Proposal Title

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberal Arts and Sciences, include the Graduate College for Grad Programs)

Revise the Concentration in Acting in the Master of Fine Arts in Theatre in the College of Fine and Applied Arts and the Graduate College

Does this proposal have any related proposals that will also be revised at this time and the programs depend on each other? Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently and together as needed. Format your response like the following "This BS proposal (key 567) is related to the Concentration A proposal (key 145)"

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

- 1- Increase number of Acting required courses from 48 to 68 (+20)
- 2- Eliminate the category of Departmental approved electives (-20)
- 3- Copy "other requirements" table in POS from MFA Theatre
- 4- Per request of Grad College, providing specific course options which make up the acting and theatre history categories.
- 5- The culminating project is added in the Grad table under 'other requirements'

Did the program content change 25% or more in relation to the total credit hours, since the most recent university accreditation visit? See the italicized text below for more details.

No

Provide the reasoning for why each change was necessary, using a corresponding numbered item list as it relates to the brief description numbered list above.

1 and 2- A Master of Fine Arts in Acting is a professional training degree designed to ensure that all graduates reach a high, consistent level of mastery in core performance competencies. Increasing the number of required courses—and correspondingly reducing the number of electives—formalizes the training that students are already choosing in practice, while strengthening curricular coherence and alignment with professional standards.

In recent years, students have overwhelmingly selected acting- or performance-focused courses when given elective options, and faculty advisors have consistently approved these theatre-focused electives because they directly support the program's training goals. This pattern indicates that the elective structure was, in effect, functioning as additional acting coursework rather than a means of exploring broader academic areas. Additionally, although the curriculum will include more required acting courses, these courses are designed with inherent flexibility to support individualized artistic development. This approach preserves the ability for students to tailor parts of their training to their interests while ensuring that all students engage deeply with the core competencies essential for professional readiness.

3- Previously, this table has been automated over and this provides clarity when looking at CIM-P so it matches the academic catalog.

4- This helps develop the degree audit and allows students to understand what courses they may be register for.

5- Addition of Master's Project. This is not a Thesis, per the Graduate College definition, but helps the Theatre department track the culminating performance project for the MFA acting students.

No change to program learning outcomes or total degree hours.

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes

Student Learning Outcomes

By the end of the program, students will be able to:

Analyze, prepare, and rehearse dramatic material and to collaboratively engage in performance of works for the stage.

Speak clearly and expressively in communication of dramatic material and to develop practices of healthy voice and speech preparation.

Demonstrate acquisition of expressive movement skills, including stage combat techniques, and development of sustainable physical practices of performance.

Understand the expectations of auditioning for and working in professional live and screen performance.

Demonstrate an ability for instruction in acting and performance-related courses, including voice, speech, and movement.

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

No

Describe how, when, and where these learning outcomes will be assessed.

Describe here:

Identify faculty expectations for students' achievement of each of the stated student learning outcomes. What score, rating, or level of expertise will signify that students have met each outcome? Provide rating rubrics as necessary.

Explain the process that will be implemented to ensure that assessment results are used to improve student learning.
