In May 2020, the U.S. Department of Education released final regulations on Title IX that are effective August 14, 2020. Several university offices are reviewing the regulations and identifying changes that need to be made to the Student Code to comport with new requirements. CG will convene in July to discuss any proposed changes and make recommendations to the Chancellor for approval.

The CG had a very busy and effective year and we hope to continue this important work on behalf of the campus community in the academic year to come.
