Program Justification

Provide a brief description of what changes are being made to the program.

(1) Reduce elective hours required for minor from 14 to 12; (2) This subsequently reduces the total hours required for minor by two hours; (3) Change reference of rubric to UP

Did the program content change 25% or more in relation to the total credit hours, since the 2020-2021 catalog. (http://catalog.illinois.edu/archivedacademiccatalogs/2020-2021/)

No
Why are these changes necessary?

(1) This also aligns with the typical number of credit hours in the undergraduate UP courses, where students can take four, 3-credit hour courses for the 12 total elective hours whereas previously the remaining 2-credit hour courses left students to find seminars, one of the few 4-hour undergraduate courses, or take an extra course and earn more hours than needed.

(2) Currently, the total hours required for the undergraduate minor is 20 hours. The campus policy is that undergraduate minors be between 16 and 21 hours. The unit has determined that students will be well qualified to earn this minor even with completing 2 hours less of elective courses, reducing the total hours for the minor to 18.

(3) Course offerings in program of study table was listed as DURP and office of the provost has requested it say UP.

No changes to minor learning outcomes.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

No

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

List the program’s student learning outcomes. Each outcome should identify what students are expected to know and/or be able to do upon completing this program.

By enriching your college major with an Urban Studies and Planning Minor, you will:

- apply problem-solving skills and policy development techniques
- explore a broad range of communities—from local neighborhoods to international “mega-cities”
- explore the historical core of planning
- be introduced to cutting-edge research in urban studies & planning

Describe how, when, and where these learning outcomes will be assessed.
Describe here:

Identify faculty expectations for students’ achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.

Is the career/profession for graduates of this program regulated by the State of Illinois?

No

Program of Study

Baccalaureate degree requires at least 120 semester credit hours or 180 quarter credit hours and at least 40 semester credit hours (60 quarter credit hours) in upper division courses” (source: https://www.ibhe.org/assets/files/PublicAdminRules2017.pdf). For proposals for new bachelor’s degrees, if this minimum is not explicitly met by specifically-required 300- and/or 400-level courses, please provide information on how the upper-division hours requirement will be satisfied.

An undergraduate minor should consist of at least 16 - and no more than 21 hours - of course work, with at least 6 hours of 300- or 400- level courses. Except for clearly remedial offerings, prerequisite courses within the sponsoring unit count towards the total; prerequisite courses outside the sponsoring unit do not count toward this total. The unit sponsoring the minor and that unit’s college may set educationally necessary prerequisites for eligibility for the minor within these constraints. Does this proposal meet these criteria?

Yes

Revised programs Attach a revised Sample Sequence (for undergraduate program) or college-level forms.
