Program Justification

Why are these changes necessary?

The department of Food Science and Human Nutrition is changing their 4 undergrad concentrations to majors. Once the Dietetics and Nutrition, BS is approved, we would like to phase out the Dietetics concentration. We would like to allow current students in the Dietetics concentration to have the option to finish their degree with the concentration or to move to the new Dietetics and Nutrition, BS.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No
