List the program's student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

The minor in art history is designed for undergraduates who seek to study art history as a complement to their major area of study. Upon successful completion of the Art History Minor, students should be able to:

- 1. Approach art and visual culture with a critical lens.
- 2. Think, speak, and write with an understanding of art's rich cultural histories.
- 3. Think, speak, and write with an understanding of the potential intersectionality of art and visual culture with other fields of study.
- 4. Understand how art and visual culture affects the social world.

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

Identify faculty expectations for students' achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Art History courses will be evaluated by the Program every three years to ensure that they continue to meet program learning objectives and that any adjustments needed to improve student learning are made in a timely manner.

#### Program Justification

Provide a brief description of what changes are being made to the program.	<ol> <li>Move departmental distinction text from degree requirements to catalog text.</li> <li>Add minimum hours for graduation text to top of degree requirements.</li> <li>Add ARTS and ARTD as rubrics for first History of Art requirement.</li> <li>Remove 5 deactivated courses from program of study (AFRO/ENGL 272, AFST 266, HIST 360, HIST 375, HIST 376).</li> </ol>
	<ul> <li>5-Input lists of Art History courses into category designations.</li> <li>6-Add advisor approval to allow other courses to meet 18 hrs of ARTH major requirements.</li> <li>7-Change ARTH seminar requirements from a list to ARTH 495, taken twice (no change in hours)</li> </ul>
	<ul> <li>8-Supp Humanities courses listed moved from separate table into degree requirements table.</li> <li>9-Added LAS 101 and alternative coursework to fulfill the university's orientation requirement.</li> </ul>

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

<u>No</u>

#### Why are these changes necessary?

1. Move departmental distinction text from degree requirements to catalog text since it is informative and not related to requirements

2. Adding recommended text for minimum degree hours and advanced hours as required by IBHE.

3. Listing the rubrics for studio arts and graphic/industrial design provides clarity for students to find the appropriate courses.

4. The deactivated courses were deactivated but still listed in program of study, creating red box course not found errors. All are removed.

5. The previous program instructed students to find Art History courses in categories. By providing the lists of courses, it increases the clarity for students to find the courses which will fulfill those categories.

6. Add "Other courses may be approved in consultation with the advisor" to end of category lists to allow special topics/seminars, when applicable and offered, to be approved toward categories.

7. The 2, 400-level ARTH seminars previously had a short list and has now been changed to one specific seminar, ARTH 495, which will have rotating topics and is taken twice. The short list wasn't often reflective of the seminars offered and the program has determined seminar selection should occur through one designated course.

8. Office of the provost requested the History of Art-List of Supplemental Humanities courses be moved into the rest of the degree requirements

9. Due to new guidance from campus for student transparency and clarity, we are also adding the required college orientation course into the POS.

40 hour upper division/advanced course requirement Two (2) seminars in ARTH 495- 6 hours 36 hours of other major courses or free electives

#### Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

Does this new program/proposed change result in the replacement of another program?

No

Dear Nicole,

Please accept my apologies for this slow response to your emails. Apologies aside, yes, EALC enthusiastically supports EALC/ARTH 212 and EALC/ARTH 320 being included as part of the BSLAS History of Art major as two of six course options to complete the category on Asia.

To this email, I have copied Naoko Gunji, who teaches these two courses, so that she also aware of this proposal and my support for it.

I assume this email will suffice as the letter of approval, but if you need a letter on department letterhead or the like, please let me know.

Thank you!

Rod

Professor Williams,

For us to proceed with our curricular changes, I am asking for a letter of support to allow us to include these courses. For the letter, you can simply reply to this email and state that you approve the addition of these courses in the BALAS program revision.

Hello Nicole,

Approved.

One note, for planning purposes: LA 222 won't be offered this year; Dede Ruggles will be on sabbatical this spring. Going forward, I believe she would like to offer it every other year. It's a course Dede put together and for which no one else in our department has the requisite expertise, so our ability to offer it depends entirely on her availability.

With all best wishes,

David

I am writing on behalf of the BALAS History of Art, which is undergoing a program revision. The revision adds category lists, one of which includes the addition of ARTH 219, which is cross-listed with LA 222 and LA has ownership of the course. I believe the impact on the Landscape Architecture courses should be minimal (there is one currently declared BALAS History of Art major).

I am writing to request a letter of support on behalf of the Art History minor, which is undergoing a program revision. The revision includes the removal of LA 218 and 220 (which were deactivated), removal of LA 222 (the cross-listing of ARTH 219 owned by ARTH is still included), and removals of LA 314, LA 315, and LA 242 (no longer desired to be included in minor). Thus, I believe the impact on the Landscape Architecture courses should be minimal.

Professor Williams,

I am writing on behalf of the BFA Art & Art History major and BALAS History of Art, which are undergoing program revisions. The revision includes the removal of CLCV 231/ARTH 217 Development of Ancient Cities, a cross-listed course with ownership in CLCV. This change is due to the department of Art History requesting that the cross-listing with ARTH 217 be removed. You will shortly receive an email from the CIM (course information management) system requesting the removal of the ARTH cross-listing for this course.

For us to proceed with our curricular changes, I am asking for a letter of support to allow us to include these revisions that impact Classics.
