Term

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberals Art and Sciences, include the Graduate College for Grad Programs)

Revise the Master of Business Administration in Business Administration in the Gies College of Business and the Graduate College
Program Justification

Provide a brief description of what changes are being made to the program.

Proposing updates to the Business Administration, MBA - Online (iMBA) which include (1) the addition of an elective course option, (2) the ability to fulfill 12 hours of elective credit by completing an approved Graduate Certificate from a partnering unit, and (3) stating that a maximum of 12 credit hours may be taken from outside of Gies College of Business. The total credit hours required remains unchanged.

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

No

Why are these changes necessary?

(1) MBA 548 (Global Strategy) is an existing focus area course that like all other existing focus area courses is available as a standalone elective course option. This course was inadvertently omitted in a prior revision.

(2) As additional units establish Graduate Certificates, Gies desires to allow learners to pursue Graduate Certificate programs approved as partnering programs by Gies as elective coursework. Expanding content access to relevant Graduate Certificates from partnering units provides Gies learners with additional options and creates value for the program via differentiation.

(3) It is necessary to establish and explicitly state the maximum number of credit hours that may be taken outside of Gies College of Business.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes
Courses outside of the sponsoring department/interdisciplinary departments

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

_Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping._

List the program’s student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

Learning objectives:

1. Understand the core business functions and the foundational skills needed to integrate these functions into an organization.
2. Demonstrate critical thinking, employing appropriate analytical models and apply reasoning to evaluate evidence, select among alternatives, and generate creative options.
3. Determine the effectiveness with which goals are defined and achieved in team environments, assess the contributions made by themselves as well as by their peers within those environments, and to identify and resolve conflicts.

These learning objectives will continue to be assessed in alignment with the campus and college AACSB accreditation plans.

Describe how, when, and where these learning outcomes will be assessed.

Describe here:
Identify faculty expectations for students’ achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

RE: Gies College of Business’ Business Administration, MBA - Online (iMBA) and JP: Business Administration, MBA (iMBA) and Accountancy, MS (iMSA); adding Graduate Certificate (CERT) in Agribusiness and Sustainable Food Production Economics as an approved Graduate Certificate for a Focus Area or elective course

The College of ACES supports the efforts of the Gies College of Business to add the Graduate Certificate (CERT) in Agribusiness and Sustainable Food Production Economics as an approved Graduate Certificate for a Focus Area or elective course options to the Business’ Business Administration, MBA - Online (iMBA) and JP: Business Administration, MBA (iMBA) degrees and Accountancy, MS (iMSA).

As a graduate certificate option for learners in these degree programs, the Gies College of Business and College of ACES will attract new learners who are in demand of agribusiness related courses and the iMBA and iMBA+iMSA degrees. The College of ACES supports the efforts of the Gies College of Business to collaborate across colleges to allow students who apply to, are admitted, and who successfully complete the Graduate Certificate in Agribusiness and Sustainable Food Production Economics the opportunity to stack the associated credits as elective hours to the iMBA, iMSM, and iMSA degree programs.

This interdisciplinary effort to create graduate certificates that stack toward advanced degrees aligns with the strategic goals and priorities of the University of Illinois. We fully support and are excited to engage with the Gies College of Business to create new educational pathways for learners through this collaborative effort.
