Senate committees are authorized to act for and in the name of the Senate on minor matters. Below is a listing of the administrative approvals the Senate Committee on Educational Policy approved at its meeting on April 18, 2022. Additional information for each approval is attached.

A. Graduate Programs
   1) **Concentration in Autonomy and Robotics in the MENG in Engineering** (key 875) – revises the course options to meet the Professional Development requirement. There is no change to the total hours required for the program.

B. Undergraduate Programs
   1) **Minor in Statistics** (key 869) – clarifies Advanced Statistical Methods requirement. There is no change to the total hours required for the minor.
   2) **Concentration in Costume Design and Technology in the BFA in Theatre** (key 680) – removes unneeded parenthetical information and add statements to clarify when courses can be repeated. There is no change to the total hours required for the program.
   3) **Concentration in Scenic Technology in the BFA in Theatre** (key 683) – removes unneeded parenthetical information and add statements to clarify when courses can be repeated. There is no change to the total hours required for the program.
   4) **Concentration in Lighting Design and Technology in the BFA in Theatre** (key 681) – removes unneeded parenthetical information and add statements to clarify when courses can be repeated. There is no change to the total hours required for the program.
   5) **Concentration in Sound Design and Technology in the BFA in Theatre** (key 684) – removes unneeded parenthetical information and add statements to clarify when courses can be repeated. There is no change to the total hours required for the program.
   6) **Concentration in Scenic Design in the BFA in Theatre** (key 682) – removes unneeded parenthetical information and add statements to clarify when courses can be repeated. There is no change to the total hours required for the program.
   7) **Concentration in Arts and Entertainment in the BFA in Theatre** (key 950) – removes unneeded parenthetical information and add statements to clarify when courses can be repeated. There is no change to the total hours required for the program.
   8) **Concentration in Painting in the BFASA in Studio Art** (key 642) – removes a footnote and updates the list of elective courses from which students are to choose 31-33 hours. There is no change to the total hours required for the program.
   9) **BFA in Graphic Design** (key 140) – updates the electives list to clarify the course rubrics. There is no change to the total hours required for the program.
10) **BFA in Industrial Design** (key 141) -- updates the electives list to clarify the course rubrics. There is no change to the total hours required for the program.
11) **BFA in Art Education** (key 137) -- updates the electives list to clarify the course rubrics. There is no change to the total hours required for the program.

12) **BS in Kinesiology** (key 94) – update the general education requirements listing to make it easier to read and to add a course as an option for the Quantitative Reasoning II requirement. There is no change to the total hours required for the program.

College Budget Officer

College Budget Officer Email

List the role for rollbacks (which role will edit the proposal on questions from EPC, e.g., Dept Head or Initiator) and/or any additional stakeholders. **Purpose: List here who will do the editing work if proposal needs rolled back. And any other stakeholders.**

Does this program have inter-departmental administration?  

Yes

Interdisciplinary Colleges and Departments (list other colleges/departments which are involved other than the sponsor chose above)
The proposed Concentration in Autonomy and Robotics is a formal collaboration between five academic units (Aerospace Engineering, Computer Science, Electrical & Computer Engineering, Industrial & Enterprise Systems Engineering, and Mechanical Science and Engineering) and the Center for Autonomy (founded using Investment-for-Growth funds), all in The Grainger College of Engineering. Governance and oversight will be implemented through an Admissions Committee and a Curriculum Oversight Committee with representation from each of the five departments on both committees. Committee members will be asked to serve overlapping three year commitments.

Curriculum Oversight Committee

The Curriculum Oversight Committee will consist of no fewer than four faculty members, including the chair, from the participating departments (Aero, CS, ECE, ISE, MechSE). Each member should be from a distinct department unless the size of committee exceeds five members, or there are other mitigating factors. The director of the Center for Autonomy will select the chair of the committee in consultation with the associate directors. The committee chair, director and associate directors will select the remaining committee members. Appointments to the committee will occur in alternating years, with a two-year term of service. Representation on the committee will be solicited from all participating departments each year. The Curriculum Oversight Committee will meet once a semester to review course offerings for the upcoming semester to ensure that core courses, as well as an appropriate selection of elective courses, are offered each semester for students to successfully complete this program in three semesters. The committee will review and update the program curriculum requirements on an annual basis to ensure students are receiving the advanced knowledge and skills needed for industry positions in this field. Additionally, the committee will address any petitions or other course-related matters that arise during the running of the program on an ad hoc basis. Faculty that serve on this committee will be responsible for updating their home department on curriculum needs and future course plans for this concentration.

Admissions Committee

The Admissions Committee will consist of no fewer than four faculty members, including the chair, from the participating departments (Aero, CS, ECE, ISE, MechSE). Each member should be from a distinct department unless the size of committee exceeds five members, or there are other mitigating factors. The director of the Center for Autonomy will select the chair of the committee in consultation with the associate directors. The committee chair, director and associate directors will select the remaining committee members. Appointments to the committee will occur annually with a one-year term of service. Representation on the committee will be solicited from all participating departments each year. The Admissions Committee will be responsible for all admissions decisions for the program, and related adjudication. This committee will determine in advance the capacity for incoming students for each entering term with feedback from each of the participating departments. The committee will meet on a regular basis throughout the admission season for the Fall and Spring terms to review and admit applicants.

The program will leverage the shared services for MEng programs in The Grainger College of
Engineering’s Center for Professional and Executive Training and Education to provide administrative support for the program, including in support of student recruitment, career advising, and professional development. The Grainger College of Engineering Office of Graduate, Professional, and Online Programs will process all required paperwork for applicants and current students.

During the first three years the program cohorts will consist of 20-25 students. Therefore, advising will primarily be provided by the full-time Program Director. This will involve assisting students with choosing their courses, and dealing with other logistical academic matters that arise. The Director will also organize events to help acclimatize students to their new environment, and indeed continue leading such events throughout the program year; faculty involved with the program may also attend these events. For specific technical advice, students will be able to consult directly with faculty members who are involved with the program. The Director will also help direct students to appropriate University resources. For situations in which students require special support (for instance to deal with personal crises or challenges), the program will utilize the specially trained professional staff in the Office of the Associate Dean for Graduate, Professional and Online Programs.

College          Grainger College of Engineering
Department       Computer Science
Is there an additional department involved in governance?  Yes

Department       Electrical and Computer Engineering
Is there an additional department involved in governance?  No

Proposal Title

Effective Catalog  Fall 2021
Term

Provide a brief, concise description (not justification) of your proposal.

Administrative approval to revise the Autonomy and Robotics concentration in the MENG in Engineering

Revision to add course options that meet the Professional Development requirement, consistent with other MEng programs

List here any related proposals/revisions and their keys. Example: This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).

Program Justification
Why are these changes necessary?

Adding additional option(s) to meet Professional Development Credit consistent with other MEng curricula, correcting an oversight when the program was initially proposed.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

Yes

Required courses

ECE 484 - Principles of Safe Autonomy
ME 445 - Introduction to Robotics
CS 588 - Autonomous Vehicle System Eng

Explain how the inclusion or removal of the courses/subjects listed above impacts the offering departments.

The three departments offering required courses are among the five academic units (Aerospace Engineering, Computer Science, Electrical & Computer Engineering, Industrial & Enterprise Systems Engineering, and Mechanical Science and Engineering) formally collaborating with the Center for Autonomy in offering this concentration. Letters of support are attached. These departments will be compensated via agreed upon MOU's between the Center for Autonomy and each department.

Attach letters of support or acknowledgement from other departments.

Freund-Aero.pdf

Program Regulation and Assessment
Briefly describe the plan to assess and improve student learning, including the program’s learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student's achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

The learning objectives of the proposed Concentration in Autonomy and Robotics include professionally-oriented competence in the application of software systems, electronics, tools for algorithm design and machine learning, and physics-based dynamics, control and sensor systems to the integration of autonomy in robotic systems. The learning objectives will be assessed in the core coursework and through the performance of students in the capstone project professional-development course. Such assessment will be analyzed annually by the Curriculum Oversight Committee to ensure students are receiving the advanced knowledge and skills needed for industry positions in this field. Additional metrics include placement of graduates in relevant careers measured in exit surveys.

Is the career/profession for graduates of this program regulated by the State of Illinois?
No

Program of Study

"Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf). For proposals for new bachelor’s degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

Revised programs MEng in Autonomy & Robotics Side-by-Side.pdf

Attach a side-by-side comparison with the existing program AND, if the revision references or adds “chose-from” lists of courses students can select from to fulfill requirements, a listing of these courses, including the course rubric, number, title, and number of credit hours.

Catalog Page Text - Overview Tab
The Grainger College of Engineering offers a Master of Engineering (MEng) degree program for students whose primary intent is a professional career in industry or government. This degree differs from the Master of Science (MS) degree in that it is a professionally-oriented master's degree that is not a pathway to a doctoral program. The Major in Engineering for the M.Eng. degree requires the selection of an interdisciplinary concentration, which must be identified at the time of application. Available concentrations are:

- Aerospace Systems Engineering
- Autonomy and Robotics
- Energy Systems
- Plasma Engineering
- Railway Engineering

Admission

Students with bachelor's or master's degrees in engineering or related sciences will be considered for admission if they have a grade point average of at least 3.00 (A = 4.00) for the last two years of undergraduate study. Admission is possible for the both the fall and spring semesters. Full details of admission requirements are on the Web page of the department offering the concentration.

All applicants whose native language is not English are required to submit TOEFL or International English Language Testing System (IELTS) scores as evidence of English proficiency. Minimum admission requirements are set by the Graduate College. Higher requirements may be imposed by specific concentrations.

Financial Aid

Students in concentrations under the MEng in Engineering major are not eligible for Board of Trustees (BOT) tuition-waiver generating assistantships at the University of Illinois.

## Program Relationships

### Corresponding Program(s):
**Program Features**

**Academic Level**
Graduate

**Is This a Teacher Certification Program?**
No

**Will specialized accreditation be sought for this program?**
No

**Additional concentration notes (e.g., estimated enrollment, advising plans, etc.)**

During the first three years the program cohorts will consist of 20-25 students. Therefore, advising will primarily be provided by the full-time Program Director. This will involve assisting students with choosing their courses, and dealing with other logistical academic matters that arise. The Director will also organize events to help acclimatize students to their new environment, and indeed continue leading such events throughout the program year; faculty involved with the program may also attend these events. For specific technical advice, students will be able to consult directly with faculty members who are involved with the program. The Director will also help direct students to appropriate University resources. For situations in which students require special support (for instance to deal with personal crises or challenges), the program will utilize the specially trained professional staff in the Office of the Associate Dean for Graduate, Professional and Online Programs.

**Delivery Method**

This program is available:
On Campus - Students are required to be on campus, they may take some online courses.

**Enrollment**

Describe how this revision will impact enrollment and degrees awarded.

no impact

**Budget**

Are there budgetary implications for this revision?
No

Will the program or revision require staffing (faculty, advisors, etc.)?
A full-time Program Director will be hired to manage day-to-day operations and logistics for the MEng program. The Center for Autonomy will fund this position for the first two years. After that the program tuition revenue should be sufficient to cover this salary and other expenses associated with this position.

Financial Resources

How does the unit intend to financially support this proposal?

The unit is requesting self-supporting program status for this degree. Students enrolled in this degree will pay tuition. The Grainger College of Engineering will use some of the graduate tuition dollars returned to the college from the Office of the Vice Provost for Budget and Resource Planning to provide the participating departments with resources needed to support the proposed curriculum. Graduate tuition funds returned to the college from campus are considered state, recurring funds that may be used to fund faculty and lecturer salaries, support instruction, or at the discretion of the participating Department Heads in a manner consistent with campus policy on use of such funds. Additional financial support will be provided in the first three years by the Center for Autonomy in The Grainger College of Engineering.

Will the unit need to seek campus or other external resources?

No

Is this program requesting self-supporting status?

Yes

Resource Implications

Facilities

Will the program require new or additional facilities or significant improvements to already existing facilities?

No

Technology

Will the program need additional technology beyond what is currently available for the unit?

No

Non-Technical Resources

Will the program require additional supplies, services or equipment (non-technical)?
Resources

For each of these items, be sure to include in the response if the proposed new program or change will result in replacement of another program(s). If so, which program(s), what is the anticipated impact on faculty, students, and instructional resources? Please attach any letters of support/acknowledgement from faculty, students, and/or other impacted units as appropriate.

Attach File(s)

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc. Describe how the unit will support student advising, including job placement and/or admission to advanced studies.

The proposed core curriculum is built from courses currently taught (including as special topics classes) in the participating departments, along with electives chosen from courses offered by participating departments or other departments in The Grainger College of Engineering. There is no anticipated impact on faculty resources. The concentration is also strategically aligned with the expansion of The Grainger College of Engineering's footprint in research and education in autonomy and robotics as evidenced by the creation of the Center for Autonomy and by college-wide tenure-track hiring in this area.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

There will be minimal to no impact on the University Library’s resources, collections, and services.

Minimum GPA: 3.0
Dear Prof. Dullerud,

As head of the Department of Aerospace Engineering, based on discussion with departmental leadership I am writing to express the department’s support for the proposed M. Eng. In Engineering with a Concentration in Autonomy and Robotics.

Aerospace Engineering is pleased to jointly sponsor this degree program, which will prepare professionally oriented students to enter the multi-disciplinary and rapidly expanding field of autonomy and robotics. I will encourage our faculty to serve on the Admissions Committee and on the Course Oversight Committee on a reasonable, as-needed basis. The graduate courses that our faculty teach in the area of autonomy and robotics will accept enrollment from qualified students in the proposed degree program.

Thank you for leading this important effort.

Sincerely,

Jonathan Freund
Professor and Head, Aerospace Engineering
February 24, 2020

Dear Geir,

In October 2019, I shared your preliminary proposal with the ECE Advisory Committee and the Associate Department Heads, including the Associate Head for Graduate Affairs, Michael Oelze. Based on the brief discussion, I can report that ECE is pleased to endorse the proposed program, Engineering: Autonomy and Robotics, MEng. The organization, including a standing committee for admission and a standing committee for course oversight, is appropriate. You may want to consider the possibility of allowing each student to affiliate with an academic department. While details of the funding model are yet to be worked out, it will likely involve some portion of funds allocated to academic departments based on the instructional units provided by faculty members from those departments. ECE looks forward to cooperation and collaboration to make this an exciting, successful, model program.

Sincerely,

Bruce Hajek
Head, Department of Electrical and Computer Engineering
Center for Advanced Study Professor of Electrical and Computer Engineering
Hoeft Endowed Chair in Engineering
Professor, Coordinated Science Laboratory
March 31, 2020

Prof. Geir E. Dullerud
W. Grafton and Lillian B. Wilkins Professor in Mechanical Engineering
Director of Decision and Control Laboratory
University of Illinois at Urbana-Champaign

Dear Geir:

The Department of Industrial & Enterprise Systems Engineering (ISE) at the University of Illinois at Urbana-Champaign’s Grainger College of Engineering enthusiastically endorses the proposal for a new M. Eng. In Engineering with a Concentration in Autonomy and Robotics, organized through the Center for Autonomy under the able leadership of Prof. Tim Bretl and you. The ISE Courses and Curriculum Committee (CCC) discussed the proposal at its meeting on March 11, 2020. The CCC voted unanimously in favor of the proposal.

The university enjoys #1 rank in Automation and Control according to the 2019 Shanghai Rankings of World Universities. This program puts together 5 strong departments to offer this unique professionally oriented program at a very timely manner as autonomy is becoming pervasive to our lives. The curriculum is strong and there is a strong demand for such a specialization.

The ISE courses listed from IE and SE rubrics are strong courses for this degree program and have space to accommodate the MEng students at this time. I understand admissions will be done by a joint committee with representatives from each of the 5 CoE departments: ECE, MechSE, Aero, CS, and ISE.

Please don’t hesitate to contact me if I can be of further assistance in this matter.

Sincerely,

Deborah L. Thurston, P.E., Ph.D., ASME Fellow
Gutsgell Professor and Interim Head, Industrial and Enterprise Systems Engineering
Co-Director, The Hoeft Technology and Management Program
Director, Decision Systems Laboratory
October 17, 2019

Dear Professor Dullerud,

As head of the Department of Mechanical Science and Engineering, I offer our department’s full support for the proposed *M.Eng. in Engineering with a Concentration in Autonomy and Robotics*.

The MechSE Department is pleased to jointly sponsor this degree program with the departments of Aerospace Engineering, Computer Science, Electrical and Computer Engineering, and Industrial & Enterprise Systems Engineering. The program will prepare students seeking a professional engineering degree to enter the multidisciplinary field of autonomy and robotics. I commit to providing faculty to serve on the Admissions Committee and the Course Oversight Committee on a reasonable, as-needed basis. The graduate courses that our faculty teach in the area of autonomy and robotics will accept enrollment from qualified students in the proposed degree program.

I am proud that the Department of Mechanical Science and Engineering will play a key role in educating students in this rapidly developing field. Thank you for your endeavors.

Sincerely,

Anthony M. Jacobi
Richard W. Kritzer Distinguished Professor
Department Head, Mechanical Science & Engineering
October 14, 2019

Prof. Geir E. Dullerud
W. Grafton and Lillian B. Wilkins Professor in Mechanical Engineering
Director of Decision and Control Laboratory
University of Illinois at Urbana-Champaign

Dear Geir:

The Department of Industrial & Enterprise Systems Engineering (ISE) at the University of Illinois at Urbana-Champaign’s Grainger College of Engineering enthusiastically endorses the proposal for a new M. Eng. in Engineering with a Concentration in Autonomy and Robotics, organized through the Center for Autonomy under the able leadership of Prof. Tim Bretl and you.

The university enjoys #1 rank in Automation and Control according to the 2019 Shanghai Rankings of World Universities. This program puts together 5 strong departments to offer this unique professionally oriented program at a very timely manner as autonomy is becoming pervasive to our lives. The curriculum is strong and there is a strong demand for such a specialization.

The ISE courses listed from IE and SE rubrics are strong courses for this degree program and have space to accommodate the MEng students at this time. I understand admissions will be done by a joint committee with representatives from each of the 5 CoE departments: ECE, MechSE, Aero, CS, and ISE.

Please don’t hesitate to contact me if I can be of further assistance in this matter.

Sincerely,

Rakesh Nagi, PhD
Donald Biggar Willett Professor of Engineering and Department Head
nagi@illinois.edu
May 31, 2020

Professor Geir Dullerud
W. Grafton and Lillian B. Wilkins Professor in Mechanical Engineering
Director of the Center for Autonomy

The Department of Computer Science enthusiastically endorses the proposed M.Eng. in Engineering with a Concentration in Autonomy and Robotics.

In order to evaluate this new degree program, the proposal was reviewed by the AI Area (responsible for coordinating and overseeing AI teaching and research activities in the Department), the Departmental Graduate Study Committee, the Director of Graduate Studies, Professor Brian Bailey, the Associate Head for Academics, Professor Mahesh Viswanathan, and myself, the Department Head. Additionally, I discussed the matter with the Director of the Center for Autonomy, Professor Geir Dullerud.

The Computer Science Department is excited to jointly sponsor this degree program with the departments of Aerospace Engineering, Electrical and Computer Engineering, Industrial & Enterprise Systems Engineering, and Mechanical Science & Engineering. The Computer Science Leadership is supportive of our faculty participating in the administration of this program, e.g., by serving on the Admissions Committee and the Course Oversight Committee on a reasonable, as-needed basis. The graduate courses that our faculty teach in the area of autonomy and robotics will accept enrollment from qualified students in the proposed degree program.

This is a timely program that will prepare professionally oriented students to enter the multi-disciplinary and rapidly expanding field of autonomy and robotics. The program will take advantage of Illinois’ long standing strength in autonomy and control and will provide more visibility to our strong and growing activity in robotics.

Sincerely,

Nancy M. Amato
Abel Bliss Professor and Head
Department of Computer Science

Proposal Title

Effective Catalog Term
Fall 2022
Provide a brief, concise description (not justification) of your proposal.

Administrative approval to revise the undergraduate minor in statistics

Curricular update to 0329: Statistics Minor, UG

List here any related proposals/revisions and their keys. Example: This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).

Program Justification

Why are these changes necessary?

Updating rubric for Curricular update to 0329: Statistics Minor, UG

Program Regulation and Assessment

Briefly describe the plan to assess and improve student learning, including the program’s learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student’s achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

The courses in this Minor program are a subset of those within the larger and more rigorous Statistics Major program. The Department will continue to monitor Student Learning Outcomes for courses in this Minor program as outlined in our Assessment Plan filed with the Provost’s Office.

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study

“Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf). For proposals for new bachelor’s degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

An undergraduate minor should consist of at least 16 - and no more than 21 hours - of course work, with at least 6 hours of 300- or 400- level courses. Except clearly remedial offerings, prerequisite courses within
the sponsoring unit count towards the total; prerequisite courses outside the sponsoring unit do not count toward this total. The unit sponsoring the minor and that unit’s college may set educationally necessary prerequisites for eligibility for the minor within these constraints. Does this proposal meet these criteria?

Yes

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

Revised programs  Attach a side-by-side comparison with the existing program
                   AND, if the revision references or adds “chose-from” lists of
courses students can select from to fulfill requirements, a listing
                   of these courses, including the course rubric, number, title, and
                   number of credit hours.

Catalog Page Text - Overview Tab

Text for Overview tab on the Catalog Page. This is not official content, it is used to help build the new
catalog page for the program. Can be edited in the catalog by the college or department.

Program Features

Academic Level Undergraduate

Is this minor?
A Comprehensive study in a single discipline

Is This a Teacher Certification Program?
No

Will specialized accreditation be sought for this program?
No

Other than certification via the students’ degree audits, is there any additional planned mechanism to award/honor successful completion of the minor?
No

Delivery Method

This program is available:
On Campus - Students are required to be on campus, they may take some online courses.

Enrollment

Will the department limit enrollment to the minor?
No

Describe how the department will monitor the admission to/enrollment in the minor.

Over the past two years, there are an average of 250 students in the minor each semester, and we predict that it will increase to over 300 students over the next three years. This is a prediction based on current trends in our field and not due to any changes being proposed in this Minor revision. However, we believe these changes will positively affect students seeking to complete the Minor and therefore not adversely affect projected enrollment.

Are there any prerequisites for the proposed minor?

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Advanced Statistical Methods</td>
<td>6</td>
</tr>
</tbody>
</table>

Select two 300- or 400-level STAT courses. STAT courses numbered 409 and above meet this requirement.

Total Hours 17-20

Footnotes:

- Three courses (9-12 hours), including at least one from the Advanced Statistical methods group, must be STAT courses.
Describe how this revision will impact enrollment and degrees awarded.

No impact to unit

**Budget**

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

This is a revision of an existing degree program, and for the most part involves only a shift in enrollments of courses currently offered within the Department.

**Financial Resources**

How does the unit intend to financially support this proposal?

This is a revision of an existing degree program, and for the most part involves only a shift in enrollments of courses offered within the Department already.

Will the unit need to seek campus or other external resources?

No

**Resource Implications**

**Facilities**

Will the program require new or additional facilities or significant improvements to already existing facilities?

No

**Technology**

Will the program need additional technology beyond what is currently available for the unit?

No

**Non-Technical Resources**

Will the program require additional supplies, services or equipment (non-technical)?
Resources

For each of these items, be sure to include in the response if the proposed new program or change will result in replacement of another program(s). If so, which program(s), what is the anticipated impact on faculty, students, and instructional resources? Please attach any letters of support/acknowledgement from faculty, students, and/or other impacted units as appropriate.

Proposal Title

Effective Catalog  Fall 2022
Term

Provide a brief, concise description (not justification) of your proposal.

Administrative approval to revise the concentration in Costume Design and Technology in the BFA in Theatre

Admin Update to remove the specific section associated with THEA 119 in this concentration & add 'repeated for' statements to remove red boxes in degree table, as requested.

List here any related proposals/revisions and their keys. Example: This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).

The 6 concentrations impacted by this revision are: Lighting Design + Technology (key 681); Scenic Design (key 682); Costume Design + Technology (key 680); Scenic Technology (key 683); Sound Design + Technology (key 684); Arts + Entertainment Technology (key 950)

Program Justification

Why are these changes necessary?

Section restrictions will be managed in the course schedule and removing a section requirement tied to THEA 119 in the catalog will allow students to still complete the THEA 119 requirement without restricting their section.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

No

Program Regulation and Assessment
Briefly describe the plan to assess and improve student learning, including the program’s learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student’s achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

See BFA Theatre, key 146.

Student Learning Outcomes
- Demonstrates a mature, effective ability to analyze, interpret, write critically and creatively, and discuss thoughtfully in the field of theatre and performance
- Demonstrates ability to actively engage in the collaborative process in preparation, construction, and performance of works for the stage.
- Demonstrates practical application of learned methodologies including the ability to communicate ideas, concepts, and requirements in order to successfully fulfill a role related to costume design and technology for a stage production
- Demonstrates working knowledge of professional practices across genres of theatre, musical theatre, opera and dance.
- Demonstrates necessary skills and knowledge to acquire an entry-level position in the field of costume design and technology including significant technical mastery, showing the capacity to produce work and solve problems independently.

Assessment
- Instructors in each curricular area review the progress of undergraduate students majoring in the areas annually. As part of this review, faculty assess the effectiveness of the curriculum to meet the department’s mission, the needs of the field, and to maintain rigor.
- Semester reviews with each studio student.
- Annual reviews of progression towards graduation (including course grade reviews.)

Is the career/profession for graduates of this program regulated by the State of Illinois?
No

Program of Study

“Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf). For proposals for new bachelor’s degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

Revised programs
Attach a side-by-side comparison with the existing program AND, if the revision references or adds “chose-from” lists of courses students can select from to fulfill requirements, a listing of these courses, including the course rubric, number, title, and number of credit hours.

Additional concentration notes (e.g., estimated enrollment, advising plans, etc.)

Delivery Method

This program is available:
- On Campus - Students are required to be on campus, they may take some online courses.

Enrollment

Describe how this revision will impact enrollment and degrees awarded.
No impact

Budget

Are there budgetary implications for this revision?
No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?
No

Additional Budget Information
Attach File(s)

Financial Resources

How does the unit intend to financially support this proposal?
No changes to current operations. The BFA is a professional training program in theatre, and as such it generally includes a mix of small, hands-on courses and larger courses offering history and theory, as well as quite large courses for non-majors. Most of the courses submitted for new consideration or revisions in this set of course revisions are of the smaller nature. We have worked extensively with the College of Fine and Applied to assure a responsible use of departmental resources, to allow us to maintain the integrity of degree programs and, at the same time, operate sustainably.
Will the unit need to seek campus or other external resources?
   No

Attach letters of support

Resource Implications

Facilities

Will the program require new or additional facilities or significant improvements to already existing facilities?
   No

Technology

Will the program need additional technology beyond what is currently available for the unit?
   No

Non-Technical Resources

Will the program require additional supplies, services or equipment (non-technical)?
   No

Resources

For each of these items, be sure to include in the response if the proposed new program or change will result in replacement of another program(s). If so, which program(s), what is the anticipated impact on faculty, students, and instructional resources? Please attach any letters of support/acknowledgement from faculty, students, and/or other impacted units as appropriate.

Attach File(s)

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc. Describe how the unit will support student advising, including job placement and/or admission to advanced studies.
   No impact

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.
   Library collections, resources and services are sufficient to support this minimal revision to a Theatre concentration.

### Proposal Title

**Effective Catalog**  Fall 2022  
**Term**  

Provide a brief, concise description (not justification) of your proposal.

Administrative approval to revise the Scenic Technology concentration in the BFA in Theatre

Admin Update to remove the specific section associated with THEA 119 in this concentration & add 'repeated for' statements to remove red boxes in degree table, as requested.

List here any related proposals/revisions and their keys. **Example:** *This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).*

The 6 concentrations impacted by this revision are: Lighting Design + Technology (key 681); Scenic Design (key 682); Costume Design + Technology (key 680); Scenic Technology (key 683); Sound Design + Technology (key 684); Arts + Entertainment Technology (key 950)

### Program Justification

Why are these changes necessary?

Section restrictions will be managed in the course schedule and removing a section requirement tied to THEA 119 in the catalog will allow students to still complete the THEA 119 requirement without restricting their section.

### Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

No

### Program Regulation and Assessment
Briefly describe the plan to assess and improve student learning, including the program’s learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student’s achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

See BFA Theatre, key 146.

Student Learning Outcomes
- Demonstrates practical application of learned methodologies to successfully fulfill a leadership role for a stage production.
- Demonstrate proficiency in technical, managerial and leadership skills required to attain professional, entry-level positions in the live entertainment industry.
- Demonstrate the ability to effectively communicate ideas, concepts and outcomes through the build, load in, tech and performance of a stage production.
- Demonstrate the ability to synthesize independently acquired knowledge through the successful execution of a capstone project.
- Demonstrates the ability to analyze and interpret creative, critical and theoretical works in the field of theatre and performance, both past and present.

Assessment
- Instructors in each curricular area review the progress of undergraduate students majoring in the areas annually. As part of this review, faculty assess the effectiveness of the curriculum to meet the department’s mission, the needs of the field, and to maintain rigor.
- Semester reviews with each studio student.
- Annual reviews of progression towards graduation (including course grade reviews.)

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study

"Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf). For proposals for new bachelor’s degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

Revised programs  Attach a side-by-side comparison with the existing program AND, if the revision references or adds “chose-from” lists of courses students can select from to fulfill requirements, a listing of these courses, including the course rubric, number, title, and number of credit hours.

Catalog Page Text - Overview Tab
Level 21: Design, Technology and Management Concentrations
Level 21 reflects the design, technology and management disciplines in theatre arts. It has seven unique yet inter-related concentrations in: Arts + Entertainment Technology, Costume Design + Technology, Lighting Design + Technology, Scene Design, Scenic Technology, Sound Design + Technology, and Stage Management. Freshman and sophomore students learn the foundations of theatrical production with a focus on acquiring practical skills for application in advanced course work and in theatre productions. Junior and senior students participate in advanced study in their chosen discipline supported by one-on-one faculty mentoring of assigned projects. Students in this area are the designers, technicians, managers, artisans and crew for over a dozen theater, musical theater, dance and opera productions at Krannert Center for the Performing Arts and work on these shows in various roles throughout their entire course of study.

Program Relationships

Corresponding Program(s):
- Theatre, BFA

Program Features

Academic Level: Undergraduate

Is This a Teacher Certification Program?
- No

Will specialized accreditation be sought for this program?
- No

Additional concentration notes (e.g., estimated enrollment, advising plans, etc.)

Delivery Method

This program is available:
- On Campus - Students are required to be on campus, they may take some online courses.

Enrollment

Describe how this revision will impact enrollment and degrees awarded.
- No impact

Budget

Are there budgetary implications for this revision?
- No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?
- No

Additional Budget Information

Attach File(s)
Financial Resources

How does the unit intend to financially support this proposal?

No changes to current operations. The BFA is a professional training program in theatre, and as such it generally includes a mix of small, hands-on courses and larger courses offering history and theory, as well as quite large courses for non-majors. Most of the courses submitted for new consideration or revisions in this set of course revisions are of the smaller nature. We have worked extensively with the College of Fine and Applied to assure a responsible use of departmental resources, to allow us to maintain the integrity of degree programs and, at the same time, operate sustainably.

Will the unit need to seek campus or other external resources?

No

Attach letters of support

Resource Implications

Facilities

Will the program require new or additional facilities or significant improvements to already existing facilities?

No

Technology

Will the program need additional technology beyond what is currently available for the unit?

No

Non-Technical Resources

Will the program require additional supplies, services or equipment (non-technical)?

No

Resources

For each of these items, be sure to include in the response if the proposed new program or change will result in replacement of another program(s). If so, which program(s), what is the anticipated impact on faculty, students, and instructional resources? Please attach any letters of support/acknowledgement from faculty, students, and/or other impacted units as appropriate.

Attach File(s)

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc. Describe how the unit will support student advising, including job placement and/or admission to advanced studies.

No impact
Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this minimal revision to a Theatre concentration.

### Proposal Title

**Effective Catalog**  
**Fall 2022**

**Term**

Provide a brief, concise description (not justification) of your proposal.

Administrative approval to revise the Lighting Design and Technology concentration in the BFA in Theatre

Admin Update to remove the specific section associated with THEA 119 in this concentration & add ‘repeated for’ statements to remove red boxes in degree table, as requested.

List here any related proposals/revisions and their keys. Example: This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).

The 6 concentrations impacted by this revision are: Lighting Design + Technology (key 681); Scenic Design (key 682); Costume Design + Technology (key 680); Scenic Technology (key 683); Sound Design + Technology (key 684); Arts + Entertainment Technology (key 950)

---

### Program Justification

Why are these changes necessary?

Section restrictions will be managed in the course schedule and removing a section requirement tied to THEA 119 in the catalog will allow students to still complete the THEA 119 requirement without restricting their section.

---

### Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

No

---

### Program Regulation and Assessment
Briefly describe the plan to assess and improve student learning, including the program’s learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student’s achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

Student Learning Outcomes

- Demonstrates working knowledge of professional practices across genres of theatre, musical theatre, opera, dance and non-traditional venues and styles of design.
- Gain the practical ability to see their designs come to life from concept through realization by collaborating on current productions with peers, faculty, staff and guest artists.
- Demonstrates necessary skills and knowledge to acquire an entry-level position in the field of lighting design and technology including significant technical mastery, showing the capacity to produce work and solve problems independently.
- Communicate design and production ideas to collaborators through graphic skills, language and research and the ability to analyze and interpret creative, critical and theoretical works.
- Demonstrates the practical application of learned methodologies including the ability to communicate ideas, concepts, and requirements in order to successfully fulfill a role related to lighting design for a stage production.

Assessment

- Instructors in each curricular area review the progress of undergraduate students majoring in the areas annually. As part of this review, faculty assess the effectiveness of the curriculum to meet the department’s mission, the needs of the field, and to maintain rigor.
- Semester reviews with each studio student.
- Annual reviews of progression towards graduation (including course grade reviews.)

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Does this program have inter-departmental administration?
No

Proposal Title

Effective Catalog   Fall 2022
Term

Provide a brief, concise description (not justification) of your proposal.

Admin Update to remove the specific section associated with THEA 119 in this concentration & add 'repeated for' statements to remove red boxes in degree table, as requested.

List here any related proposals/revisions and their keys. Example: This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).

The 6 concentrations impacted by this revision are: Lighting Design + Technology (key 681); Scenic Design (key 682); Costume Design + Technology (key 680); Scenic Technology (key 683); Sound Design + Technology (key 684); Arts + Entertainment Technology (key 950)

Program Justification

Why are these changes necessary?

Administrative approval to revise the Sound Design and Technology concentration in the BFA in Theatre

Section restrictions will be managed in the course schedule and removing a section requirement tied to THEA 119 in the catalog will allow students to still complete the THEA 119 requirement without restricting their section.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

No
Briefly describe the plan to assess and improve student learning, including the program’s learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student’s achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

See BFA Theatre, key 146.

Student Learning Outcomes
- Demonstrates a mature, effective ability to analyze, interpret, write critically and creatively, and discuss thoughtfully in the field of theatre and performance.
- Demonstrates ability to actively engage in the collaborative process in preparation, construction, and performance of works for the stage.
- Demonstrates practical application of learned methodologies including the ability to communicate ideas, concepts, and requirements in order to successfully fulfill a role related to sound design for a stage production.
- Demonstrates working knowledge of professional practices across genres of theatre, musical theatre, opera and dance.
- Demonstrates necessary skills and knowledge to acquire an entry-level position in the field of sound design and technology including significant technical mastery, showing the capacity to produce work and solve problems independently.

Assessment
- Instructors in each curricular area review the progress of undergraduate students majoring in the areas annually. As part of this review, faculty assess the effectiveness of the curriculum to meet the department’s mission, the needs of the field, and to maintain rigor.
- Semester reviews with each studio student.
- Annual reviews of progression towards graduation (including course grade reviews.)

Is the career/profession for graduates of this program regulated by the State of Illinois?
- No

Program of Study

“Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf). For proposals for new bachelor’s degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

Revised programs
- Attach a side-by-side comparison with the existing program
- AND, if the revision references or adds “chose-from” lists of courses students can select from to fulfill requirements, a listing of these courses, including the course rubric, number, title, and number of credit hours.
Text for Overview tab on the Catalog Page. This is not official content, it is used to help build the new catalog page for the program. Can be edited in the catalog by the college or department.

**Program Features**

**Academic Level**: Undergraduate

**Is This a Teacher Certification Program?**
Will specialized accreditation be sought for this program?
No

Additional concentration notes (e.g., estimated enrollment, advising plans, etc.)

Delivery Method
This program is available:
On Campus - Students are required to be on campus, they may take some online courses.

Enrollment
Describe how this revision will impact enrollment and degrees awarded.
No impact

Budget
Are there budgetary implications for this revision?
No
Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?
No

Additional Budget Information
Attach File(s)

Financial Resources
How does the unit intend to financially support this proposal?
No changes to current operations. The BFA is a professional training program in theatre, and as such it generally includes a mix of small, hands-on courses and larger courses offering history and theory, as well as quite large courses for non-majors. Most of the courses submitted for new consideration or revisions in this set of course revisions are of the smaller nature. We have worked extensively with the College of Fine and Applied to assure a responsible use of departmental resources, to allow us to maintain the integrity of degree programs and, at the same time, operate sustainably.

Will the unit need to seek campus or other external resources?
No
Resource Implications

Facilities
Will the program require new or additional facilities or significant improvements to already existing facilities?
No

Technology
Will the program need additional technology beyond what is currently available for the unit?
No

Non-Technical Resources
Will the program require additional supplies, services or equipment (non-technical)?
No

Resources
For each of these items, be sure to include in the response if the proposed new program or change will result in replacement of another program(s). If so, which program(s), what is the anticipated impact on faculty, students, and instructional resources? Please attach any letters of support/acknowledgement from faculty, students, and/or other impacted units as appropriate.

Attach File(s)

Faculty Resources
Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc. Describe how the unit will support student advising, including job placement and/or admission to advanced studies.
No impact

Library Resources
Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.
Library collections, resources and services are sufficient to support this minimal revision to a Theatre concentration.

**KR Dean**

Does this program have inter-departmental administration?

No

---

**Proposal Title**

Effective Catalog Fall 2022

Term

Provide a brief, concise description (not justification) of your proposal.

Administrative approval to revise the Scenic Design concentration in the BFA in Theatre

Admin Update to remove the specific section associated with THEA 119 in this concentration & add 'repeated for' statements to remove red boxes in degree table, as requested.

List here any related proposals/revisions and their keys. *Example: This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).*

The 6 concentrations impacted by this revision are: Lighting Design + Technology (key 681); Scenic Design (key 682); Costume Design + Technology (key 680); Scenic Technology (key 683); Sound Design + Technology (key 684); Arts + Entertainment Technology (key 950)

---

**Program Justification**

Why are these changes necessary?

Section restrictions will be managed in the course schedule and removing a section requirement tied to THEA 119 in the catalog will allow students to still complete the THEA 119 requirement without restricting their section.

---

**Instructional Resources**

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

No

---

**Program Regulation and Assessment**
Briefly describe the plan to assess and improve student learning, including the program’s learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student’s achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

See BFA Theatre, key 146.

Student Learning Outcomes
o Demonstrates a mature, effective ability to analyze, interpret, and discuss creative and theoretical works.

o Demonstrates necessary knowledge of materials, tools, techniques, methodologies, and safe working habits of all essential theatrical production environments.

o Demonstrates practical application of learned methodologies including the ability to communicate ideas, concepts, and requirements in order to successfully fulfill a collaborative role related to scenic design for a stage production.

o Demonstrates working knowledge of professional practices across genres of theatre, musical theatre, and opera.

o Demonstrates necessary skills and knowledge to acquire an entry-level position in the field of scenic design including significant technical mastery, showing the capacity to produce work and solve problems independently.

Assessment
o Instructors in each curricular area review the progress of undergraduate students majoring in the areas annually. As part of this review, faculty assess the effectiveness of the curriculum to meet the department’s mission, the needs of the field, and to maintain rigor.

o Semester reviews with each studio student.

o Annual reviews of progression towards graduation (including course grade reviews.)

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study

“Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf). For proposals for new bachelor’s degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

Revised programs  Attach a side-by-side comparison with the existing program AND, if the revision references or adds “chose-from” lists of courses students can select from to fulfill requirements, a listing of these courses, including the course rubric, number, title, and number of credit hours.

Catalog Page Text - Overview Tab
Level 21: Design, Technology and Management Concentrations

Level 21 reflects the design, technology and management disciplines in theatre arts. It has seven unique yet inter-related concentrations in: Arts + Entertainment Technology, Costume Design + Technology, Lighting Design + Technology, Scene Design, Scenic Technology, Sound Design + Technology, and Stage Management. Freshman and sophomore students learn the foundations of theatrical production with a focus on acquiring practical skills for application in advanced course work and in theatre productions. Junior and senior students participate in advanced study in their chosen discipline supported by one-on-one faculty mentoring of assigned projects. Students in this area are the designers, technicians, managers, artisans and crew for over a dozen theater, musical theater, dance and opera productions at Krannert Center for the Performing Arts and work on these shows in various roles throughout their entire course of study.

KR Dean

Does this program have inter-departmental administration?
Proposal Title

Effective Catalog: Fall 2022

Provide a brief, concise description (not justification) of your proposal.

Administrative approval to revise the Arts and Entertainment concentration within the BFA in Theatre

Admin Update to remove the specific section associated with THEA 119 in this concentration & add 'repeated for' statements to remove red boxes in degree table, as requested.

List here any related proposals/revisions and their keys. Example: This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).

The 6 concentrations impacted by this revision are: Lighting Design + Technology (key 681); Scenic Design (key 682); Costume Design + Technology (key 680); Scenic Technology (key 683); Sound Design + Technology (key 684); Arts + Entertainment Technology (key 950)

Program Justification

Why are these changes necessary?

Section restrictions will be managed in the course schedule and removing a section requirement tied to THEA 119 in the catalog will allow students to still complete the THEA 119 requirement without restricting their section.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

No

## Program Features

**Academic Level**  
Undergraduate

**Is This a Teacher Certification Program?**  
No

**Will specialized accreditation be sought for this program?**  
No

**Additional concentration notes (e.g., estimated enrollment, advising plans, etc.)**

We anticipate to initially role 2-3 students in the first year and enroll 4-6 students in subsequent years. Advising will continue to be offered by Theatre office staff and a designated Chair of Art & Entertainment Technology.

## Delivery Method

This program is available:  
On Campus - Students are required to be on campus, they may take some online courses.

## Enrollment
Describe how this revision will impact enrollment and degrees awarded.

No impact

Budget

Are there budgetary implications for this revision? No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available? No

Additional Budget Information

Attach File(s)

Financial Resources

How does the unit intend to financially support this proposal? No additional financial resources are required beyond what has already been planned by the unit and college to pursue growth within the theatre department.

The BFA is a professional training program in theatre, and as such it generally includes a mix of small, hands-on courses and larger courses offering history and theory, as well as quite large courses for non-majors. Most of the courses submitted for new consideration or revisions in this set of course revisions are of the smaller nature. We have worked extensively with the College of Fine and Applied to assure a responsible use of departmental resources, to allow us to maintain the integrity of degree programs and, at the same time, operate sustainably. The department has specifically worked with the college and determined that the AET program will allow us to recruit additional new undergraduates with current staffing as part of a comprehensive strategic plan for responsible growth.

Will the unit need to seek campus or other external resources? No

Attach letters of support

Resource Implications

Facilities

Will the program require new or additional facilities or significant improvements to already existing facilities? No
Technology

Will the program need additional technology beyond what is currently available for the unit?

No

Non-Technical Resources

Will the program require additional supplies, services or equipment (non-technical)?

No

Resources

For each of these items, be sure to include in the response if the proposed new program or change will result in replacement of another program(s). If so, which program(s), what is the anticipated impact on faculty, students, and instructional resources? Please attach any letters of support/acknowledgement from faculty, students, and/or other impacted units as appropriate.

Attach File(s)

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc. Describe how the unit will support student advising, including job placement and/or admission to advanced studies.

No impact

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this minimal revision to a Theatre concentration.

**KR Dean**

Does this program have inter-departmental administration? No
Proposal Title

Effective Catalog Fall 2022

Term

Provide a brief, concise description (not justification) of your proposal.

Administrative approval to revise the Painting concentration within the BFASA in Studio Art

Correcting 3 missed requirements in concentration, which are currently listed as electives. Also removing footnote for accessibility.

List here any related proposals/revisions and their keys. Example: This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).

Program Justification

Why are these changes necessary?

ARTS 454 Advanced Drawing, ARTS 455 Advanced Painting, and ARTS 499 Special Topics in Studio Art are meant to be requirements in this concentration and not solely electives. The degree table is built in this fashion to be consistent with NASAD and other studio art concentrations.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

No

Program Regulation and Assessment

Briefly describe the plan to assess and improve student learning, including the program’s learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student’s achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

Is the career/profession for graduates of this program regulated by the State of Illinois?

No
Program of Study

"Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses" (source: https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

Revised programs BFASA Painting edits Mar 2022.docx
Attach a side-by-side comparison with the existing program
AND, if the revision references or adds “chose-from” lists of courses students can select from to fulfill requirements, a listing of these courses, including the course rubric, number, title, and number of credit hours.

**Total Hours:** 43-46

1May be repeated to a maximum of 6 hours.

## Program Features

**Academic Level:** Undergraduate

**Is This a Teacher Certification Program?** No

**Will specialized accreditation be sought for this program?** No

**Additional concentration notes (e.g., estimated enrollment, advising plans, etc.)**

## Delivery Method

This program is available:

- On Campus - Students are required to be on campus, they may take some online courses.

## Enrollment

Describe how this revision will impact enrollment and degrees awarded.

No impact
Budget

Are there budgetary implications for this revision?
No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?
No

Additional Budget Information
Attach File(s)

Financial Resources

How does the unit intend to financially support this proposal?

Will the unit need to seek campus or other external resources?
No

Attach letters of support

Resource Implications

Facilities

Will the program require new or additional facilities or significant improvements to already existing facilities?
No

Technology

Will the program need additional technology beyond what is currently available for the unit?
No

Non-Technical Resources

Will the program require additional supplies, services or equipment (non-technical)?
No

Resources

For each of these items, be sure to include in the response if the proposed new program or change will result in replacement of another program(s). If so, which program(s), what is the anticipated impact on faculty, students, and instructional resources? Please attach any letters of support/acknowledgement from faculty,
students, and/or other impacted units as appropriate.

Attach File(s)

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc. Describe how the unit will support student advising, including job placement and/or admission to advanced studies.

No impact

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this revision.

KR Dean

Does this program have inter-departmental administration?

No

Proposal Title

Effective Catalog Fall 2022
Administrative approval to revise the BFA in Graphic Design

Admin edit to clarify that Art + Design courses are defined by the rubrics: ARTS, ARTD, ARTE, ARTH, or ARTJ.

List here any related proposals/revisions and their keys. Example: This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).

This BFA proposal (key 140) is related to the BFA ID proposal (key 141) and BFA AE proposal (key 137).

Program Justification

Why are these changes necessary?
   So the degree audit can correctly capture the intended rubrics which fulfill this category.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?
   No

Does the program include other courses/subjects impacted by the creation/revision of this program?
   No

Open electives as needed to total a minimum of 122 hours.
**Degree**

**Program Features**

Academic Level: Undergraduate

Does this major have transcripted concentrations? **No**

What is the typical time to completion of this program? **4 years**

What are the minimum Total Credit Hours required for this program? **122 hours**

CIP Code: 500404 - Industrial and Product Design.

Is This a Teacher Certification Program? **No**

Will specialized accreditation be sought for this program? **No**

**Delivery Method**

This program is available:
- On Campus - Students are required to be on campus, they may take some online courses.

**Admission Requirements**

Desired Effective Admissions Term: **Fall 2022**

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Describe how critical academic functions such as admissions and student advising are managed.

**Enrollment**

Describe how this revision will impact enrollment and degrees awarded.

No impact.

Estimated Annual Number of Degrees Awarded

Year One Estimate: **No**
What is the matriculation term for this program?
Fall

Budget

Are there budgetary implications for this revision?
No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?
No

Additional Budget Information

Attach File(s)

Financial Resources

How does the unit intend to financially support this proposal?

Will the unit need to seek campus or other external resources?
No

Attach letters of support

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?
No

Resource Implications

Facilities

Will the program require new or additional facilities or significant improvements to already existing facilities?
No

Technology
Will the program need additional technology beyond what is currently available for the unit?

No

Non-Technical Resources

Will the program require additional supplies, services or equipment (non-technical)?

No

Resources

For each of these items, be sure to include in the response if the proposed new program or change will result in replacement of another program(s). If so, which program(s), what is the anticipated impact on faculty, students, and instructional resources? Please attach any letters of support/acknowledgement from faculty, students, and/or other impacted units as appropriate.

Attach File(s)

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc. Describe how the unit will support student advising, including job placement and/or admission to advanced studies.

No impact.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this program revision.

List the role for rollbacks (which role will edit the proposal on questions from EPC, e.g., Dept Head or Initiator) and/or any additional stakeholders. Purpose: List here who will do the editing work if proposal needs rolled back. And any other stakeholders.

KR Dean
Does this program have inter-departmental administration?

No

Proposal Title

Effective Catalog  Fall 2022

Term

Provide a brief, concise description (not justification) of your proposal.

Administrative approval to revise the BFA in Art Education

Admin edit to clarify that Art + Design courses are defined by the rubrics: ARTS, ARTD, ARTE, ARTH, or ARTJ. Also removing footnote for accessibility.

List here any related proposals/revisions and their keys. Example: This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).

This BFA proposal (key 137) is related to the BFA ID proposal (key 141) and BFA GD proposal (key 140).

Program Justification

Why are these changes necessary?

So the degree audit can correctly capture the intended rubrics which fulfill this category.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

No

Program Regulation and Assessment

Briefly describe the plan to assess and improve student learning, including the program’s learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student’s achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

Is the career/profession for graduates of this program regulated by the State of Illinois?

No
Program of Study

"Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses" (source: https://www.ibhe.org/assets/files/PrivateAdminRules2017.pdf). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

Revised programs Attach a side-by-side comparison with the existing program AND, if the revision references or adds “chose-from” lists of courses students can select from to fulfill requirements, a listing of these courses, including the course rubric, number, title, and number of credit hours.

Catalog Page Text - Overview Tab

Text for Overview tab on the Catalog Page. This is not official content, it is used to help build the new catalog page for the program. Can be edited in the catalog by the college or department.

Does this program have inter-departmental administration?
Proposal Title

Effective Catalog  Fall 2022

Term

Provide a brief, concise description (not justification) of your proposal.

Administrative approval to revise the Kinesiology, BS

List here any related proposals/revisions and their keys. Example: This BS proposal (key 567) is related to the Concentration A proposal (key 145) and the Concentration B proposal (key 203).

This is related to the JP: Kinesiology, BS & Epidemiology, MPH key= 1051

Program Justification

Why are these changes necessary?

KIN 201 was approved as a General Education course (Quantitative Reasoning II) in May of 2020. This proposal would update the Programs of Study catalog to reflect this change.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does the program include other courses/subjects impacted by the creation/revision of this program?

No

Program Regulation and Assessment

Briefly describe the plan to assess and improve student learning, including the program’s learning objectives; when, how, and where these learning objectives will be assessed; what metrics will be used to signify student’s achievement of the stated learning objectives; and the process to ensure assessment results are used to improve student learning. (Describe how the program is aligned with or meets licensure, certification, and/or entitlement requirements, if applicable).

The course will be monitored each semester via ICES scores, and will be monitored annually to ensure it continues to meet General Education requirements.

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study

*Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60
All proposals must attach the new or revised version of the Academic Catalog program of study entry. Contact your college office if you have questions.

Revised programs  

Attach a side-by-side comparison with the existing program

AND, if the revision references or adds “chose-from” lists of courses students can select from to fulfill requirements, a listing of these courses, including the course rubric, number, title, and number of credit hours.

Catalog Page Text - Overview Tab

Text for Overview tab on the Catalog Page. This is not official content, it is used to help build the new catalog page for the program. Can be edited in the catalog by the college or department.

Statement for Programs of Study Catalog

Requirements Including General Education

The Kinesiology Program requires that General Education requirements must be selected from the Campus General Education course list. The prescribed courses prepare the student for upper division study and may be used to satisfy General Education requirements provided they are on the appropriate General Education list. Specifically required General Education courses are listed below.

1 Students pursuing teacher licensure must complete PSYC 100%7C or PSYC 103%7C in addition to KIN 259.

2 Courses in cultural studies may be completed through other categories where appropriate.

Fulfills University General Education Requirements

Yes

Attach letters of support

What tuition rate do you expect to charge for this program? e.g., Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?  
Yes

Resource Implications

Facilities

Will the program require new or additional facilities or significant improvements to already existing facilities?  
Yes

Technology

Will the program need additional technology beyond what is currently available for the unit?  
Yes

Non-Technical Resources

Will the program require additional supplies, services or equipment (non-technical)?  
Yes
Resources

For each of these items, be sure to include in the response if the proposed new program or change will result in replacement of another program(s). If so, which program(s), what is the anticipated impact on faculty, students, and instructional resources? Please attach any letters of support/acknowledgement from faculty, students, and/or other impacted units as appropriate.

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc. Describe how the unit will support student advising, including job placement and/or admission to advanced studies.

This proposal has no impact on faculty resources. KIN 201 is already being taught and can accommodate any additional students who may enroll.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

There is no impact on library resources.

Senate Approval Date
Senate Conference
Suiwen Zou (szou) (03/04/21 10:07 pm): This program change request a minor change to the Kinesiology's program of study. No budgetary implications or impacts on enrollment are anticipated. I have no concerns.

Justin Aronoff (jaronoff) (03/05/21 12:51 am): Please include a side-by-side comparison between the current and proposed program. Additionally, KIN 140 and 259 are listed both in the General Education and supporting coursework section and in the Kinesiology Core section. Similarly, KIN 201 is suggested in the General Education and supporting coursework section and required in the Kinesiology Core section. It appears that these are double counted in the table listing the total hours (although I count 52 hours in the listed courses in the General Education and supporting coursework section but only 49 is listed in the table listing the total hours).

Naiman Khan (nakhan2) (03/05/21 5:25 am): I do not have any additional comments to those stated above.

Mary Flaherty (maryflah) (03/05/21 8:35 am): I agree that the proposal needs to include side-by-side comparison between the current and proposed program. I have no additional concerns.

Reggie Alston (alston) (03/10/21 1:44 pm): Rollback: Hi Kristi, This proposal requires minor edits. See Justin Aronoff’s suggestions below. Please address quickly and return to me for approval. Thanks.

Kristi Carlson (carlso1) (03/17/22 2:55 pm): Side-by-side comparison has been provided, with the change highlighted. Summary of degree requirements was removed so hours of general education and supporting coursework is no longer listed.

Deb Forgacs (dforgacs) (03/17/22 3:31 pm): Rollback: requested

Kathy Martensen (kmartens) (04/15/22 2:04 pm): Administrative approval: Doesn't change total hours required; doesn't restrict student choice.
## Current Program of Study

| Communication Arts |  
|--------------------|---|
| Composition I and an approved speech performance course; or CMN 111 and CMN 112 | 6 or 7 |
| Advanced Composition (KIN 340 fulfills requirement) | 3 |
| Behavioral and Social Sciences |  
| KIN 140 | Social Sci of Human Movement (Social Science) | 3 |
| KIN 259 | Motor Development and Control (Behavioral Science) | 3 |
| Natural Sciences |  
| KIN 150 | Bioscience of Human Movement (Life Science) | 3 |
| Cultural Studies (may be completed through other categories) |  
| From the approved campus list | 3 |
| From Non-Western Cultures approved campus list | 3 |
| From U.S. Minority Cultures approved campus list | 3 |
| Foreign Language | 0-15 |
| Completion through the third level of the same language in high school or college |  
| Anatomy and Physiology |  
| MCB 244 | Human Anatomy & Physiology I | 5 |
| MCB 245 | and Human Anat & Physiol Lab I |  |
| MCB 246 | Human Anatomy & Physiology II | 5 |
| MCB 247 | and Human Anat & Physiol Lab II |  |
| Kinesiology and Community Health Department Core |  
| CHLH 101 | Introduction to Public Health | 3 |
| KIN 122 | Physical Activity and Health | 3 |
| Kinesiology Core Requirements |  
| KIN 125 | Orientation KIN & Comm Health | 1 |
| KIN 140 | Social Sci of Human Movement (Gen Ed) | 3 |
| KIN 150 | Bioscience of Human Movement (Gen Ed) | 3 |
| KIN 201 | Physical Activity Research Methods (Gen Ed) | 3 |
