Deactivation Proposal

Date Submitted: 12/08/21 2:07 am

Last approved: 08/09/19 3:26 pm

Last edit: 03/09/22 8:19 am

Changes proposed by: Amy McCullough

Catalog Pages Using this Program

Proposal Type:

Nuclear, Plasma & Radiological Engineering, BS and Engineering: Energy Systems, MEng

Approval Path

1. 12/08/21 2:40 pm
   Deb Forgacs (dforgacs):
   Approved for U Program Review

2. 12/14/21 10:02 am
   Rizwan Uddin (rizwan):
   Approved for 1973 Head

3. 02/22/22 1:22 pm
   Keri Pipkins (kcp):
   Approved for KP Committee Chair

4. 02/22/22 1:35 pm
   Candy Deaville (candyd):
   Approved for KP Dean

5. 02/22/22 1:44 pm
   John Wilkin (jpwilkin):
Joint Program (ex. Master of Public Health & PhD. in Community Health)

This proposal is for:

**Phase Down/Elimination**

**History**

1. Aug 9, 2019 by Deb Forgacs (dforgacs)
List the role for rollbacks (which role will edit the proposal on questions from EPC, e.g., Dept Head or Initiator) and/or any additional stakeholders. Purpose: List here who will do the editing work if proposal needs rolled back. And any other stakeholders.

Does this program have inter-departmental administration?  
No

Proposal Title

Effective Catalog  Fall 2022
Term

Provide a brief, concise description (not justification) of your proposal.

Eliminate the joint BS in Nuclear, Plasma and Radiological Engineering and MENG in Engineering, Energy Systems Concentration

List here any related proposals/revisions and their keys. Example: This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).

Program Justification

Why are these changes necessary?

We request to terminate the joint-program 10KP5183BS & 10KS5370MENG: Nuclear, Plasma & Radiological Engineering, BS and Engineering: Energy Systems, MEng because it has never had a student in the program nor received an application.

There will be zero negative impact on prospective students, as undergraduate students who are interested in the Engineering: Energy Systems, MEng degree will still have the option to pursue the program and transfer up to 12 credit hours to the MEng degree (in alignment with the Graduate College transfer credit policy). This option will allow students the ability to achieve the same goal as the Joint BS/MEng degree.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

Does the program include other courses/subjects impacted by the creation/revision of this program?

No
Program Regulation and Assessment

Briefly describe the plan to assess and improve student learning, including the program’s learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student’s achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

N/A

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study

“Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf). For proposals for new bachelor’s degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

Catalog Page Text - Overview Tab

Text for Overview tab on the Catalog Page. This is not official content, it is used to help build the new catalog page for the program. Can be edited in the catalog by the college or department.

Statement for Programs of Study Catalog

Course Requirements

B.S. Component (124 hours):
Same required courses as the traditional B.S. degree with the minimum hours required reduced from 128 to 124 hours.
The reduction of 4 credit hours is based on the utilization of 4 hours in free elective in the student’s undergraduate curriculum.
Illinois undergraduate student minimum residence requirement satisfied.
Overall grade point average (GPA) of 3.0 maintained through completion of B.S. component of the program.

M.Eng. Component (32 additional hours of coursework)
Identical to the current M.Eng. in Engineering with a concentration in Energy Systems. A total of 32 hours (including the shared coursework) are required.
Satisfy Illinois' graduate student minimum residence requirement.
Overall GPA of 3.00 must be maintained through completion of M.Eng. component of the program.

Program Relationships
Identify the existing programs to be joined:

What is the typical time to completion of this program?

N/A

What are the minimum Total Credit Hours required for this program?

N/A

What is the required GPA?

N/A

Is This a Teacher Certification Program?

No

Will specialized accreditation be sought for this program?

No

**Delivery Method**

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

**Institutional Context**

University of Illinois at Urbana-Champaign

Describe the historical and university context of the program's development. Include a short summary of any existing program(s) upon which this program will be built.

Explain the nature and degree of overlap with existing programs and, if such overlap exists, document consultation with the impacted program’s home department(s).

University of Illinois

State of Illinois
Indicate which of the following goals of the Illinois Board of Higher Education's Strategic Initiative are supported by this program: (choose all that apply)

Educational Attainment — increase educational attainment to match the best-performing states.

Describe how the proposed program supports these goals.

Admission Requirements

Desired Effective: Fall 2018
Admissions Term

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Describe how critical academic functions such as admissions and student advising are managed.

Enrollment

List the prerequisites including course titles and number of credit hours for each prerequisite course, and whether or not these prerequisites count in the total hours required for the minor.

Number of Students in Program (estimate)

Describe how this revision will impact enrollment and degrees awarded.

No degrees have been awarded for this program.

Budget

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)
Financial Resources

How does the unit intend to financially support this proposal?

Will the unit need to seek campus or other external resources?
  No

Attach letters of support

What tuition rate do you expect to charge for this program? e.g., Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?
  No

Resource Implications

Facilities

Will the program require new or additional facilities or significant improvements to already existing facilities?
  No

Technology

Will the program need additional technology beyond what is currently available for the unit?
  No

Non-Technical Resources

Will the program require additional supplies, services or equipment (non-technical)?
  No

Resources

For each of these items, be sure to include in the response if the proposed new program or change will result in replacement of another program(s). If so, which program(s), what is the anticipated impact on faculty, students, and instructional resources? Please attach any letters of support/acknowledgement from faculty, students, and/or other impacted units as appropriate.

Attach File(s)

Faculty Resources
Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc. Describe how the unit will support student advising, including job placement and/or admission to advanced studies.

N/A

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.
