I. Items Removed from the Agenda

FB.20.01, Review of the Bylaws, Part D.11 – Committee on Faculty and Academic Staff Benefits
In response to the Report of the Eighth Senate Review Commission (XSR.19.01), FB examined its charge and membership in the Bylaws, Part D.11. FB recommended revisions to clarify the faculty membership and the ex officio membership from the State Universities Retirement System Members Advisory Committee. The recommended revisions were sent to the Senate Committee on University Statutes and Senate Procedures for transmittal to the Senate for approval.

FB.20.02, Behavioral Economics of Retirement Planning
At the March 9, 2020 meeting, FB met with Angela Lyons, Associate Professor and Director of the Center for Economic and Financial Education, to discuss the behavioral economics of retirement planning. A lesson of her presentation was that creating more options and features can overload employees with such complexity that they become frustrated and paralyzed in the decision process. She counseled that “choice architecture” can be designed to guide employees to better solutions without dictating pension plan choices. On April 23, 2020, Chair Lange communicated with Martin Noven, SURS Executive Director, and shared concerns about choice architecture. Mr. Noven shared that the upcoming rollout of Voya as a new recordkeeper and financial products provider will improve the benefits of the SURS Self-Managed Plan (SMP) and improve the clarity of SMP options.
