### **STATEMENT OF INTEREST**

#### **Doxey Kamara, Library and Information Science, GRAD**

I am interested in this role because I want to ensure that graduate students are represented in the Committee on Committees. My understanding is that the Committee on Committees organizes the various committees on the Senate, and I believe that graduate student representation here -- particularly from someone like myself, who engages a broad spectrum of graduate students thanks to my work, volunteering, and other commitments. I believe that mindful support from a graduate representative could help the Senate better understand, support, and engage the constituents it represents. It would be an honor and a privilege to be that representative and do right by my peers at the University of Illinois.
