Senate committees are authorized to act for and in the name of the Senate on minor matters. Below is a listing of the administrative approvals the Senate Committee on Educational Policy approved at its meeting on February 12. For each program listing, there is no change to the total hours required. Additional information for each approval is attached.

A. Graduate Programs
1. **Revise the Concentration in Business Data Analytics in the Gies College of Business and the Graduate College** – revises course number due to renumbering and removes 3 corresponding programs that are no longer enrolling students.
2. **Revise the Master of Science in Bioengineering in the Grainger College of Engineering and the Graduate College** – removes 17 of the 21 hours of previously required BIOE 500-level coursework, increases technical elective hours selected in consultation with advisor, creates a new category of courses titled fundamental electives, and creates subcategories to provide clearer guidance to students about coursework they should take to fulfill degree requirements.
3. **Revise the Master of Education in Elementary Education in the College of Education and the Graduate College** – revises the Psychological Foundations course list to expand the course selection from 12 course list to any 400 level course in EPSY or EPSY 553; adds two additional course options to the Philosophical and Social Foundation list; revises the Program of Study table to remove phrase regarding 400/500 level hours required, moves the 12 hours of 500 level requirement statement to Other Requirements, removes the word Research from the statement ‘Research/Project/Independent Study Hours’, and moves the link from the Field Placement text in the Program of Study table to the Catalog Page text; and adds the statement “Master’s degree students must take at least one course outside of their degree-granting department.”
4. **Revise the Certificate of Advanced Study in Curriculum and Instruction in the College of Education and the Graduate College** – revises the Psychological Foundations course list to expand the course selection from 12 course list to any 400 level course in EPSY or EPSY 553; adds two additional course options to the Philosophical and Social Foundation list; revises the Program of Study table to remove phrase regarding 400/500 level hours required, moves statement requiring 12 credit hours of 500-level credit to Other Requirements, moves the row for Thesis Research to be above Electives, and electives hours changes
because thesis was moved out of the Elective section; adds the statement “Master’s degree students must take at least one course outside of their degree-granting department.”

6. **Revise the Master of Science in Curriculum and Instruction in the College of Education and the Graduate College** - revises the Psychological Foundations course list to expand the course selection from 12 course list to any 400 level course in EPSY or EPSY 553; adds two additional course options to the Philosophical and Social Foundation list; revises the Program of Study table to remove phrase regarding 400/500 level hours required, moves statement requiring 12 credit hours of 500-level credit to Other Requirements, moves the row for Thesis Research to be above Electives, and electives hours change because thesis was moved out of the Elective section; adds the statement “Master’s degree students must take at least one course outside of their degree-granting department.”

7. **Revise the Master of Education in Early Childhood Education in the College of Education and the Graduate College** - revises the Psychological Foundations course list to expand the course selection from 12 course list to any 400 level course in EPSY or EPSY 553; adds two additional course options to the Philosophical and Social Foundation list; revises the Program of Study table to remove phrase regarding 400/500 level hours required, moves statement requiring 12 credit hours of 500-level credit to Other Requirements, removes the word Research from the statement ‘Research/Project/Independent Study Hours’, and moves the Field Placement text link from POS table to Catalog Page text; adds the statement “Master’s degree students must take at least one course outside of their degree-granting department.”

8. **Revise the Master of Education in Education Policy, Organization & Leadership in the College of Education and the Graduate College** - revises the Psychological Foundations course list to expand the course selection from 12 course list to any 400 level course in EPSY or EPSY 553; adds two additional course options to the Philosophical and Social Foundation list; adds the statement “Master’s degree students must take at least one course outside of their degree-granting department.”; moves the requirement for minimum number of 500-level hours to the Other Requirements section, and revises the coursework hours listed in POS for clarity.

9. **Revise the Master of Arts in Education Policy, Organization & Leadership in the College of Education and the Graduate College** - revises the Psychological Foundations course list to expand the course selection from 12 course list to any 400 level course in EPSY or EPSY 553; adds two additional course options to the Philosophical and Social Foundation list; revises the Program of Study table to move the minimum number of 500 level hours statement to Other Requirements, moves the Thesis requirement row above coursework, revises number of coursework hours accordingly, and removes thesis note from coursework row; and adds the statement “Master’s degree students must take at least one course outside of their degree-granting department.”

10. **Revise the Master of Education in Educational Psychology in the College of Education and the Graduate College** - revises the Psychological Foundations course list to expand the course selection from 12 course list to any 400 level course in EPSY or EPSY 553; adds two additional course options to the Philosophical and Social Foundation list; revises the Program of Study table to remove the 400/500 hours required, moves the 500 level requirement to Other Requirements, removes the word Research from the statement ‘Research/Project/Independent Study Hours’; and adds the statement “Master’s degree students must take at least one course outside of their degree-granting department.”

11. **Revise the Master of Arts in Educational Psychology in the College of Education and the Graduate College** - revises the Psychological Foundations course list to expand the course selection from 12 course list to any 400 level course in EPSY or EPSY 553; adds two additional course options to the Philosophical and Social Foundation list; revises the Program of Study table to remove the 400/500 hours
required, moves the 500 level requirement to Other Requirements, and moves the thesis requirement row above Elective header; and adds the statement “Master’s degree students must take at least one course outside of their degree-granting department.”

12. **Revise the Master of Arts in Educational Psychology in the College of Education and the Graduate College** - revises the Psychological Foundations course list to expand the course selection from 12 course list to any 400 level course in EPSY or EPSY 553; adds two additional course options to the Philosophical and Social Foundation list; revises the Program of Study table to move the 500 level requirement to Other Requirements, moves the thesis requirement row, adjusts the coursework hours accordingly; and adds the statement “Master’s degree students must take at least one course outside of their degree-granting department.”

List the role for rollbacks (which role will edit the proposal on questions from EPC, e.g., Dept Head or Initiator) and/or any additional stakeholders. Purpose: List here who will do the editing work if proposal needs rolled back. And any other stakeholders.

Does this program have inter-departmental administration?
- No

Proposal Title

Effective Catalog Spring 2024

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberals Art and Sciences, include the Graduate College for Grad Programs)

Revise the Concentration in Business Data Analytics in the Gies College of Business and the Graduate College

Does this proposal have any related proposals that will also be revised during the next 6 weeks? Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently. Example: If you are revising the BS proposal and one related concentration within the next 6 weeks, "This BS proposal (key 567) is related to the Concentration A proposal (key 145)."
Program Justification

Provide a brief description of what changes are being made to the program.

Revising course number due to renumbering - FIN 510 was revised to FIN 550. We are also removing corresponding programs that are no longer enrolling students.

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

No

Why are these changes necessary?

Revising course number, as FIN 510 was renumbered to FIN 550 effective FALL 2022. We are also removing programs that no longer enroll students.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

No

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.
List the program's student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

1. Identify research questions to be answered by data
   * Identify and frame the business situation
   * Specify the problem/question/hypothesis
   * Plan the analytics approach

2. Source Data
   * Plan data sourcing activities
   * Identify Data Sources
   * Perform data setup, access and preparation

3. Analyze Data
   * Perform exploratory analysis
   * Select and apply causal and predictive models
   * Evaluate and adjust analysis process to answer the research question

4. Interpret/Report Results
   * Identify research questions to be answered by data
   * Identify and frame the business situation
   * Specify the problem/question/hypothesis
   * Plan the analytics approach

2. Source Data
   * Plan data sourcing activities
   * Identify Data Sources
   * Perform data setup, access and preparation

3. Analyze Data
   * Perform exploratory analysis
   * Select and apply causal and predictive models
   * Evaluate and adjust analysis process to answer the research question

4. Interpret/Report Results
   * Derive insights from the analysis and create a narrative with visualizations to communicate the recommendations

The courses for this concentration will be reviewed as part of the overall graduate programs annual review of learning outcomes and AACSB reporting.

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

The courses for this concentration will be reviewed as part of the overall graduate programs annual review of learning outcomes and AACSB accreditation and reporting.

Identify faculty expectations for students’ achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.
Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

The courses for this concentration will be reviewed as part of the overall graduate programs annual review of learning outcomes and AACSB accreditation and reporting.

Program
Description and Requirements
Attach Documents

Is the career/profession for graduates of this program regulated by the State of Illinois?
No

Program of Study

Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PublicAdminRules2017.pdf). For proposals for new bachelor’s degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

Revised programs Attach a revised Sample Sequence (for undergraduate program) or college-level forms.

Catalog Page Text - Overview Tab

Description of program for the catalog page. This is not official content, it is used to help build the new catalog page for the program. Can be edited in the catalog by the college or department.

Business Data Analytics Concentration for the Graduate Concentration in Business Data Analytics

The concentration in Business Data Analytics is designed to develop managers who understand how to leverage data to innovate and make decisions.

The concentration is open to students enrolled in Management, MS, Technology Management, MS, Business Administration, MS Business Administration, MBA (full-time) Business Administration, MBA (part-time)

This concentration requires twelve graduate hours of Business Data Analytics coursework. Successful completion of the concentration assumes certain knowledge of business and prior coursework.

Admission to the concentration requires a Graduate Student Request Form submitted to the Department and Graduate College and enrollment in a Gies College of Business graduate program or other graduate approved for the concentration. Admission is limited, and acceptance is considered based on a student's academic standing and space availability.

Program Features

Academic Level

Graduate

Is This a Teacher Certification Program?

No

Will specialized accreditation be sought for this program?

No

Additional concentration notes (e.g., estimated enrollment, advising plans, etc.):

This proposed change lists will allow the correct course numbers for students more flexibility in selecting courses to meet the required courses within this requirements of the Business Data Analytics concentration.

Delivery Method

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

n/a
Budget

Are there budgetary implications for this revision? No
Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available? No

Additional Budget Information
There are no additional budgetary needs for making these changes to the concentration.

Attach File(s)

Financial Resources

How does the unit intend to financially support this proposal? The classes are already offered and supported by existing faculty; advising is also already supported by staff in the graduate programs office.

Will the unit need to seek campus or other external resources? No

Attach letters of support

Is this program requesting self-supporting status? No

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

n/a

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this revision.

No

Proposal Title

Effective Catalog      Fall 2024
Term

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberals Art and Sciences, include the Graduate College for Grad Programs)

Revise the Master of Science in Bioengineering in the Grainger College of Engineering and the Graduate College

Does this proposal have any related proposals that will also be revised during the next 6 weeks? Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently. Example: If you are revising the BS proposal and one related concentration within the next 6 weeks, "This BS proposal (key 567) is related to the Concentration A proposal (key 145)."

This MS-Bioengineering proposal (key 45) is related to the PhD-Bioengineering proposal (key 41).

Program Justification

Provide a brief description of what changes are being made to the program.

Bioengineering, MS (Proposed Revisions) - Thesis Option
1. Remove 17 of the 21 hours of previously required BIOE 500-level coursework (BIOE 501, 504, 505, 506, 507).
2. Increase technical elective hours selected in consultation with their advisor from 7 hours to 12 hours. (+5 hours)
3. Create a new category of courses titled fundamental electives (+12 hours).
4. Subcategories were created (professional development, thesis research, technical elective courses, and fundamental courses).

Bioengineering, MS (Proposed Revisions) - Non-Thesis
1. Remove 17 of the 21 hours of previously required BIOE 500-level coursework (BIOE 501, 504, 505, 506, 507).
2. Increase technical elective hours selected in consultation with their advisor from 19 hours to 24 hours. (+5 hours)
3. Create a new category of courses titled fundamental electives (+12 hours).
4. Subcategories were created (professional development, technical elective courses, and fundamental courses).

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

Yes
Why are these changes necessary?

Bioengineering, MS (Proposed Revisions) - Thesis Option

1. We have deducted 17 course credit hours from the initial category grouping of courses, which has been renamed as "professional development." These hours have been shifted away from the professional development category, and certain options that were formerly part of this category, such as BIOE 504 and 505, are now available within the fundamental elective categories. This reassignment of hours to a fundamental elective category, rather than being dedicated solely to fixed core courses, recognizes the diverse academic backgrounds of students entering our program. It paves the way for them to achieve a comprehensive understanding of bioengineering concepts, ensuring a well-rounded education.

2. A total of 17 hours were reallocated from the initial category of 500-level BIOE courses and were redistributed between technical electives and fundamental electives. To provide students with greater flexibility in selecting elective coursework beyond the core bioengineering concepts, we expanded the technical elective hours by 5. This adjustment acknowledges the interdisciplinary nature of many of our students and accommodates their diverse interests and engineering objectives.

3. A number of the choices that were previously available within the 21-hour BIOE 500-level credit requirement have been retained as options in the newly established fundamental elective category grouping. This includes courses like BIOE 504, 505, and former 598s now being submitted for permanence, among others. We've introduced subcategories because these represent fundamental subdomains within the field of bioengineering. By mandating students to choose one course from each category, we aim to ensure that their knowledge of bioengineering is comprehensive, rather than limited to a specific subdiscipline. This holistic approach to training will prove beneficial to students in their roles as practitioners, researchers, and industry professionals. Additionally, this revision and the introduction of fundamental elective categories acknowledge the diverse academic backgrounds of students entering our program, providing them with a pathway to attain a universal understanding of bioengineering concepts.

4. By dividing the degree program into subcategories, we can provide clearer guidance to students about which courses they should take to fulfill their degree requirements. This reduces confusion and ensures that students are on track to complete their degrees efficiently.

Bioengineering, MS (Proposed Revisions) - Non-Thesis

1. We have deducted 17 course credit hours from the initial category grouping of courses, which has been renamed as "professional development." These hours have been shifted away from the professional development category, and certain options that were formerly part of this category, such as BIOE 504 and 505, are now available within the fundamental elective categories. This reassignment of hours to a fundamental elective category, rather than being dedicated solely to fixed core courses, recognizes the diverse academic backgrounds of students entering our program. It...
paves the way for them to achieve a comprehensive understanding of bioengineering concepts, ensuring a well-rounded education.

2. A total of 17 hours were reallocated from the initial category of 500-level BIOE courses and were redistributed between technical electives and fundamental electives. To provide students with greater flexibility in selecting elective coursework beyond the core bioengineering concepts, we expanded the technical elective hours by 5. This adjustment acknowledges the interdisciplinary nature of many of our students and accommodates their diverse interests and engineering objectives.

3. A number of the choices that were previously available within the 21-hour BIOE 500-level credit requirement have been retained as options in the newly established fundamental elective category grouping. This includes courses like BIOE 504, 505, and former 598s now being submitted for permanence, among others. We've introduced subcategories because these represent fundamental subdomains within the field of bioengineering. By mandating students to choose one course from each category, we aim to ensure that their knowledge of bioengineering is comprehensive, rather than limited to a specific subdiscipline. This holistic approach to training will prove beneficial to students in their roles as practitioners, researchers, and industry professionals. Additionally, this revision and the introduction of fundamental elective categories acknowledge the diverse academic backgrounds of students entering our program, providing them with a pathway to attain a universal understanding of bioengineering concepts.

4. By dividing the degree program into subcategories, we can provide clearer guidance to students about which courses they should take to fulfill their degree requirements. This reduces confusion and ensures that students are on track to complete their degrees efficiently.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

Yes

Please describe:

BIOE 501: Seminar Discussion and BIOE 507: Advanced Bioinstrumentation will no longer be offered. These courses will be submitted for deactivation in the near future.

BIOE 506 has not been offered since Spring 2011, it has been submitted for deactivation. Other fundamental elective options have been made available in their place. BIOE 507 has historically very low enrollment, not meeting the campus six-ten policy for offering courses.

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Program Regulation and Assessment

Plan to Assess and Improve Student Learning
List the program’s student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

**Thesis Option:**
- Ability to apply quantitative skills and engineering principles to propose novel and practical solutions to medical/human health problems.

**Understanding of professional and ethical responsibilities**
- Ability to communicate scientific problems and solutions, as well as their impact, effectively to a diverse audience and stakeholders, both orally and in writing.
- Demonstrate moderate technical mastery in chosen research area, shown by the ability to identify an important scientific problem, formulate a hypothesis, and design experiments to conduct research and data analysis to test the hypothesis. The student should also be able to formulate alternatives.
- Develop effective leadership skills in order to foster the ability to conduct collaborative research and work with a diverse team.

**Non-Thesis Option:**
- Ability to apply quantitative skills and engineering principles to propose novel and practical solutions to medical/human health problems.

**Understanding of professional and ethical responsibilities**
- Ability to communicate scientific problems and solutions, as well as their impact, effectively to a diverse audience and stakeholders, both orally and in writing.
- Demonstrate moderate conceptual mastery in chosen research area, with the capability of expanding it into a future research project in preparation for an industry career or PhD degree.
- Develop effective leadership skills in order to foster the ability to conduct collaborative research and work with a diverse team.

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

Identify faculty expectations for students’ achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.
Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Program
Description and
Requirements
Attach Documents

Is the career/profession for graduates of this program regulated by the State of Illinois?
No

Program of Study

Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PublicAdminRules2017.pdf). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

| What are the minimum Total Credit Hours required for this program? | 32 |
| What is the required GPA? | 3.0 |

**CIP Code**
140501 - Bioengineering and Biomedical Engineering.

**Is This a Teacher Certification Program?**
No
Will specialized accreditation be sought for this program?

No

Delivery Method

This program is available:
On Campus - Students are required to be on campus, they may take some online courses.

Admission Requirements

Desired Effective Admissions Term

Is this revision a change to the admission status of the program?

No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information
Financial Resources

How does the unit intend to financially support this proposal?

Will the unit need to seek campus or other external resources?
   No

Attach letters of support

What tuition rate do you expect to charge for this program? e.g., Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?
   No

Is this program requesting self-supporting status?
   No

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

   This revision does not change faculty numbers, class size, teaching loads, or student-faculty ratios.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

   Library collections, resources and services are sufficient to support this revision.

Professor Mark Anastasio
Head, Department of Bioengineering

Dear Mark,

The Department of Statistics is supportive of the proposal to add all 500-level Statistics courses as elective course options in the proposed revisions to the Master of Science and Doctor of Philosophy Programs in Bioengineering. We can provide access to your estimated 5 students per term, subject to capacity and course availability.

Sincerely,

Bo Li
Chair, Department of Statistics

Subject: Re: Letter of Support to Request to Add a Course

Dear Professor Anastasio,

Yes I am happy to approve. The School of Integrative Biology is supportive of the proposal to add IB 501 to the Master of Science and Doctor of Philosophy Programs in Bioengineering. We can provide access to your estimated 5 students per term, subject to capacity and course availability.

Best,
Brian

From: Anastasio, Mark -- BIOE Department Head <bioe-head@illinois.edu>
Sent: Friday, August 25, 2023 2:49 PM
To: Allan, Brian F <ballan@illinois.edu>
Dear Professor Allan,

I am writing on behalf of the Department of Bioengineering to request a letter of support to add IB 501: Programming for Genomics as an elective course in the proposed revisions to the Master of Science and Doctor of Philosophy Programs in Bioengineering. This course, if approved, would be added as an elective option in our Statistics and Data Science category of electives. This program is expected to enroll 30 per year, and we would expect 5 students to enroll in the course controlled by your unit listed above.

If approved, an email response including the following information is sufficient.

The Department of [XXX] is supportive of the proposal to add IB 501 to the Master of Science and Doctor of Philosophy Programs in Bioengineering. We can provide access to your estimated 5 students per term, subject to capacity and course availability.

Thank you,

Mark Anastasio

List the role for rollbacks (which role will edit the proposal on questions from EPC, e.g., Dept Head or Initiator) and/or any additional stakeholders. Purpose: List here who will do the editing work if proposal needs rolled back. And any other stakeholders.

Does this program have inter-departmental administration?
No

Proposal Title

Effective Catalog  Fall 2024
Term

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberals Art and Sciences, include the Graduate College for Grad Programs)

Revise the Master of Education in Elementary Education in the College of Education and the Graduate College
Program Justification

Provide a brief description of what changes are being made to the program.

1) Revisions to the Psychological Foundations course list to expand course selection from 12 course-list to any 400 level course in EPSY or EPSY 553. Also, includes 2 additional courses (CI 446 & 501) in the Philosophical and Social Foundation select from list.

2) Additionally, we have revised the Program of Study table. The phrase regarding 400/500 level hours required (originally located under the Elective hours) is not needed and was removed. The statement requiring 12 hours of 500-level credit was moved to the Other Requirements section for clarity. We have also removed the word "Research" from the statement "Research/Project/Independent Study Hours (min/max applied toward degree)." The link was removed from the Field Placement text.

3) We also have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department".

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

No
Why are these changes necessary?

1) Student feedback has resulted in these changes. EPSY Foundations courses were not offered online and thus were not accessible to students. By eliminating the requirement to take specific courses, students will have access to a greater variety of courses and some will be offered online. We have kept EPSY 553, Global Issues in Learning as an option for students to take. Global Issues in Learning addresses issues of learning in different contexts. It is also cross-listed with EPOL 523, which allows many students to take the course. Having a 500 level class in the offerings also allows master’s degree students in education to count it as one of their 500 level courses.

We added courses under the Philosophical and Social Foundations to provide more options to students. By requiring students to take at least one course in another dept, students will broaden their content knowledge in education to understand different disciplinary perspectives.

2) The phrase regarding 400/500 level hours is not needed because only 400-500 level courses can count toward the degree. Because all courses are being counted toward the 500-level requirement, this is not additive and so should be in the “Other Requirements” table. We removed "Research" because a thesis is not required for this program. The link was removed from the Field Placement text so that we have the ability to update the link without a program revision to the POS.

3) We have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department" to encourage critical thinking and consider multiple perspectives through different disciplinary lenses.

There will be no change in total hours for the program.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Courses outside of the sponsoring department/interdisciplinary departments

EPOL 552 - Foundation of Higher Education

Please attach any letters of support.

Letters of Support.pdf
Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

List the program’s student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

1. Students will acquire deep knowledge of content in the field of Education.

2. Students will demonstrate awareness and application of the Illinois Culturally Responsive Teaching and Leading (CRTL) standards in their teacher preparation course work and field experiences.

3. Students will display the expectations of professionalism related to success in the field of education and beyond (fairness, commitment to collaboration, community, reflective practice, and attention to 21st century skills and practices).

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

Identify faculty expectations for students’ achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Program
Description and Requirements
Attach Documents

Is the career/profession for graduates of this program regulated by the State of Illinois?

No
Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PublicAdminRules2017.pdf). For proposals for new bachelor’s degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

500-Level Hours Required in Education 12 hours
Is This a Teacher Certification Program?
Yes

Will specialized accreditation be sought for this program?
No

Delivery Method
This program is available:
On Campus - Students are required to be on campus, they may take some online courses.

Admission Requirements
Desired Effective Admissions Term
Is this revision a change to the admission status of the program?
No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.
No changes to enrollment are expected

Estimated Annual Number of Degrees Awarded
Year One Estimate 5th Year Estimate (or when fully implemented)
What is the matriculation term for this program?
Fall

Budget
Are there budgetary implications for this revision?
No
Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?
No
Financial Resources

How does the unit intend to financially support this proposal?

There will not be a financial impact as a result of this revision. This course is expected to be offered each spring semester as normal teaching load within the EPOL Department.

Will the unit need to seek campus or other external resources?

No

Attach letters of support

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?

No

Is this program requesting self-supporting status?

No

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

There will not be an impact as a result of this revision.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this revision.

Subject: Letter of Support for the revision of the College of Education Master’s Degree programs

Dear Sarah, Yoon, Kiel, and Michelle,

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

Good morning, Lori. After reviewing the proposed revisions to the COE master’s degree programs, I support the changes and believe that students will benefit by expanding the options for foundational courses. Please let me know if you need anything else from me before these revisions can move forward. Thanks.

ML

<mailto:matt5@illinois.edu>

Under the Illinois Freedom of Information Act any written communication to or from university employees regarding university business is a public record and may be subject to public disclosure.

Hi Matt,

Welcome to the college!

I work in the Graduate Programs Office and provide support to our Academic Programs Committee (APC). The APC is responsible for reviewing new or revised programs/courses in the college and making decisions that affect academic policies and programs in the college. Part of my responsibilities with APC include coordinating meetings and provide training to the CIM programs/course system (application to submit new proposals or revise existing courses or programs). If proposals involve multiple programs across departments across the college, I work to submit the proposals on behalf of the departments. This does not happen very often, since most of the proposals affect one department and they have a faculty member who is initiating or sponsoring the proposal.

Last semester in the spring, meetings were organized by the departments to revise our 12 existing master’s degree
programs. Our master’s degree programs in the college have a core set requirements that affect all master degree programs in our college. For example, in the course catalog, our current EPOL EdM requirements are found here <http://catalog.illinois.edu/graduate/education/education-policy-organization-leadership-edm/#degreerequirementstext>. The CI EdM <http://catalog.illinois.edu/graduate/education/curriculum-instruction-edm/#degreerequirementstext> has the same core requirements. SPED EdM <http://catalog.illinois.edu/graduate/education/special-education-edm/#degreerequirementstext> also has the same core requirements with additional courses for their students. There are 12 master’s degree programs in the college.

Last semester, the departments gathered together to revise the 12 existing master’s degree programs to provide students with more options to complete the foundation requirements. The proposal was presented to our APC committee who voted to approve and move forward with the revisions. Over summer, I began the process of submitting the 12 proposals through the CIM, since this revision reflected all of the departments in the college.

In order for me to submit the proposals, I need a letter of support from every Department Head in our college. The letter of support can simply be a reply to this email. I am copying Kary Zarate on this email. Kary represents the SPED program on our APC committee. I am also copying Sarah McCarthey on this email. Last semester, she was the CI Department Head and played an integral part at the meetings for the program revisions. She will be able to answer any specific questions you may have about the revisions. Below is the letter of support I have sent to departments of EPOL, CI, and EPSY. I have received their letters of support. In order to move forward, I will need a letter of support from SPED. Please let me know if you have any questions.

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

List the role for rollbacks (which role will edit the proposal on questions from EPC, e.g., Dept Head or Initiator) and/or any additional stakeholders. Purpose: List here who will do the editing work if proposal needs rolled back. And any other stakeholders.

Does this program have inter-departmental administration?

- No

**Proposal Title**

Effective Catalog: Fall 2024

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberals Art and Sciences, include the Graduate College for Grad Programs)

Revise the Certificate of Advanced Study in Curriculum and Instruction in the College of Education and the Graduate College
Program Justification

Provide a brief description of what changes are being made to the program.

1) Revisions to the Psychological Foundations course list to expand course selection from 12 course-list to any 400 level course in EPSY or EPSY 553. Also, includes 2 additional courses in the Philosophical and Social Foundation select from list (CI 446 & CI 501). Credit for Foundations was revised. And we updated hours required for Foundations courses.

2) We have also removed the word "Research" from the statement "Research/Project/Independent Study Hours (min/max applied toward degree)."

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

No

Why are these changes necessary?

1) Student feedback has resulted in these changes. EPSY Foundations courses were not offered online and thus were not accessible to students. By eliminating the requirement to take specific courses, students will have access to a greater variety of courses and some will be offered online. We have kept EPSY 553, Global Issues in Learning as an option for students to take. Global Issues in Learning addresses issues of learning in different contexts. It is also cross-listed with EPOL 523, which allows many students to take the course. Having a 500 level class in the offerings also allows master's degree students in education to count it as one of their 500 level courses.

We added courses under the Philosophical and Social Foundations to provide more options to students. By requiring students to take at least one course in another dept, students will broaden their content knowledge in education to understand different disciplinary perspectives.

Because students earning a master's degree with us are not required to re-take the Foundations courses, the correct hours should be 0 or 4.

2) The thesis is not required for this program.

There will be no change in total hours for the program.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?
No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Courses outside of the sponsoring department/interdisciplinary departments

EPOL 552 - Foundation of Higher Education

Please attach any letters of support/acknowledgement for any Instructional Resources consider faculty, students, and/or other impacted units as appropriate.

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

List the program’s student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

Students will acquire deep knowledge of content in the field of education.
Students will display a deep understanding of psychological foundations of learning.
Students will demonstrate a deep understanding of philosophical foundations of education.
Students will display a deep understanding of best pedagogical practices in K-12 classrooms, with attention to 21st century skills and practices.
Students will display deep knowledge of conducting a research study, including reviewing literature, collecting and analyzing data, and writing a thesis.

Describe how, when, and where these learning outcomes will be assessed.

Describe here:
Identify faculty expectations for students’ achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Program
Description and Requirements

Budget

Are there budgetary implications for this revision?
No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?
No

Additional Budget Information

Attach File(s)

Financial Resources

How does the unit intend to financially support this proposal?

There will not be a financial impact as a result of this revision. This course is expected to be offered each spring semester as normal teaching load within the EPOL Department.

Will the unit need to seek campus or other external resources?
No

Attach letters of support

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?
No
Is this program requesting self-supporting status?
    No

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

There will not be an impact as a result of this revision.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this revision.

Good morning, Lori. After reviewing the proposed revisions to the COE master’s degree programs, I support the changes and believe that students will benefit by expanding the options for foundational courses. Please let me know if you need anything else from me before these revisions can move forward. Thanks.

ML

MATT LAMBERT | Department Head & Professor | Special Education | University of Illinois Urbana-Champaign
1310 South Sixth Street | 288E Education Building | Champaign, IL 61820 | 217.244.5293 | matt5@illinois.edu
<mailto:matt5@illinois.edu>
<http://illinois.edu/>

Under the Illinois Freedom of Information Act any written communication to or from university employees regarding university business is a public record and may be subject to public disclosure.

Hi Matt,

Welcome to the college!

I work in the Graduate Programs Office and provide support to our Academic Programs Committee (APC). The APC is responsible for reviewing new or revised programs/courses in the college and making decisions that affect academic policies and programs in the college. Part of my responsibilities with APC include coordinating meetings and provide training to the CIM programs/course system (application to submit new proposals or revise existing courses or programs). If proposals involve multiple programs across departments across the college, I work to submit the proposals on behalf of the departments. This does not happen very often, since most of the proposals affect one department and they have a faculty member who is initiating or sponsoring the proposal.

Last semester in the spring, meetings were organized by the departments to revise our 12 existing master’s degree
programs. Our master’s degree programs in the college have a core set requirements that affect all master degree programs in our college. For example, in the course catalog, our current EPOL EdM requirements are found here [http://catalog.illinois.edu/graduate/education/education-policy-organization-leadership-edm/#degreerequirementstext](http://catalog.illinois.edu/graduate/education/education-policy-organization-leadership-edm/#degreerequirementstext). The CI EdM [http://catalog.illinois.edu/graduate/education/curriculum-instruction-edm/#degreerequirementstext](http://catalog.illinois.edu/graduate/education/curriculum-instruction-edm/#degreerequirementstext) has the same core requirements. SPED EdM [http://catalog.illinois.edu/graduate/education/special-education-edm/#degreerequirementstext](http://catalog.illinois.edu/graduate/education/special-education-edm/#degreerequirementstext) also has the same core requirements with additional courses for their students. There are 12 master’s degree programs in the college.

Last semester, the departments gathered together to revise the 12 existing master’s degree programs to provide students with more options to complete the foundation requirements. The proposal was presented to our APC committee who voted to approve and move forward with the revisions. Over summer, I began the process of submitting the 12 proposals through the CIM, since this revision reflected all of the departments in the college.

In order for me to submit the proposals, I need a letter of support from every Department Head in our college. The letter of support can simply be a reply to this email. I am copying Kary Zarate on this email. Kary represents the SPED program on our APC committee. I am also copying Sarah McCarthey on this email. Last semester, she was the CI Department Head and played an integral part at the meetings for the program revisions. She will be able to answer any specific questions you may have about the revisions. Below is the letter of support I have sent to departments of EPOL, CI, and EPSY. I have received their letters of support. In order to move forward, I will need a letter of support from SPED. Please let me know if you have any questions.

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

List the role for rollbacks (which role will edit the proposal on questions from EPC, e.g., Dept Head or Initiator) and/or any additional stakeholders. Purpose: List here who will do the editing work if proposal needs rolled back. And any other stakeholders.

Does this program have inter-departmental administration?
No

Proposal Title

Effective Catalog
Fall 2024

Term

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberals Art and Sciences, include the Graduate College for Grad Programs)

Revise the Master of Arts in Curriculum and Instruction in the College of Education and the Graduate College
Program Justification

Provide a brief description of what changes are being made to the program.

1) Revisions to the Psychological Foundations course list to expand course selection from 12 course-list to any 400 level course in EPSY or EPSY 553. Also, includes 2 additional courses in the Philosophical and Social Foundation select from list.

2) In the POS, a few revisions were made. The phrase regarding 400/500 level hours required (originally located under the Elective hours) is not needed and was removed. The statement requiring 12 hours of 500-level credit was moved to the Other Requirements section for clarity. We moved the row for Thesis Research to be above the Electives row. Elective hours were changed from 24 to 16-22 hours.

3) We also have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department".

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

No
Why are these changes necessary?

1) Student feedback has resulted in these changes. EPSY Foundations courses were not offered online and thus were not accessible to students. By eliminating the requirement to take specific courses, students will have access to a greater variety of courses and some will be offered online. We have kept EPSY 553, Global Issues in Learning as an option for students to take. Global Issues in Learning addresses issues of learning in different contexts. It is also cross-listed with EPOL 523, which allows many students to take the course. Having a 500 level class in the offerings also allows master’s degree students in education to count it as one of their 500 level courses.

We added courses under the Philosophical and Social Foundations to provide more options to students. By requiring students to take at least one course in another dept, students will broaden their content knowledge in education to understand different disciplinary perspectives.

2) The phrase regarding 400/500 level hours is not needed because only 400-500 level courses can count toward the degree. Because all courses are being counted toward the 500-level requirement, this is not additive and so should be in the “Other Requirements” table. Thesis credit is required so that row should not be listed under the Elective header. Because thesis was moved out of the Elective section, the hours changed from 24 to 16-22.

3) We have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department" to encourage critical thinking and consider multiple perspectives through different disciplinary lenses.

There will be no change in total hours for the program.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Courses outside of the sponsoring department/interdisciplinary departments

EPOL 552 - Foundation of Higher Education

Please attach any letters of support.
Program Regulation and Assessment

Plan to Assess and Improve Student Learning

*Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.*

List the program’s student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

- Students will acquire deep knowledge of content in the field of education.
- Students will display a deep understanding of psychological foundations of learning.
- Students will demonstrate a deep understanding of philosophical foundations of education.
- Students will display a deep understanding of best pedagogical practices in K-12 classrooms, with attention to 21st century skills and practices.
- Students will display deep knowledge of conducting a research study, including reviewing literature, collecting and analyzing data, and writing a thesis.

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

Identify faculty expectations for students’ achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

### Total Hours

32

### Other Requirements

Masters degree students must take a graduate level College of Education course outside their degree granting department.

Grad Other Degree Requirements:

- **Minimum GPA**: 3.0
- **Human Subjects Approval**: "CI 446 Culture in the Classroom, CI 501 Curriculum Development for the 21st Century"
- **400/500-Level Hours Required, including Independent Study**: 12 hours
- **500-Level Hours Required in Education**: 12 hours
- **Research/Project/Independent Study Hours (min/max applied toward degree)**: 0-8

Masters degree students must take a graduate level College of Education course outside their degree granting department.
Will specialized accreditation be sought for this program?

No

**Delivery Method**

This program is available:
- On Campus - Students are required to be on campus, they may take some online courses.

**Admission Requirements**

<table>
<thead>
<tr>
<th>Desired Effective Admissions Term</th>
</tr>
</thead>
</table>

Is this revision a change to the admission status of the program?

No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

No changes to enrollment are expected

**Estimated Annual Number of Degrees Awarded**

<table>
<thead>
<tr>

<thead>
<tr>
<th>Are there budgetary implications for this revision?</th>
</tr>
</thead>
<tbody>
<tr>
<td>No</td>
</tr>
</tbody>
</table>

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

**Additional Budget Information**
Financial Resources

How does the unit intend to financially support this proposal?

There will not be a financial impact as a result of this revision. This course is expected to be offered each spring semester as normal teaching load within the EPOL Department.

Will the unit need to seek campus or other external resources?

No

Attach letters of support

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?

No

Is this program requesting self-supporting status?

No

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

There will not be an impact as a result of this revision.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this revision.

Dear Sarah, Yoon, Kiel, and Michelle,

I am writing on behalf of the college to request a letter of support for the revision of the master's degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master's degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

Good morning, Lori. After reviewing the proposed revisions to the COE master’s degree programs, I support the changes and believe that students will benefit by expanding the options for foundational courses. Please let me know if you need anything else from me before these revisions can move forward. Thanks.

ML

Hi Matt,

Welcome to the college!

I work in the Graduate Programs Office and provide support to our Academic Programs Committee (APC). The APC is responsible for reviewing new or revised programs/courses in the college and making decisions that affect academic policies and programs in the college. Part of my responsibilities with APC include coordinating meetings and provide training to the CIM programs/course system (application to submit new proposals or revise existing courses or programs). If proposals involve multiple programs across departments across the college, I work to submit the proposals on behalf of the departments. This does not happen very often, since most of the proposals affect one department and they have a faculty member who is initiating or sponsoring the proposal.

Last semester in the spring, meetings were organized by the departments to revise our 12 existing master’s degree
programs. Our master’s degree programs in the college have a core set requirements that affect all master degree programs in our college. For example, in the course catalog, our current EPOL EdM requirements are found here <http://catalog.illinois.edu/graduate/education/education-policy-organization-leadership-edm/#degreerequirementstext>. The CI EdM <http://catalog.illinois.edu/graduate/education/curriculum-instruction-edm/#degreerequirementstext> has the same core requirements. SPED EdM <http://catalog.illinois.edu/graduate/education/special-education-edm/#degreerequirementstext> also has the same core requirements with additional courses for their students. There are 12 master’s degree programs in the college.

Last semester, the departments gathered together to revise the 12 existing master’s degree programs to provide students with more options to complete the foundation requirements. The proposal was presented to our APC committee who voted to approve and move forward with the revisions. Over summer, I began the process of submitting the 12 proposals through the CIM, since this revision reflected all of the departments in the college.

In order for me to submit the proposals, I need a letter of support from every Department Head in our college. The letter of support can simply be a reply to this email. I am copying Kary Zarate on this email. Kary represents the SPED program on our APC committee. I am also copying Sarah McCarthey on this email. Last semester, she was the CI Department Head and played an integral part at the meetings for the program revisions. She will be able to answer any specific questions you may have about the revisions. Below is the letter of support I have sent to departments of EPOL, CI, and EPSY. I have received their letters of support. In order to move forward, I will need a letter of support from SPED. Please let me know if you have any questions.

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

List the role for rollbacks (which role will edit the proposal on questions from EPC, e.g., Dept Head or Initiator) and/or any additional stakeholders. Purpose: List here who will do the editing work if proposal needs rolled back. And any other stakeholders.

Does this program have inter-departmental administration?
No

Proposal Title

Effective Catalog Term
Fall 2024

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberals Art and Sciences, include the Graduate College for Grad Programs)

Revise the Master of Science in Curriculum and Instruction in the College of Education and the Graduate College
Program Justification

Provide a brief description of what changes are being made to the program.

1) Revisions to the Psychological Foundations course list to expand course selection from 12 course-list to any 400 level course in EPSY or EPSY 553. Also, includes 2 additional courses in the Philosophical and Social Foundation select from list.

2) Additionally, we revised the Program of Study. The phrase regarding 400/500 level hours required (originally located under the Elective hours) is not needed and was removed. The statement requiring 12 hours of 500-level credit was moved to the Other Requirements section for clarity. We moved the row for Thesis Research to be above the Electives row. Elective hours were changed from 24 to 16-22 hours.

3) We also have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department".

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

No
1) Student feedback has resulted in these changes. EPSY Foundations courses were not offered online and thus were not accessible to students. By eliminating the requirement to take specific courses, students will have access to a greater variety of courses and some will be offered online. We have kept EPSY 553, Global Issues in Learning as an option for students to take. Global Issues in Learning addresses issues of learning in different contexts. It is also cross-listed with EPOL 523, which allows many students to take the course. Having a 500 level class in the offerings also allows master's degree students in education to count it as one of their 500 level courses.

We added courses under the Philosophical and Social Foundations to provide more options to students (CS 446 & CI 501). By requiring students to take at least one course in another dept, students will broaden their content knowledge in education to understand different disciplinary perspectives.

2) The phrase regarding 400/500 level hours is not needed because only 400-500 level courses can count toward the degree. Because all courses are being counted toward the 500-level requirement, this is not additive and so should be in the "Other Requirements" table. Thesis credit is required so that row should not be listed under the Elective header. Because thesis was moved out of the Elective section, the hours changed from 24 to 16-22.

3) We have added the statement, "Master's degree students must take at least one course outside of their degree-granting department" to encourage critical thinking and consider multiple perspectives through different disciplinary lenses.

There will be no change in total hours for the program.

**Instructional Resources**

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Courses outside of the sponsoring department/interdisciplinary departments

- EPOL 552 - Foundation of Higher Education

Please attach any letters of support. 

Letters of Support.pdf
Program Regulation and Assessment

Plan to Assess and Improve Student Learning

*Illinois Administrative Code: 1050.30(b)(1)(D)* Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

List the program’s student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

- Students will acquire deep knowledge of content in the field of education.
- Students will display deep understanding of psychological foundations of learning.
- Students will demonstrate a deep understanding of philosophical foundations of education.
- Students will display deep understanding of best pedagogical practices in K-12 classrooms, with attention to 21st century skills and practices.
- Students will display deep knowledge of conducting a research study, including reviewing literature, collecting and analyzing data, and writing a thesis.

Describe how, when, and where these learning outcomes will be assessed.

Identify faculty expectations for students’ achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Program
Description and Requirements

**Academic Level**

Graduate

**Does this major have transcripted concentrations?**

Yes

**Will you admit to the concentration directly?**

No

**Is a concentration required for graduation?**

No

**What is the typical time to completion of this program?**

2 years

**What are the minimum Total Credit Hours required for this program?**

32

**What is the required GPA?**

3.0

**CIP Code**

130301 - Curriculum and Instruction.

**Is This a Teacher Certification Program?**

No
Delivery Method

This program is available:
- On Campus - Students are required to be on campus, they may take some online courses.

Admission Requirements

Desired Effective Admissions Term

Is this revision a change to the admission status of the program?

No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No
Financial Resources

How does the unit intend to financially support this proposal?

There will not be a financial impact as a result of this revision. This course is expected to be offered each spring semester as normal teaching load within the EPOL Department.

Will the unit need to seek campus or other external resources?

No

Attach letters of support

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?

No

Is this program requesting self-supporting status?

No

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

There will not be an impact as a result of this revision.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this revision.

Good morning, Lori. After reviewing the proposed revisions to the COE master’s degree programs, I support the changes and believe that students will benefit by expanding the options for foundational courses. Please let me know if you need anything else from me before these revisions can move forward. Thanks.

ML

Under the Illinois Freedom of Information Act any written communication to or from university employees regarding university business is a public record and may be subject to public disclosure.

Hi Matt,

Welcome to the college!

I work in the Graduate Programs Office and provide support to our Academic Programs Committee (APC). The APC is responsible for reviewing new or revised programs/courses in the college and making decisions that affect academic policies and programs in the college. Part of my responsibilities with APC include coordinating meetings and provide training to the CIM programs/course system (application to submit new proposals or revise existing courses or programs). If proposals involve multiple programs across departments across the college, I work to submit the proposals on behalf of the departments. This does not happen very often, since most of the proposals affect one department and they have a faculty member who is initiating or sponsoring the proposal.

Last semester in the spring, meetings were organized by the departments to revise our 12 existing master’s degree
programs. Our master’s degree programs in the college have a core set requirements that affect all master degree programs in our college. For example, in the course catalog, our current EPOL EdM requirements are found here [http://catalog.illinois.edu/graduate/education/education-policy-organization-leadership-edm/#degreerequirementstext](http://catalog.illinois.edu/graduate/education/education-policy-organization-leadership-edm/#degreerequirementstext). The CI EdM [http://catalog.illinois.edu/graduate/education/curriculum-instruction-edm/#degreerequirementstext](http://catalog.illinois.edu/graduate/education/curriculum-instruction-edm/#degreerequirementstext) has the same core requirements. SPED EdM [http://catalog.illinois.edu/graduate/education/special-education-edm/#degreerequirementstext](http://catalog.illinois.edu/graduate/education/special-education-edm/#degreerequirementstext) also has the same core requirements with additional courses for their students. There are 12 master’s degree programs in the college.

Last semester, the departments gathered together to revise the 12 existing master’s degree programs to provide students with more options to complete the foundation requirements. The proposal was presented to our APC committee who voted to approve and move forward with the revisions. Over summer, I began the process of submitting the 12 proposals through the CIM, since this revision reflected all of the departments in the college.

In order for me to submit the proposals, I need a letter of support from every Department Head in our college. The letter of support can simply be a reply to this email. I am copying Kary Zarate on this email. Kary represents the SPED program on our APC committee. I am also copying Sarah McCarthey on this email. Last semester, she was the CI Department Head and played an integral part at the meetings for the program revisions. She will be able to answer any specific questions you may have about the revisions. Below is the letter of support I have sent to departments of EPOL, CI, and EPSY. I have received their letters of support. In order to move forward, I will need a letter of support from SPED. Please let me know if you have any questions.

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

List the role for rollbacks (which role will edit the proposal on questions from EPC, e.g., Dept Head or Initiator) and/or any additional stakeholders. Purpose: List here who will do the editing work if proposal needs rolled back. And any other stakeholders.

Does this program have inter-departmental administration? 
No

Proposal Title

Effective Catalog   Fall 2024
Term

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberals Art and Sciences, include the Graduate College for Grad Programs)

Revise the Master of Education in Early Childhood Education in the College of Education and the Graduate College
Program Justification

Provide a brief description of what changes are being made to the program.

1) Revisions to the Psychological Foundations course list to expand course selection from 12 course-list to any 400 level course in EPSY or EPSY 553. Also, includes 2 additional courses (CI 446 & CI 501) in the Philosophical and Social Foundation select from list.

2) Additionally, we have revised the Program of Study table. The phrase regarding 400/500 level hours required (originally located under the Elective hours) is not needed and was removed. The statement requiring 12 hours of 500-level credit was moved to the Other Requirements section for clarity. We have also removed the word "Research" from the statement "Research/Project/Independent Study Hours (min/max applied toward degree)." The link was removed from the Field Placement text.

3) We also have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department".

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog? (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

No
Why are these changes necessary?

1) Student feedback has resulted in these changes. EPSY Foundations courses were not offered online and thus were not accessible to students. By eliminating the requirement to take specific courses, students will have access to a greater variety of courses and some will be offered online. We have kept EPSY 553, Global Issues in Learning as an option for students to take. Global Issues in Learning addresses issues of learning in different contexts. It is also cross-listed with EPOL 523, which allows many students to take the course. Having a 500 level class in the offerings also allows master’s degree students in education to count it as one of their 500 level courses.

We added courses under the Philosophical and Social Foundations to provide more options to students. By requiring students to take at least one course in another dept, students will broaden their content knowledge in education to understand different disciplinary perspectives.

2) The phrase regarding 400/500 level hours is not needed because only 400-500 level courses can count toward the degree. Because all courses are being counted toward the 500-level requirement, this is not additive and so should be in the "Other Requirements" table. We removed "Research" because a thesis is not required for this program. The link was removed from the Field Placement text so that we have the ability to update the link without a program revision to the POS.

3) We have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department" to encourage critical thinking and consider multiple perspectives through different disciplinary lenses.

There will be no change in total hours for the program.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Courses outside of the sponsoring department/interdisciplinary departments

EPOL 552 - Foundation of Higher Education

Please attach any letters of support.

Letters of Support.pdf
Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

List the program's student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

Students will acquire deep knowledge of child development as it relates to the field of education.
Students will effectively plan and implement relevant, culturally responsive, and developmentally appropriate instruction children from infancy to age eight.
Students will use assessment data to drive decisions and solve problems in and out of the classroom.
Students will display the expectations of professionalism related to success in the field of education and beyond (fairness, commitment to collaboration, community, reflective practice, and attention to 21st century skills and practices).

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

Identify faculty expectations for students’ achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Program of Study

Is the career/profession for graduates of this program regulated by the State of Illinois?

No
Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses" (source: https://www.ibhe.org/assets/files/PublicAdminRules2017.pdf). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

Revised programs 202 CI ECE EDM Degree Program Changes.xlsx

Attach a revised Sample Sequence (for undergraduate program) or college-level forms.

CIP Code: 131210 - Early Childhood Education and Teaching.
Is This a Teacher Certification Program?
Yes

Will specialized accreditation be sought for this program?
No

Delivery Method
This program is available:
On Campus - Students are required to be on campus, they may take some online courses.

Admission Requirements
Desired Effective Admissions Term

Is this revision a change to the admission status of the program?
No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.
No changes to enrollment are expected

Estimated Annual Number of Degrees Awarded

Year One Estimate 5th Year Estimate (or when fully implemented)

What is the matriculation term for this program?
Fall

Budget
Are there budgetary implications for this revision?
No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?
No
Financial Resources

How does the unit intend to financially support this proposal?

*There will not be a financial impact as a result of this revision. This course is expected to be offered each spring semester as normal teaching load within the EPOL Department.*

Will the unit need to seek campus or other external resources?

No

Attach letters of support

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?

No

Is this program requesting self-supporting status?

No

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

*There will not be an impact as a result of this revision.*

Library Resources

Describe your proposal’s impact on the University Library’s resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

*Library collections, resources and services are sufficient to support this revision*

Dear Sarah, Yoon, Kiel, and Michelle,

I am writing on behalf of the college to request a letter of support for the revision of the master's degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master's degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

Subject: Letter of Support for the revision of the College of Education Master's Degree programs

Dear Sarah, Yoon, Kiel, and Michelle,

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with
the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

Good morning, Lori. After reviewing the proposed revisions to the COE master’s degree programs, I support the changes and believe that students will benefit by expanding the options for foundational courses. Please let me know if you need anything else from me before these revisions can move forward. Thanks.

ML

MATT LAMBERT | Department Head & Professor | Special Education | University of Illinois Urbana-Champaign
1310 South Sixth Street | 288E Education Building | Champaign, IL 61820 | 217.244.5293 | matt5@illinois.edu

Under the Illinois Freedom of Information Act any written communication to or from university employees regarding university business is a public record and may be subject to public disclosure.

Hi Matt,

Welcome to the college!

I work in the Graduate Programs Office and provide support to our Academic Programs Committee (APC). The APC is responsible for reviewing new or revised programs/courses in the college and making decisions that affect academic policies and programs in the college. Part of my responsibilities with APC include coordinating meetings and provide training to the CIM programs/course system (application to submit new proposals or revise existing courses or programs). If proposals involve multiple programs across departments across the college, I work to submit the proposals on behalf of the departments. This does not happen very often, since most of the proposals affect one department and they have a faculty member who is initiating or sponsoring the proposal.

Last semester in the spring, meetings were organized by the departments to revise our 12 existing master’s degree
programs. Our master’s degree programs in the college have a core set requirements that affect all master degree programs in our college. For example, in the course catalog, our current EPOL EdM requirements are found [here](http://catalog.illinois.edu/graduate/education/education-policy-organization-leadership-edm/#degreerequirementstext). The CI EdM [here](http://catalog.illinois.edu/graduate/education/curriculum-instruction-edm/#degreerequirementstext) has the same core requirements. SPED EdM [here](http://catalog.illinois.edu/graduate/education/special-education-edm/#degreerequirementstext) also has the same core requirements with additional courses for their students. There are 12 master’s degree programs in the college.

Last semester, the departments gathered together to revise the 12 existing master’s degree programs to provide students with more options to complete the foundation requirements. The proposal was presented to our APC committee who voted to approve and move forward with the revisions. Over summer, I began the process of submitting the 12 proposals through the CIM, since this revision reflected all of the departments in the college.

In order for me to submit the proposals, I need a letter of support from every Department Head in our college. The letter of support can simply be a reply to this email. I am copying Kary Zarate on this email. Kary represents the SPED program on our APC committee. I am also copying Sarah McCarthey on this email. Last semester, she was the CI Department Head and played an integral part at the meetings for the program revisions. She will be able to answer any specific questions you may have about the revisions. Below is the letter of support I have sent to departments of EPOL, CI, and EPSY. I have received their letters of support. In order to move forward, I will need a letter of support from SPED. Please let me know if you have any questions.

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

Does this program have inter-departmental administration?
No

Proposal Title

Effective Catalog  Fall 2024
Term
Program Justification

Provide a brief description of what changes are being made to the program.

1) Revisions to the Psychological Foundations course list to expand course selection from 12 course-list to any 400 level course in EPSY or EPSY 553. Also, includes 2 additional courses in the Philosophical and Social Foundation select from list.

2) We also have added the statement, "Master's degree students must take at least one course outside of their degree-granting department".

3) We moved the requirement for a minimum number of 500-level hours to the Other Requirements section, and revised the coursework hours needed.

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

No
Why are these changes necessary?

1) Student feedback has resulted in these changes. EPSY Foundations courses were not offered online and thus were not accessible to students. By eliminating the requirement to take specific courses, students will have access to a greater variety of courses and some will be offered online. We have kept EPSY 553, Global Issues in Learning as an option for students to take. Global Issues in Learning addresses issues of learning in different contexts. It is also cross-listed with EPOL 523, which allows many students to take the course. Having a 500 level class in the offerings also allows master's degree students in education to count it as one of their 500 level courses.

We added courses under the Philosophical and Social Foundations to provide more options to students. By requiring students to take at least one course in another dept, students will broaden their content knowledge in education to understand different disciplinary perspectives.

2) We have added the statement, "Master's degree students must take at least one course outside of their degree-granting department" to encourage critical thinking and consider multiple perspectives through different disciplinary lenses.

3) Because the minimum number of 500-level hours applies to all coursework, this should be listed in Other Requirements. It is not an additive requirement in the course-list. This made the number of coursework hours more clearly 24 (in addition to the 8 hours of Foundations courses to equal 32 for the program).

There will be no change in total hours for the program.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Courses outside of the sponsoring department/interdisciplinary departments

- CI 446 - Culture in the Classroom
- CI 501 - Curr Dev for the 21st Century

Please attach any letters of support/acknowledgement

Letters of Support.pdf
Program Regulation and Assessment

Plan to Assess and Improve Student Learning

_Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping._

List the program’s student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

Upon the conclusion of the Ed.M. program in EPOL, students will be able to

- Demonstrate knowledge and skills in developing, implementing, and evaluating evidence-based programs and practices
- Comprehend current topics and trends in EPOL-wide fields that inform evidence-based practices to improve equity, diversity, and social justice across a wide range of educational, professional, and organizational contexts

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

The learning outcomes assessment activities will be grounded in the overarching EPOL learning outcome, which is to foster a comprehensive academic identity of the EPOL department based on our core mission. In particular, EPOL programs will enable students to conduct high quality scholarly research and to commit to continuous improvement of equity, diversity, and social justice. Our programs also enable students to support and collaborate with multidisciplinary areas of concentrations, in order to identify synergies to address the most critical issues in PK-12, post-secondary, workplace learning, and lifelong learning and education contexts.

The administration of assessment will be conducted with a comprehensive and systematic approach. The goal of our assessment is to inform the continuous improvement of our curricular and instructional activities. Our assessment activities are described in attachment

Identify faculty expectations for students’ achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Program Description and
Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study

_Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses_” (source: https://www.ibhe.org/assets/files/PublicAdminRules2017.pdf). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

What are the minimum Total Credit Hours required for this program?
32
What is the required GPA?
3.0
CIP Code 130101 - Education, General.
Is This a Teacher Certification Program?
Yes
Will specialized accreditation be sought for this program?
No

Delivery Method

This program is available:
On Campus and Online - 2 program types. Students can receive the entire program either on campus or online. Students can choose to take courses in either modality.

Describe the use of this delivery method:
This program is available on campus, off campus, and online.

Admission Requirements

Desired Effective Admissions Term

Is this revision a change to the admission status of the program?
No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.
No changes to enrollment are expected

Estimated Annual Number of Degrees Awarded

Year One Estimate 5th Year Estimate (or when fully implemented)

What is the matriculation term for this program?
Fall
Budget

Are there budgetary implications for this revision?  
No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?  
No

Additional Budget Information

Attach File(s)

Financial Resources

How does the unit intend to financially support this proposal?  
There will not be a financial impact as a result of this revision. This course is expected to be offered each spring semester as normal teaching load within the EPOL Department.

Will the unit need to seek campus or other external resources?  
No

Attach letters of support

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?  
No

Is this program requesting self-supporting status?  
No

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

There will not be an impact as a result of this revision.

Library Resources
Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this revision.

Dear Sarah, Yoon, Kiel, and Michelle,

I am writing on behalf of the college to request a letter of support for the revision of the master's degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master's degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

Good morning, Lori. After reviewing the proposed revisions to the COE master’s degree programs, I support the changes and believe that students will benefit by expanding the options for foundational courses. Please let me know if you need anything else from me before these revisions can move forward. Thanks.

ML

Under the Illinois Freedom of Information Act any written communication to or from university employees regarding university business is a public record and may be subject to public disclosure.

Hi Matt,

Welcome to the college!

I work in the Graduate Programs Office and provide support to our Academic Programs Committee (APC). The APC is responsible for reviewing new or revised programs/courses in the college and making decisions that affect academic policies and programs in the college. Part of my responsibilities with APC include coordinating meetings and provide training to the CIM programs/course system (application to submit new proposals or revise existing courses or programs). If proposals involve multiple programs across departments across the college, I work to submit the proposals on behalf of the departments. This does not happen very often, since most of the proposals affect one department and they have a faculty member who is initiating or sponsoring the proposal.

Last semester in the spring, meetings were organized by the departments to revise our 12 existing master’s degree
programs. Our master’s degree programs in the college have a core set requirements that affect all master degree programs in our college. For example, in the course catalog, our current EPOL EdM requirements are found here <http://catalog.illinois.edu/graduate/education/education-policy-organization-leadership-edm/#degreerequirementstext> . The CI EdM <http://catalog.illinois.edu/graduate/education/curriculum-instruction-edm/#degreerequirementstext> has the same core requirements. SPED EdM <http://catalog.illinois.edu/graduate/education/special-education-edm/#degreerequirementstext> also has the same core requirements with additional courses for their students. There are 12 master’s degree programs in the college.

Last semester, the departments gathered together to revise the 12 existing master’s degree programs to provide students with more options to complete the foundation requirements. The proposal was presented to our APC committee who voted to approve and move forward with the revisions. Over summer, I began the process of submitting the 12 proposals through the CIM, since this revision reflected all of the departments in the college.

In order for me to submit the proposals, I need a letter of support from every Department Head in our college. The letter of support can simply be a reply to this email. I am copying Kary Zarate on this email. Kary represents the SPED program on our APC committee. I am also copying Sarah McCarthey on this email. Last semester, she was the CI Department Head and played an integral part at the meetings for the program revisions. She will be able to answer any specific questions you may have about the revisions. Below is the letter of support I have sent to departments of EPOL, CI, and EPSY. I have received their letters of support. In order to move forward, I will need a letter of support from SPED. Please let me know if you have any questions.

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

No

Proposal Title

Effective Catalog Fall 2024

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberals Art and Sciences, include the Graduate College for Grad Programs)

Revise the Master of Arts in Education Policy, Organization & Leadership in the College of Education and the Graduate College
Program Justification

Provide a brief description of what changes are being made to the program.

1) Revisions to the Psychological Foundations course list to expand course selection from 12 course-list to any 400 level course in EPSY or EPSY 553. Also, includes 2 additional courses in the Philosophical and Social Foundation select from list.

2) We also have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department".

3) These changes were made to the Program of Study tables. We moved the minimum number of 500-level hours statement to the Other Requirements. We moved the Thesis requirement row above the coursework. The number of coursework hours was adjusted from 12 to a range of 16-22. This also allowed us to remove the thesis note from the coursework row.

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

No
Why are these changes necessary?

1) Student feedback has resulted in these changes. EPSY Foundations courses were not offered online and thus were not accessible to students. By eliminating the requirement to take specific courses, students will have access to a greater variety of courses and some will be offered online. We have kept EPSY 553, Global Issues in Learning as an option for students to take. Global Issues in Learning addresses issues of learning in different contexts. It is also cross-listed with EPOL 523, which allows many students to take the course. Having a 500 level class in the offerings also allows master’s degree students in education to count it as one of their 500 level courses.

We added courses under the Philosophical and Social Foundations to provide more options to students. By requiring students to take at least one course in another dept, students will broaden their content knowledge in education to understand different disciplinary perspectives.

2) We have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department" to encourage critical thinking and consider multiple perspectives through different disciplinary lenses.

3) Because the minimum number of 500-level hours applies to all coursework, this should be listed in Other Requirements. It is not an additive requirement in the course-list. We wanted to include the thesis requirement before the elective/coursework requirement, and keep the information about the min/max limits in that row. The coursework is now a range of 16-22. (In addition to the 8 hours of Foundations courses and 2-8 required thesis hours, a range of 16-22 is left to equal 32 for the program).

There will be no change in total hours for the program.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Courses outside of the sponsoring department/interdisciplinary departments

- CI 446 - Culture in the Classroom
- CI 501 - Curr Dev for the 21st Century

Please attach any Letters of Support.pdf
letters of support/acknowledgement for any Instructional Resources consider faculty, students, and/or other impacted units as appropriate.

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

*Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.*

List the program's student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

Upon the conclusion of the program in EPOL, students will be able to

- Demonstrate knowledge and skills in developing, implementing, and evaluating evidence-based programs and practices
- Comprehend current topics and trends in EPOL-wide fields that inform evidence-based practices to improve equity, diversity, and social justice across a wide range of educational, professional, and organizational contexts

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

The learning outcomes assessment activities will be grounded in the overarching EPOL learning outcome, which is to foster a comprehensive academic identity of the EPOL department based on our core mission. In particular, EPOL programs will enable students to conduct high quality scholarly research and to commit to continuous improvement of equity, diversity, and social justice. Our programs also enable students to support and collaborate with multidisciplinary areas of concentrations, in order to identify synergies to address the most critical issues in PK-12, post-secondary, workplace learning, and lifelong learning and education contexts.

The administration of assessment will be conducted with a comprehensive and systematic approach. The goal of our assessment is to inform the continuous improvement of our curricular and instructional activities. Our assessment activities are described in attachment.

Identify faculty expectations for students' achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.
Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study

Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PublicAdminRules2017.pdf). For proposals for new bachelor’s degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

Revised programs

term for this program?

Budget

Are there budgetary implications for this revision?

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Financial Resources

How does the unit intend to financially support this proposal?

There will not be a financial impact as a result of this revision. This course is expected to be offered each spring semester as normal teaching load within the EPOL Department.

Will the unit need to seek campus or other external resources?

No

Attach letters of support

What tuition rate do you expect to charge for this program? e.g., Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?

No

Is this program requesting self-supporting status?

No

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

There will not be an impact as a result of this revision.
Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this revision.

How Assessment Will Be Administered In The Department/Program

The learning outcomes assessment activities will be grounded in the overarching EPOL learning outcome, which is to foster a comprehensive academic identity of the EPOL department based on our core mission. In particular, EPOL programs will enable students to conduct high quality scholarly research and to commit to continuous improvement of equity, diversity, and social justice. Our programs also enable students to support and collaborate with multidisciplinary areas of concentrations, in order to identify synergies to address the most critical issues in PK-12, post-secondary, workplace learning, and lifelong learning and education contexts.

The administration of assessment will be conducted with a comprehensive and systematic approach. The goal of our assessment is to inform the continuous improvement of our curricular and instructional activities. Our assessment activities are described in Table 1 below.

Subject: Letter of Support for the revision of the College of Education Master's Degree programs

Dear Sarah, Yoon, Kiel, and Michelle,

I am writing on behalf of the college to request a letter of support for the revision of the master's degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

Good morning, Lori. After reviewing the proposed revisions to the COE master’s degree programs, I support the changes and believe that students will benefit by expanding the options for foundational courses. Please let me know if you need anything else from me before these revisions can move forward. Thanks.

ML

Under the Illinois Freedom of Information Act any written communication to or from university employees regarding university business is a public record and may be subject to public disclosure.

Hi Matt,

Welcome to the college!

I work in the Graduate Programs Office and provide support to our Academic Programs Committee (APC). The APC is responsible for reviewing new or revised programs/courses in the college and making decisions that affect academic policies and programs in the college. Part of my responsibilities with APC include coordinating meetings and provide training to the CIM programs/course system (application to submit new proposals or revise existing courses or programs). If proposals involve multiple programs across departments across the college, I work to submit the proposals on behalf of the departments. This does not happen very often, since most of the proposals affect one department and they have a faculty member who is initiating or sponsoring the proposal.

Last semester in the spring, meetings were organized by the departments to revise our 12 existing master’s degree
programs. Our master’s degree programs in the college have a core set requirements that affect all master degree programs in our college. For example, in the course catalog, our current EPOL EdM requirements are found here <http://catalog.illinois.edu/graduate/education/education-policy-organization-leadership-edm/#degreerequirementstext>. The CI EdM <http://catalog.illinois.edu/graduate/education/curriculum-instruction-edm/#degreerequirementstext> has the same core requirements. SPED EdM <http://catalog.illinois.edu/graduate/education/special-education-edm/#degreerequirementstext> also has the same core requirements with additional courses for their students. There are 12 master’s degree programs in the college.

Last semester, the departments gathered together to revise the 12 existing master’s degree programs to provide students with more options to complete the foundation requirements. The proposal was presented to our APC committee who voted to approve and move forward with the revisions. Over summer, I began the process of submitting the 12 proposals through the CIM, since this revision reflected all of the departments in the college.

In order for me to submit the proposals, I need a letter of support from every Department Head in our college. The letter of support can simply be a reply to this email. I am copying Kary Zarate on this email. Kary represents the SPED program on our APC committee. I am also copying Sarah McCarthey on this email. Last semester, she was the CI Department Head and played an integral part at the meetings for the program revisions. She will be able to answer any specific questions you may have about the revisions. Below is the letter of support I have sent to departments of EPOL, CI, and EPSY. I have received their letters of support. In order to move forward, I will need a letter of support from SPED. Please let me know if you have any questions.

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

Proposal Title

Effective Catalog  Fall 2024
Term

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberals Art and Sciences, include the Graduate College for Grad Programs)

Revise the Master of Education in Educational Psychology in the College of Education and the Graduate College

Does this proposal have any related proposals that will also be revised during the next 6 weeks? Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently. Example: If you are revising the BS proposal and one related concentration within the next 6 weeks, "This BS proposal (key 567) is related to the Concentration A proposal (key 145)."

Program Justification

Provide a brief description of what changes are being made to the program.

1) Revisions to the Psychological Foundations course list to expand course selection from 12 course-list to any 400 level course in EPSY or EPSY 553. Also, includes 2 additional courses in the Philosophical and Social Foundation select from list (CI 446 & CI 501).

2) Additionally, we have reorganized the program of study for clarity. The phrase regarding 400/500 level hours required was removed. The 500 level requirement was moved to the Other Requirements. We have also removed the word "Research" from the row "Research/Project/Independent Study Hours.

3) We also have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department".

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

No

List the role for rollbacks (which role will edit the proposal on questions from EPC, e.g., Dept Head or Initiator) and/or any additional stakeholders. Purpose: List here who will do the editing work if proposal needs rolled back. And any other stakeholders.

Does this program have inter-departmental administration?

No
Why are these changes necessary?

1) Student feedback has resulted in these changes. EPSY Foundations courses were not offered online and thus were not accessible to students. By eliminating the requirement to take specific courses, students will have access to a greater variety of courses and some will be offered online. We have kept EPSY 553, Global Issues in Learning as an option for students to take. Global Issues in Learning addresses issues of learning in different contexts. It is also cross-listed with EPOL 523, which allows many students to take the course. Having a 500 level class in the offerings also allows master’s degree students in education to count it as one of their 500 level courses.

We added CI 446 & CI 501 under the Philosophical and Social Foundations to provide more options to students. By requiring students to take at least one course in another dept, students will broaden their content knowledge in education to understand different disciplinary perspectives.

2) The phrase regarding 400/500 level hours required (originally located under the Elective hours) is not needed, since only 400-500 level courses can count towards the degree. Because foundation courses are being counted towards the 500 level requirement, the statement had moved to the Other Requirements section for clarity. We have also removed the word "Research" from the statement "Research/Project/Independent Study Hours (min/max applied toward degree)" because a research thesis is not required for this program.

3) We have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department" to encourage critical thinking and consider multiple perspectives through different disciplinary lenses.

There will be no change in total hours for the program.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Courses outside of the sponsoring departments

EPOL 552 - Foundation of Higher Education
CI 446 - Culture in the Classroom
Please attach any letters of support/acknowledgement for any Instructional Resources. Consider faculty, students, and/or other impacted units as appropriate.

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.
List the program’s student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

Counseling Psychology Division

Counseling Psychology students will possess a broad knowledge of the core areas of psychology.
Counseling Psychology students will have an understanding of the basic statistical analytical methods, research designs, measurement models, and research approaches.
Counseling Psychology students will demonstrate skills at independently designing, conducting, writing, and presenting research studies.
Counseling Psychology students will be skilled in psychological assessment in all aspects (design, psychometric evaluation, administering, and communicating results) as well as in a variety of contexts (e.g., both environmental and individual assessment).
Counseling Psychology students will have the ability to conceptualize clients from a variety of theoretical and scientifically-informed frameworks, present such a conceptualization to others and establish means and methods to evaluate its accuracy.
Counseling Psychology students will possess theoretical and scientific knowledge regarding skills in the provision of interventions.
Counseling Psychology students will value and develop competence in aspects of diversity and individual differences.
Counseling Psychology students will have knowledge and appreciation of the ethical issues involved in being a psychologist.
Counseling Psychology students will adopt a critical, scientific approach to professional activities.

Developmental Sciences Division

Developmental Sciences students will obtain a broad knowledge of the core areas of developmental research across the lifespan. This includes but is not limited to: a) social and emotional development; b) language and mathematical development; c) academic motivation and future planning/orientation; d) bullying and peer harassment; and e) identity formation with respect to gender, race, and ethnicity.
Developmental Sciences students will develop a deep expertise in a relevant specialized topic within or across these core areas. This includes mastering research findings in a topic area selected by the student, understanding the relevant theoretical perspectives related to this topic and learning about the appropriate methodological approaches to understanding the core area.
Developmental Sciences students will obtain a sophisticated knowledge base of research approaches and analytic tools necessary for contribution to scholarly literature in Developmental Sciences broadly and their specialized topic in particular. Specifically, they will develop skills to independently design, conduct, write, and present/publish research studies related to their area of focus/career path.

Cognitive Science of Teaching and Learning (CSTL) Division

CSTL students will obtain a broad knowledge of the core areas related to the cognitive science of teaching and learning. This includes knowledge of theoretical perspectives, methodological approaches, and key research findings in the core areas of (a) cognition and learning across the lifespan, (b) learning and the psychology of language, (c)
multimodal information processing, and (d) sociocultural dimensions of learning.
CSTL students will obtain a deep expertise in a relevant topic within or cutting across these core areas. This involves mastering theoretical perspectives, methodological approaches, and key research findings in a topic selected by the student. In addition, they will develop skills at independently designing, conducting, writing, and presenting/publishing research studies.
CSTL students will obtain a sophisticated knowledge base of research approaches and analytic tools necessary for contribution to the professional literature and their chosen professional identity/career path. This involves understanding the basic statistical analytical methods, research designs, measurement models, and research approaches.

Studies in Interpretive, Statistical, Measurement, and Evaluative Methodologies for Education (QUERIES) Division

QUERIES students will obtain a broad basic knowledge of the core areas of educational research methodologies, quantitative, qualitative, and evaluative research methods. QUERIES students will obtain a sophisticated knowledge base of quantitative and/or qualitative research approaches and analytic tools necessary for contribution to the professional literature.
QUERIES students in Measurement will become skilled in the development and use of techniques for collecting and analyzing ‘test’ data through the study of measurement methods.
QUERIES students in Statistics will be skilled in traditional and modern quantitative analytic methods.
QUERIES students in Evaluation will have the skills required for Evaluation scholars – in education, social welfare, health services, community development, human resource development, and other domains.

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

Identify faculty expectations for students’ achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Program
Description and
Requirements
Attach Documents

Is the career/profession for graduates of this program regulated by the State of Illinois?
No
Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PublicAdminRules2017.pdf). For proposals for new bachelor's degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

### Corresponding Degree

EdM Master of Education
Will specialized accreditation be sought for this program?

No

Delivery Method

This program is available:

On Campus and Online - 2 program types. Students can receive the entire program either on campus or online. Students can choose to take courses in either modality.

Describe the use of this delivery method:

This program is available on campus and online.

Admission Requirements

Desired Effective Admissions Term

Is this revision a change to the admission status of the program?

No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

No changes to enrollment are expected.

Estimated Annual Number of Degrees Awarded

<table>
<thead>
<tr>
<th>Year One Estimate</th>
<th>5th Year Estimate (or when fully implemented)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td></td>
</tr>
</tbody>
</table>

What is the matriculation term for this program?

Budget

Are there budgetary implications for this revision?

No
Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Financial Resources

How does the unit intend to financially support this proposal?

There will not be a financial impact as a result of this revision. This course is expected to be offered each spring semester as normal teaching load within the EPOL Department.

Will the unit need to seek campus or other external resources?

No

Attach letters of support

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?

No

Is this program requesting self-supporting status?

No

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

There will not be an impact as a result of this revision.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this revision.

Dear Sarah, Yoon, Kiel, and Michelle,

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

Good morning, Lori. After reviewing the proposed revisions to the COE master’s degree programs, I support the changes and believe that students will benefit by expanding the options for foundational courses. Please let me know if you need anything else from me before these revisions can move forward. Thanks.

ML

Under the Illinois Freedom of Information Act any written communication to or from university employees regarding university business is a public record and may be subject to public disclosure.
programs. Our master’s degree programs in the college have a core set requirements that affect all master degree programs in our college. For example, in the course catalog, our current EPOL EdM requirements are found here <http://catalog.illinois.edu/graduate/education/education-policy-organization-leadership-edm/#degreerequirementstext>. The CI EdM <http://catalog.illinois.edu/graduate/education/curriculum-instruction-edm/#degreerequirementstext> has the same core requirements. SPED EdM <http://catalog.illinois.edu/graduate/education/special-education-edm/#degreerequirementstext> also has the same core requirements with additional courses for their students. There are 12 master’s degree programs in the college.

Last semester, the departments gathered together to revise the 12 existing master’s degree programs to provide students with more options to complete the foundation requirements. The proposal was presented to our APC committee who voted to approve and move forward with the revisions. Over summer, I began the process of submitting the 12 proposals through the CIM, since this revision reflected all of the departments in the college.

In order for me to submit the proposals, I need a letter of support from every Department Head in our college. The letter of support can simply be a reply to this email. I am copying Kary Zarate on this email. Kary represents the SPED program on our APC committee. I am also copying Sarah McCarthy on this email. Last semester, she was the CI Department Head and played an integral part at the meetings for the program revisions. She will be able to answer any specific questions you may have about the revisions. Below is the letter of support I have sent to departments of EPOL, CI, and EPSY. I have received their letters of support. In order to move forward, I will need a letter of support from SPED. Please let me know if you have any questions.

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. List the role for rollbacks (which role will edit the proposal on questions from EPC, e.g., Dept Head or Initiator) and/or any additional stakeholders. Purpose: List here who will do the editing work if proposal needs rolled back. And any other stakeholders.

Does this program have inter-departmental administration?
No

Proposal Title

Effective Catalog Term

Fall 2024

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberals Art and Sciences, include the Graduate College for Grad Programs)

Revise the Master of Arts in Educational Psychology in the College of Education and the Graduate College
Program Justification

Provide a brief description of what changes are being made to the program.

1) Revisions to the Psychological Foundations course list to expand course selection from 12 course-list to any 400 level course in EPSY or EPSY 553. Also, includes 2 additional courses in the Philosophical and Social Foundation select from list (CI 446 & CI 501).

2) Additionally, we have reorganized the program of study for clarity. The phrase regarding 400/500 level hours required was removed. The 500 level requirement was moved to the Other Requirements. The thesis requirement row was moved above the Elective header.

3) We also have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department".

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

No
Why are these changes necessary?

1) Student feedback has resulted in these changes. EPSY Foundations courses were not offered online and thus were not accessible to students. By eliminating the requirement to take specific courses, students will have access to a greater variety of courses and some will be offered online. We have kept EPSY 553, Global Issues in Learning as an option for students to take. Global Issues in Learning addresses issues of learning in different contexts. It is also cross-listed with EPOL 523, which allows many students to take the course. Having a 500 level class in the offerings also allows master’s degree students in education to count it as one of their 500 level courses.

We added courses under the Philosophical and Social Foundations to provide more options to students. By requiring students to take at least one course in another dept, students will broaden their content knowledge in education to understand different disciplinary perspectives.

2) The phrase regarding 400/500 level hours required (originally located under the Elective hours) is not needed, since only 400-500 level courses can count towards the degree. Since foundation courses are being counted towards the 500 level requirement, the statement had moved to the Other Requirements section for clarity. And we wanted the thesis requirement to stand out more.

3) We have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department" to encourage critical thinking and consider multiple perspectives through different disciplinary lenses.

There will be no change in total hours for the program.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Courses outside of the sponsoring department/interdisciplinary departments

- EPOL 552 - Foundation of Higher Education
- CI 446 - Culture in the Classroom
- CI 501 - Curr Dev for the 21st Century

Please attach any Letters of Support.pdf
letters of support/acknowledgement for any Instructional Resources consider faculty, students, and/or other impacted units as appropriate.

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.
List the program's student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

Counseling Psychology Division
1. Counseling Psychology students will possess a broad knowledge of the core areas of psychology.
2. Counseling Psychology students will have an understanding of the basic statistical analytical methods, research designs, measurement models, and research approaches.
3. Counseling Psychology students will demonstrate skills at independently designing, conducting, writing, and presenting research studies.
4. Counseling Psychology students will be skilled in psychological assessment in all aspects (design, psychometric evaluation, administering, and communicating results) as well as in a variety of contexts (e.g., both environmental and individual assessment).
5. Counseling Psychology students will have the ability to conceptualize clients from a variety of theoretical and scientifically-informed frameworks, present such a conceptualization to others and establish means and methods to evaluate its accuracy.
6. Counseling Psychology students will possess theoretical and scientific knowledge regarding skills in the provision of interventions.
7. Counseling Psychology students will value and develop competence in aspects of diversity and individual differences.
8. Counseling Psychology students will have knowledge and appreciation of the ethical issues involved in being a psychologist.
9. Counseling Psychology students will adopt a critical, scientific approach to professional activities.

Developmental Sciences Division
1. Developmental Sciences students will obtain a broad knowledge of the core areas of developmental research across the lifespan. This includes but is not limited to: a) social and emotional development; b) language and mathematical development; c) academic motivation and future planning/orientation; d) bullying and peer harassment; and e) identity formation with respect to gender, race, and ethnicity.
2. Developmental Sciences students will develop a deep expertise in a relevant specialized topic within or cutting across these core areas. This includes mastering research findings in a topic area selected by the student, understanding the relevant theoretical perspectives related to this topic and learning about the appropriate methodological approaches to understanding the core area.
3. Developmental Sciences students will obtain a sophisticated knowledge base of research approaches and analytic tools necessary for contribution to scholarly literature in Developmental Sciences broadly and their specialized topic in particular. Specifically, they will develop skills to independently design, conduct, write, and present/publish research studies related to their area of focus/career path.

Cognitive Science of Teaching and Learning (CSTL) Division
1. CSTL students will obtain a broad knowledge of the core areas related to the cognitive science of teaching and learning. This includes knowledge of theoretical perspectives, methodological approaches, and key research findings in the core areas of (a) cognition and learning across the lifespan, (b) learning and the psychology of language, (c) multimodal information processing, and (d) sociocultural dimensions of learning.
2. CSTL students will obtain a deep expertise in a relevant topic within or cutting
across these core areas. This involves mastering theoretical perspectives, methodological approaches, and key research findings in a topic selected by the student. In addition, they will develop skills at independently designing, conducting, writing, and presenting/publishing research studies.

3. CSTL students will obtain a sophisticated knowledge base of research approaches and analytic tools necessary for contribution to the professional literature and their chosen professional identity/career path. This involves understanding the basic statistical analytical methods, research designs, measurement models, and research approaches.

Studies in Interpretive, Statistical, Measurement, and Evaluative Methodologies for Education (QUERIES) Division

1. QUERIES students will obtain a broad basic knowledge of the core areas of educational research methodologies, quantitative, qualitative, and evaluative research methods.
2. QUERIES students will obtain a sophisticated knowledge base of quantitative and/or qualitative research approaches and analytic tools necessary for contribution to the professional literature.
3. QUERIES students in Measurement will become skilled in the development and use of techniques for collecting and analyzing ‘test’ data through the study of measurement methods.
4. QUERIES students in Statistics will be skilled in traditional and modern quantitative analytic methods.
5. QUERIES students in Evaluation will have the skills required for Evaluation scholars—in education, social welfare, health services, community development, human resource development, and other domains.

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

Identify faculty expectations for students’ achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Financial Resources
How does the unit intend to financially support this proposal?
There will not be a financial impact as a result of this revision. This course is expected to be offered each spring semester as normal teaching load within the EPOL Department.

Will the unit need to seek campus or other external resources?
No

Attach letters of support

What tuition rate do you expect to charge for this program? e.g., Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?
No

Is this program requesting self-supporting status?
No

Faculty Resources
Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

There will not be an impact as a result of this revision.

Library Resources
Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library collections, resources and services are sufficient to support this revision.

Subject: Letter of Support for the revision of the College of Education Master's Degree programs

Dear Sarah, Yoon, Kiel, and Michelle,

I am writing on behalf of the college to request a letter of support for the revision of the master's degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

Good morning, Lori. After reviewing the proposed revisions to the COE master’s degree programs, I support the changes and believe that students will benefit by expanding the options for foundational courses. Please let me know if you need anything else from me before these revisions can move forward. Thanks.

ML

Under the Illinois Freedom of Information Act any written communication to or from university employees regarding university business is a public record and may be subject to public disclosure.

Hi Matt,

Welcome to the college!

I work in the Graduate Programs Office and provide support to our Academic Programs Committee (APC). The APC is responsible for reviewing new or revised programs/courses in the college and making decisions that affect academic policies and programs in the college. Part of my responsibilities with APC include coordinating meetings and provide training to the CIM programs/course system (application to submit new proposals or revise existing courses or programs). If proposals involve multiple programs across departments across the college, I work to submit the proposals on behalf of the departments. This does not happen very often, since most of the proposals affect one department and they have a faculty member who is initiating or sponsoring the proposal.

Last semester in the spring, meetings were organized by the departments to revise our 12 existing master’s degree
programs. Our master’s degree programs in the college have a core set requirements that affect all master degree programs in our college. For example, in the course catalog, our current EPOL EdM requirements are found here <http://catalog.illinois.edu/graduate/education/education-policy-organization-leadership-edm/#degreerequirementstext>. The CI EdM <http://catalog.illinois.edu/graduate/education/curriculum-instruction-edm/#degreerequirementstext> has the same core requirements. SPED EdM <http://catalog.illinois.edu/graduate/education/special-education-edm/#degreerequirementstext> also has the same core requirements with additional courses for their students. There are 12 master’s degree programs in the college.

Last semester, the departments gathered together to revise the 12 existing master’s degree programs to provide students with more options to complete the foundation requirements. The proposal was presented to our APC committee who voted to approve and move forward with the revisions. Over summer, I began the process of submitting the 12 proposals through the CIM, since this revision reflected all of the departments in the college.

In order for me to submit the proposals, I need a letter of support from every Department Head in our college. The letter of support can simply be a reply to this email. I am copying Kary Zarate on this email. Kary represents the SPED program on our APC committee. I am also copying Sarah McCarthey on this email. Last semester, she was the CI Department Head and played an integral part at the meetings for the program revisions. She will be able to answer any specific questions you may have about the revisions. Below is the letter of support I have sent to departments of EPOL, CI, and EPSY. I have received their letters of support. In order to move forward, I will need a letter of support from SPED. Please let me know if you have any questions.

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. College Contact Email: harvey1@illinois.edu

College Budget Officer: Amanda Brown, Toshua York
College Budget Officer Email: tmyork@illinois.edu

List the role for rollbacks (which role will edit the proposal on questions from EPC, e.g., Dept Head or Initiator) and/or any additional stakeholders. Purpose: List here who will do the editing work if proposal needs rolled back. And any other stakeholders.

Does this program have inter-departmental administration?
Yes

Proposal Title

Effective Catalog Term: Fall 2024
Program Justification

Provide a brief description of what changes are being made to the program.

1) Revisions to the Psychological Foundations course list to expand course selection from 12 course-list to any 400 level course in EPSY or EPSY 553. Also, includes 2 additional courses in the Philosophical and Social Foundation select from list, CI 446 & CI 501.

2) Additionally, we have reorganized the program of study for clarity. We moved the minimum number of 500-level hours statement to the Other Requirements. We moved the Thesis requirement row above the coursework. The number of coursework hours was adjusted from 24 to a range of 16-22. This also allowed us to remove the thesis note from the coursework row.

3) We also have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department".

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

No
Why are these changes necessary?

1) Student feedback has resulted in these changes. EPSY Foundations courses were not offered online and thus were not accessible to students. By eliminating the requirement to take specific courses, students will have access to a greater variety of courses and some will be offered online. We have kept EPSY 553, Global Issues in Learning as an option for students to take. Global Issues in Learning addresses issues of learning in different contexts. It is also cross-listed with EPOL 523, which allows many students to take the course. Having a 500 level class in the offerings also allows master’s degree students in education to count it as one of their 500 level courses.

We added courses under the Philosophical and Social Foundations to provide more options to students. By requiring students to take at least one course in another dept, students will broaden their content knowledge in education to understand different disciplinary perspectives.

2) The phrase regarding 400/500 level hours required (originally located under the Elective hours) is not needed, since only 400-500 level courses can count towards the degree. Since foundation courses are being counted towards the 500 level requirement, the statement had moved to the Other Requirements section for clarity. We wanted to separate the required thesis hours from the electives.

3) We have added the statement, "Master’s degree students must take at least one course outside of their degree-granting department" to encourage critical thinking and consider multiple perspectives through different disciplinary lenses.

There will be no change in total hours for the program.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Courses outside of the sponsoring department/interdisciplinary departments

EPOL 552 - Foundation of Higher Education
CI 446 - Culture in the Classroom
CI 501 - Curr Dev for the 21st Century

Please attach any

Letters of Support.pdf
Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.
List the program’s student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

Counseling Psychology Division

Counseling Psychology students will possess a broad knowledge of the core areas of psychology.
Counseling Psychology students will have an understanding of the basic statistical analytical methods, research designs, measurement models, and research approaches.
Counseling Psychology students will demonstrate skills at independently designing, conducting, writing, and presenting research studies.
Counseling Psychology students will be skilled in psychological assessment in all aspects (design, psychometric evaluation, administering, and communicating results) as well as in a variety of contexts (e.g., both environmental and individual assessment).
Counseling Psychology students will have the ability to conceptualize clients from a variety of theoretical and scientifically-informed frameworks, present such a conceptualization to others and establish means and methods to evaluate its accuracy.
Counseling Psychology students will possess theoretical and scientific knowledge regarding skills in the provision of interventions.
Counseling Psychology students will value and develop competence in aspects of diversity and individual differences.
Counseling Psychology students will have knowledge and appreciation of the ethical issues involved in being a psychologist.
Counseling Psychology students will adopt a critical, scientific approach to professional activities.

Developmental Sciences Division

Developmental Sciences students will obtain a broad knowledge of the core areas of developmental research across the lifespan. This includes but is not limited to: a) social and emotional development; b) language and mathematical development; c) academic motivation and future planning/orientation; d) bullying and peer harassment; and e) identity formation with respect to gender, race, and ethnicity.
Developmental Sciences students will develop a deep expertise in a relevant specialized topic within or across these core areas. This includes mastering research findings in a topic area selected by the student, understanding the relevant theoretical perspectives related to this topic and learning about the appropriate methodological approaches to understanding the core area.
Developmental Sciences students will obtain a sophisticated knowledge base of research approaches and analytic tools necessary for contribution to scholarly literature in Developmental Sciences broadly and their specialized topic in particular. Specifically, they will develop skills to independently design, conduct, write, and present/publish research studies related to their area of focus/career path.

Cognitive Science of Teaching and Learning (CSTL) Division

CSTL students will obtain a broad knowledge of the core areas related to the cognitive science of teaching and learning. This includes knowledge of theoretical perspectives, methodological approaches, and key research findings in the core areas of (a) cognition and learning across the lifespan, (b) learning and the psychology of language, (c)
multimodal information processing, and (d) sociocultural dimensions of learning.

CSTL students will obtain a deep expertise in a relevant topic within or cutting across these core areas. This involves mastering theoretical perspectives, methodological approaches, and key research findings in a topic selected by the student. In addition, they will develop skills at independently designing, conducting, writing, and presenting/publishing research studies.

CSTL students will obtain a sophisticated knowledge base of research approaches and analytic tools necessary for contribution to the professional literature and their chosen professional identity/career path. This involves understanding the basic statistical analytical methods, research designs, measurement models, and research approaches.

Studies in Interpretive, Statistical, Measurement, and Evaluative Methodologies for Education (QUERIES) Division

QUERIES students will obtain a broad basic knowledge of the core areas of educational research methodologies, quantitative, qualitative, and evaluative research methods. QUERIES students will obtain a sophisticated knowledge base of quantitative and/or qualitative research approaches and analytic tools necessary for contribution to the professional literature.

QUERIES students in Measurement will become skilled in the development and use of techniques for collecting and analyzing ‘test’ data through the study of measurement methods.

QUERIES students in Statistics will be skilled in traditional and modern quantitative analytic methods.

QUERIES students in Evaluation will have the skills required for Evaluation scholars – in education, social welfare, health services, community development, human resource development, and other domains.

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

Identify faculty expectations for students’ achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Program Description and Requirements

Attach Documents

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study
Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PublicAdminRules2017.pdf). For proposals for new bachelor’s degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

Corresponding Degree

MS Master of Science

Program Features

Academic Level Graduate

Does this major have transcripted concentrations? Yes

Will you admit to the concentration directly? No

Is a concentration required for graduation? No

What is the typical time to completion of this program? 2 years

What are the minimum Total Credit Hours required for this program? 32

What is the required GPA? 3.0

CIP Code 130603 - Educational Statistics and
Research Methods.

Is This a Teacher Certification Program?

No

Will specialized accreditation be sought for this program?

No

Delivery Method

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

Admission Requirements

Desired Effective Admissions Term

Is this revision a change to the admission status of the program?

No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

No changes to enrollment are expected

Estimated Annual Number of Degrees Awarded

Year One Estimate 5th Year Estimate (or when fully implemented)

What is the matriculation term for this program?

Fall

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.)?
beyond what is currently available?
   No

Additional Budget Information

Attach File(s)

Financial Resources

How does the unit intend to financially support this proposal?
   There will not be a financial impact as a result of this revision. This course is expected to be offered each spring semester as normal teaching load within the EPOL Department.

Will the unit need to seek campus or other external resources?
   No

Attach letters of support

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?
   No

Is this program requesting self-supporting status?
   No

Faculty Resources

Please address the impact on faculty resources including any changes in numbers of faculty, class size, teaching loads, student-faculty ratios, etc.

   There will not be an impact as a result of this revision.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

   Library collections, resources and services are sufficient to support this revision.

Subject: Letter of Support for the revision of the College of Education Master’s Degree programs

Dear Sarah, Yoon, Kiel, and Michelle,

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.

Good morning, Lori. After reviewing the proposed revisions to the COE master’s degree programs, I support the changes and believe that students will benefit by expanding the options for foundational courses. Please let me know if you need anything else from me before these revisions can move forward. Thanks.

ML

Subject: Letter of Support for the revision of the College of Education Master's Degree programs

Hi Matt,

Welcome to the college!

I work in the Graduate Programs Office and provide support to our Academic Programs Committee (APC). The APC is responsible for reviewing new or revised programs/courses in the college and making decisions that affect academic policies and programs in the college. Part of my responsibilities with APC include coordinating meetings and provide training to the CIM programs/course system (application to submit new proposals or revise existing courses or programs). If proposals involve multiple programs across departments across the college, I work to submit the proposals on behalf of the departments. This does not happen very often, since most of the proposals affect one department and they have a faculty member who is initiating or sponsoring the proposal.

Last semester in the spring, meetings were organized by the departments to revise our 12 existing master’s degree
programs. Our master’s degree programs in the college have a core set requirements that affect all master degree programs in our college. For example, in the course catalog, our current EPOL EdM requirements are found here <http://catalog.illinois.edu/graduate/education/education-policy-organization-leadership-edm/#degreerequirementstext>. The CI EdM <http://catalog.illinois.edu/graduate/education/curriculum-instruction-edm/#degreerequirementstext> has the same core requirements. SPED EdM <http://catalog.illinois.edu/graduate/education/special-education-edm/#degreerequirementstext> also has the same core requirements with additional courses for their students. There are 12 master’s degree programs in the college.

Last semester, the departments gathered together to revise the 12 existing master’s degree programs to provide students with more options to complete the foundation requirements. The proposal was presented to our APC committee who voted to approve and move forward with the revisions. Over summer, I began the process of submitting the 12 proposals through the CIM, since this revision reflected all of the departments in the college.

In order for me to submit the proposals, I need a letter of support from every Department Head in our college. The letter of support can simply be a reply to this email. I am copying Kary Zarate on this email. Kary represents the SPED program on our APC committee. I am also copying Sarah McCarthy on this email. Last semester, she was the CI Department Head and played an integral part at the meetings for the program revisions. She will be able to answer any specific questions you may have about the revisions. Below is the letter of support I have sent to departments of EPOL, CI, and EPSY. I have received their letters of support. In order to move forward, I will need a letter of support from SPED. Please let me know if you have any questions.

I am writing on behalf of the college to request a letter of support for the revision of the master’s degree programs housed in the College of Education. The revision will request to remove the specific EPSY courses listed in the section: Psychological Foundations Courses in Educational Psychology and replace the courses with any 400 level EPSY course or EPSY 553. We are also requesting your support to add CI 446, CI 415, and CI 501 as optional courses listed under the new heading: Philosophical and Social Foundations Courses in Education Policy, Organization and Leadership and Curriculum & Instruction. These revisions are consistent with the discussion with the Executive Officers and Departmental DGS from EPSY, CI and EPOL during spring 2023. The revision will affect all master’s degree programs housed in the College of Education (see below). Please indicate your support for this revision by replying to this email.
