletes over the past years as a TA and now faculty. Currently she teaches 3 courses for Sociology including SOC 396 Sport and Mental Health. She is well versed in the UIUC academic expectations for student athletes and hopes to assist with advocating for student athlete mental health and general welfare.

**Brenda Coble Lindsey** (SSW)
Brenda Coble Lindsey I am interested in continuing to serve as a member of the Athletic Board and believe I can provide a unique perspective on ways to address the academic and emotional needs of student athletes. As the mother of a former Division I student athlete, I have firsthand knowledge about the challenges faced by student athletes. It is not easy for them to balance academic and athletic responsibilities. As an instructor, I have had student athletes in my classes. Some of them grappled with mental health problems including depression and anxiety, but were reluctant to seek help.

My teaching and scholarship interests focus on ways that schools can support students with mental health problems. I applied my expertise in my role as co-chair of the 2016-2017 campus Task Force for Promoting Student Mental Health and Emotional Resilience. My experiences give me a wider lens to better understand how to effectively address the academic and emotional needs of undergraduate students. If selected as a member of the Athletic Board, I will advocate for a seamless systems of support with a compendium of resources to address the academic and emotional needs of student athletes.
