

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN SENATE
COMMITTEE ON EDUCATIONAL POLICY
(Final; Information)

EP.27.043 Report of Administrative Approvals Through October 19, 2026

In accordance with Part B.9.a of the Senate *Bylaws*, "Senate committees are authorized to act for and in the name of the Senate on minor matters. Such actions shall be reported promptly to the Senate..." Below is a listing of items categorized as administrative approvals and approved by the Senate Committee on Educational Policy (EP) in the name of the Senate on the dates indicated. For each program listing, there is no change to the total hours required. Additional information for each approval is attached.

Section 1. This Section Approved by EP on October 5, 2026

A. Graduate Programs

1. **Revise the Master of Science in Crop Sciences in the College of Agricultural, Consumer and Environmental Sciences and the Graduate College (key 187)** – updates credit hours for CPSC 598 in the thesis option from every semester enrolled to every semester minus one; removes CPSC 598 requirement in the non-thesis option; revises the text for elective hours to total the remainder of degree hours for both thesis and non-thesis students and rewords CPSC 599 credit text and updates the credit hours for electives due to change in CPSC 598 credit hours requirement.
2. **Revise the Doctor of Philosophy in Crop Sciences in the College of Agricultural, Consumer and Environmental Sciences and the Graduate College (key 186)** – changes the credit hours of CPSC 598 from every semester enrolled to every semester minus two; adds line in Program of Study table for elective hours totaling remainder of degree hours; and revises the CPSC 599 minimum requirement for entering with MS from 37 to 8 and entering with BS from 49 to 8.

B. Undergraduate Programs

1. **Revise the Bachelor of Fine Arts in Graphic Design in the College of Fine and Applied Arts (key 140)** – revises ARTD 251, ARTD 318, and ARTD 371 from 2 to 3 credit hours; adds ARTD 481 as a major requirement; reduces ARTD 451 from 4 to 3 hours; removes ARTD 270 from the requirements; revises ARTD 351 from 4 to 3 credit hours; updates major requirement total in major table and in summary table; revises the Art History Requirement text from 'Advanced art history (200-level or above)' to 'Additional art history (200-level or above).'; and removes ARTH 211 from the General Education table since it is no longer a course with general education certification.
2. **Revise the Bachelor of Fine Arts in Industrial Design in the College of Fine and Applied Arts (key 141)** – reduces major hours by 3 due to credit reduction of 1 hour each for

ARTD 401, ARTD 402, and ARTD 448; adds ARTD 481 as a major requirement; adds ARTD 485 as a major requirement; reduces major hours by 3 due to removal of ARTD 381; and updates major hours in the major table of the program of study and the summary table at the bottom of the Program of study from 41 to 44.

3. **Revise the Undergraduate Minor in Spanish in the College of Liberal Arts and Sciences (key 255)** – removes footnotes; updates program of study requirements by clarifying the hours and courses included; rephrases learning outcomes; and adds educationally necessary prerequisite information for eligibility to the minor in the CIM-P form.
4. **Revise the Bachelor of Arts in Liberal Arts and Sciences in Spanish in the College of Liberal Arts and Sciences (key 254)** – updates Graduation Requirements statement in the Program of Study table to reflect total hours in the major based on this revision and updates language for consistency with the Teaching of Spanish program; adds statement of 40 hours minimum of upper-division coursework is required in the University Requirements section of the Program of Study table; adds ‘fulfilled by major requirements’ statement to the General Education Requirements table; adds Orientation and Professional Development table in the Program of Study; adds Language Requirements section to the Program of Study table; adds ‘Core Spanish Courses’ header; removes footnotes; updates SPAN course requirements in the program of study requirements by clarifying the hours and courses included; revises the header ‘Supporting course work, a minor, or a second major in an area of study chosen by the student and approved by the advisor’ to instead read “Supporting course work chosen in consultation with an advisor” and updates the range of hours from 15-21 to 15 hours; and rephrases Student Learning Outcomes.
5. **Revise the Bachelor of Arts in Teaching of Spanish in the College of Liberal Arts and Sciences (key 256)** – updates Graduation Requirements statement to reflect total hours 33-49 and updates text for consistency with other Spanish programs; adds statement to University Requirements to indicate that a minimum of 40 hours of upper-division coursework is required; updates Language Requirements in the General Education table to indicate ‘fulfilled by major requirements’; adds the LAS Orientation and Professional Development table; adds Language Requirements section to the Program of Study table; removes SPAN coursework statement and adds 3 separate requirements with specific course lists for students to choose from; separates Core Professional Education Courses table from the Core Spanish Courses table in the Program of Study section; and rephrases the Student Learning Outcomes.

Section 2. This Section Approved by EP on October 12, 2026

A. Graduate Programs

None

B. Undergraduate Programs

1. **Revise the Bachelor of Arts in Liberal Arts and Sciences in Slavic Studies in the College of Liberal Arts and Sciences (key 736)** – updates Program Features to reflect the concentrations, time to completion of the program, and total credit hours; adds Graduation Requirements, University Requirements, General Education Requirements and table, and LAS Orientation and Professional Development table to the Program of Study table; adds links to five concentrations in the Program of Study table; and updates CIM-P learning outcomes.
2. **Revise the Concentration in Polish Studies in the Bachelor of Arts in Liberal Arts and Sciences in Slavic Studies in the College of Liberal Arts and Sciences (key 757)** – updates Graduation Requirements statement to reflect total hours 30-49 and simplifies text in this section; adds statement to the University Requirements section of the Program of Study table to indicate that a minimum of 40 hours of upper-division coursework is required; adds "fulfilled by major requirements" statement to the General Education Requirements table under the Language Requirement; adds Orientation and Professional Development table; adds Language Requirements section to the Program of Study table to show how the four levels of Polish language (16 hours), required for the program, can be met. These courses serve as prerequisites for the courses in the major; adds "Required Slavic Coursework" Header to the Program of Study table; adds "Language" header to the Program of Study table and removes "Language: A minimum of 6 hours beyond the second year of the Polish language: POL 301 and POL 302, or equivalent; or students may choose to complete the second year (200-level sequence) of a second Slavic language, including Russian, in addition to Polish."; removes header "Literature and Culture: A minimum of 24 hours is required in the following areas (POL 401 and POL 402 can count toward the requirements in any category): (24 hours)" and replaces with 3 section headers: Introductory Culture Coursework (6 hours), Literature Survey Coursework (6 hours), and Upper level (300- and 400-level) Slavic Literature and Culture Coursework: (12 hours); adds POL 401 and POL 402 to the upper-level course list; revises "6 hours of Introductory Culture courses:" to "Introductory Culture Coursework" and 6 hours in the table hours column; revises "6 hours of Literature Survey courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department." to "Literature Survey Coursework, Choose two of the following:" and 6 hours in the table hours column and adds courses that fulfill this requirement into the Program of Study table and moves applicable parts of the footnote that is being removed as "Up to 3 hours of other coursework chosen in consultation with the Undergraduate Advisor"; revises "12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen in consultation with the Undergraduate Advisor

from a list maintained in the Slavic Department.” to “Upper level (300- and 400-level) Slavic Literature and Culture Coursework, Choose four of the following:” and the 12 hours in the table hours column and adds the courses that fulfill this requirement and moves applicable parts of the footnote that is being removed as “Up to 6 hours of other coursework chosen in consultation with the Undergraduate Advisor”; removes numbering in the Capstone experience section and removes the statement “Majors should consult with the Undergraduate Advisor to plan their capstone experience.” And replaces it with the header “Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from the following list, in consultation with an Undergraduate Advisor”; and adds Minimum Total Hours for the major to the Program of Study at the bottom to reflect the major and language levels 1-4 should a student need to complete these.

3. **Revise the Concentration in South Slavic Studies in the Bachelor of Arts in Liberal Arts and Sciences in Slavic Studies in the College of Liberal Arts and Sciences (key 759)** – updates Graduation Requirements statement to reflect total hours 30-49 and simplifies text in this section; adds statement to the University Requirements section of the Program of Study table to indicate that a minimum of 40 hours of upper-division coursework is required; adds "fulfilled by major requirements" statement to the General Education Requirements table under the Language Requirement; adds Orientation and Professional Development table; adds Language Requirements section to the Program of Study table to show how the four levels of Bosnian-Croatian-Serbian or Bulgarian language (16 hours), required for the program, can be met. These courses serve as prerequisites for the courses in the major; adds "Required Slavic Coursework" Header to the Program of Study table; adds “Language” header to the Program of Study table and removes “Language: A minimum of 6 hours beyond the second year of the South Slavic language: SCR 301,302-Third-Year Serbian/Croatian I,II- or equivalent; or students may choose to complete the second year (200-level sequence) of a second Slavic language, including Russian, in addition to SCR.”; removes header “Literature and Culture: A minimum of 24 hours is required in the following areas: (24 hours)” and replaces with 3 section headers: Introductory Culture Coursework (6 hours), Literature Survey Coursework (6 hours), and Upper level (300- and 400-level) Slavic Literature and Culture Coursework: (12 hours); revises “6 hours of Introductory Culture courses:” to “Introductory Culture Coursework” and 6 hours in the table hours column; revises “6 hours of Literature Survey courses: Two 200-level literature or cinema courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” to “Literature Survey Coursework. Choose two of the following:” and 6 hours in the table hours column and adds courses that fulfill this requirement into the Program of Study table and moves applicable parts of the footnote that is being removed as “Up to 3 hours of other coursework chosen in consultation with the Undergraduate Advisor”; revises “12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen in consultation with the Undergraduate Advisor

from a list maintained in the Slavic Department.” to “Upper level (300- and 400-level) Slavic Literature and Culture Coursework, Choose four of the following:” and the 12 hours in the table hours column and adds the courses that fulfill this requirement and moves applicable parts of the footnote that is being removed as “Up to 6 hours of other coursework chosen in consultation with the Undergraduate Advisor”; removes numbering in the Capstone experience section and removes the statement “Majors should consult with the Undergraduate Advisor to plan their capstone experience.” And replaces it with the header “Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from the following list, in consultation with an Undergraduate Advisor”; and adds Minimum Total Hours for the major to the Program of Study at the bottom to reflect the major and language levels 1-4 should a student need to complete these.

4. **Revise the Concentration in Ukrainian Studies in the Bachelor of Arts in Liberal Arts and Sciences in Slavic Studies in the College of Liberal Arts and Sciences (key 760)** – updates Graduation Requirements statement to reflect total hours 30-49 and simplifies text in this section; adds statement to the University Requirements section of the Program of Study table to indicate that a minimum of 40 hours of upper-division coursework is required; adds "fulfilled by major requirements" statement to the General Education Requirements table under the Language Requirement; adds Orientation and Professional Development table; adds Language Requirements section to the Program of Study table to show how the four levels of Ukrainian language (16 hours), required for the program, can be met. These courses serve as prerequisites for the courses in the major; adds "Required Slavic Coursework" Header to the Program of Study table; adds “Language” header to the Program of Study table and removes “Language: A minimum of 6 hours beyond the second year of the Ukrainian language: UKR 301, 302- or equivalent; or students may choose to complete the second year (200-level sequence) of a second Slavic language, including Russian, in addition to Ukrainian.”; removes UKR 301 and UKR 302; removes header “Literature and Culture: A minimum of 24 hours is required in the following areas: (24 hours)” and replaces with 3 section headers: Introductory Culture Coursework (6 hours), Literature Survey Coursework (6 hours), and Upper level (300- and 400-level) Slavic Literature and Culture Coursework: (12 hours); revises “6 hours of Introductory Culture courses:” to “Introductory Culture Coursework” and 6 hours in the table hours column; revises “6 hours of Literature Survey courses: Two 200-level literature or cinema courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” to “Literature Survey Coursework. Choose two of the following:” and 6 hours in the table hours column and adds courses that fulfill this requirement into the Program of Study table and moves applicable parts of the footnote that is being removed as “Up to 3 hours of other coursework chosen in consultation with the Undergraduate Advisor”; revises “12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic

Department.” to “Upper level (300- and 400-level) Slavic Literature and Culture Coursework, Choose four of the following:” and the 12 hours in the table hours column and adds the courses that fulfill this requirement and moves applicable parts of the footnote that is being removed as “Up to 6 hours of other coursework chosen in consultation with the Undergraduate Advisor”; removes numbering in the Capstone experience section and removes the statement “Majors should consult with the Undergraduate Advisor to plan their capstone experience.” And replaces it with the header “Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from the following list, in consultation with an Undergraduate Advisor”; and adds Minimum Total Hours for the major to the Program of Study at the bottom to reflect the major and language levels 1-4 should a student need to complete these.

5. **Revise the Concentration in Czech Studies in the Bachelor of Arts in Liberal Arts and Sciences in Slavic Studies in the College of Liberal Arts and Sciences (key 756) –** updates Graduation Requirements statement to reflect total hours 30-49 and simplifies text in this section; adds statement to the University Requirements section of the Program of Study table to indicate that a minimum of 40 hours of upper-division coursework is required; adds "fulfilled by major requirements" statement to the General Education Requirements table under the Language Requirement; adds Orientation and Professional Development table; adds Language Requirements section to the Program of Study table to show how the four levels of Czech language (16 hours), required for the program, can be met. These courses serve as prerequisites for the courses in the major; adds "Required Slavic Coursework" Header to the Program of Study table; adds “Language” header to the Program of Study table and removes “Language: A minimum of 6 hours beyond the second year of the Czech language: CZCH 484 Reading in Czech for 6 hours or equivalent; or students may choose to complete the second year (200-level sequence) of a second Slavic language, including Russian, in addition to Czech.”; adds SLAV 399 to the list of courses to fulfill the Language requirement beyond the second year of the Czech language, when content is appropriate; removes header “Literature and Culture: A minimum of 24 hours is required in the following areas: (24 hours)” and replaces with 3 section headers: Introductory Culture Coursework (6 hours), Literature Survey Coursework (6 hours), and Upper level (300- and 400-level) Slavic Literature and Culture Coursework: (12 hours); revises “6 hours of Introductory Culture courses:” to “Introductory Culture Coursework” and 6 hours in the table hours column; revises “6 hours of Literature Survey courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” to “Literature Survey Coursework. Choose two of the following:” and 6 hours in the table hours column and adds courses that fulfill this requirement into the Program of Study table and moves applicable parts of the footnote that is being removed as “Up to 3 hours of other coursework chosen in consultation with the Undergraduate Advisor”; revises “12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen in

consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” to “Upper level (300- and 400-level) Slavic Literature and Culture Coursework, Choose four of the following:” and the 12 hours in the table hours column and adds the courses that fulfill this requirement and moves applicable parts of the footnote that is being removed as “Up to 6 hours of other coursework chosen in consultation with the Undergraduate Advisor”; removes numbering in the Capstone experience section and removes the statement “Majors should consult with the Undergraduate Advisor to plan their capstone experience.” And replaces it with the header “Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from the following list, in consultation with an Undergraduate Advisor”; and adds Minimum Total Hours for the major to the Program of Study at the bottom to reflect the major and language levels 1-4 should a student need to complete these.

6. **Revise the Concentration in Russian Language, Literature, & Culture in the Bachelor of Arts in Liberal Arts and Sciences in Slavic Studies in the College of Liberal Arts and Sciences (key 758)** – updates Graduation Requirements statement to reflect total hours 30-49 and simplifies text in this section; adds statement to the University Requirements section of the Program of Study table to indicate that a minimum of 40 hours of upper-division coursework is required; adds "fulfilled by major requirements" statement to the General Education Requirements table under the Language Requirement; adds Orientation and Professional Development table; adds Language Requirements section to the Program of Study table to show how the four levels of Russian language (16 hours), required for the program, can be met. These courses serve as prerequisites for the courses in the major; adds "Required Slavic Coursework" Header to the Program of Study table; adds “Language” header to the Program of Study table and removes “Language: A minimum of 6 hours beyond the second year of the Ukrainian language: RUSS 301 and RUSS 302 – Third-Year Russian I, II, or equivalent.”; removes header “Literature and Culture: A minimum of 24 hours is required in the following areas: (RUSS 401 and RUSS 402 - Fourth Year Russian I, II- can count toward the requirements of any category):” and replaces with 3 section headers: Introductory Culture Coursework (6 hours), Literature Survey Coursework (6 hours), and Upper level (300- and 400-level) Slavic Literature and Culture Coursework: (12 hours); revises “6 hours of Introductory Culture courses:” to “Introductory Culture Coursework” and 6 hours in the table hours column; revises “6 hours of Literature Survey courses: Two 200-level literature or cinema courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” to “Literature Survey Coursework” and 6 hours in the table hours column and adds courses that fulfill this requirement into the Program of Study table; revises “12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” to “Upper level (300- and 400-level) Slavic Literature and Culture Coursework” and the 12 hours in the table hours column and

adds the courses that fulfill this requirement and moves applicable parts of the header “Two 400-level literature or culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” that is being removed into the statement “Choose four of the following, a minimum of 6 hours must be at the 400-level”; removes the separate upper-level requirement of “Author courses (6 hrs)” and “Literature and Culture Courses (6 hrs)”; removes numbering in the Capstone experience section and removes the statement “Majors should consult with the Undergraduate Advisor to plan their capstone experience.” And replaces it with the header “Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from the following list, in consultation with an Undergraduate Advisor”; and adds Minimum Total Hours for the major to the Program of Study at the bottom to reflect the major and language levels 1-4 should a student need to complete these.

7. **Revise the Undergraduate Minor in Semiconductor Engineering in the Grainger College of Engineering (key 1199)** – adds 2 courses to the elective list (MSE 422 and SE 413) and clarifies the text for the core and elective courses such that it is clear that students take at least three of the core courses and the remainder of the hours to total 16 from the elective list or in consultation with an advisor.

Proposal Title

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberal Arts and Sciences, include the Graduate College for Grad Programs)

Revise the Master of Science in Crop Sciences in the College of Agricultural, Consumer and Environmental Sciences and the Graduate College

Are there other related proposals that should be considered simultaneously with this one? If yes, please list the program keys and/or titles. Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently and together as needed. Format your response like the following "This BS proposal (key 567) is related to the Concentration A proposal (key 145)"

This MS proposal (key 187) is related to the revised proposal for the PhD program (key 186)

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

1. For thesis option students: We changed the credit hours of CPSC 598 Seminar from every semester enrolled to every semester minus one (of their choosing, upon consultation with their faculty advisor). This change provides greater flexibility for students when they are conducting research in the field and during the semester they are preparing for milestones. We expect most students will choose not to enroll in Seminar the semester of their final defense. We then described this change as "minimum applied towards degree" based on average time of length to complete the degree. Any additional hours of seminar beyond the minimum will count as electives.
2. For non-thesis option: we removed the requirement of CPSC 598 Seminar, as this course content is required for thesis research. The purpose of CPSC 598 seminar is to introduce graduate students to current research in crop production, plant genetics, and plant protection. It provides a broad foundational knowledge of the field that relates to thesis research and dissertation writing. Currently online MS students are not required to take 598, as theirs is a non-thesis degree. We proposed the removal of the 598 requirement for on-campus non-thesis MS students to bring all non-thesis MS degrees in alignment-- as 598 does not meet the curricular needs of all non-thesis MS students (on-campus or online).
3. Revised the text for elective hours to total the remainder of degree hours for both thesis and non-thesis students. We also reworded CPSC 599 credit text to clarify the unclear grammar of the requirement. Originally the wording was "Electives including at least 4 hours of graded coursework at the 500 level other than CPSC 599 (elective courses are chosen in consultation with faculty advisor)" equaling 20 credits. This wording has been misunderstood that CPSC 599 credits could not be taken as part of this requirement. The new wording of 599 credits read: "Electives chosen in consultation with faculty advisor, must include at least 4 hours of graded coursework at the 500 level and may include CPSC 599" equaling 21 credits (with the revised change in removing 1 credit of 598). This new wording clarifies there is no limit on CPSC 599 as part of the elective credit requirement.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

No

Program Features

Academic Level

Graduate

Does this major have transcripted concentrations?

No

What is the longest/maximum time to completion of this program?

2 years

What are the minimum Total Credit Hours required for this program?

32 credit hours

What is the required GPA?

3.0

CIP Code

011102 - Agronomy and Crop Science.

SOC Code(s) (Should be completed only for Certificates:)

Does this program prepare graduates for entry into a career or profession that is regulated by the State of Illinois?

No

Statement for Programs of Study Catalog

This degree program can be completed either on campus or online; with or without a thesis, the requirements are listed below:

Code	Title	Hours
Thesis Option		
CPSC 594	Professional Orientation CPSC	1
CPSC 598	Seminar (Required each semester minus one. Minimum applied toward degree)	3
Electives including at least 4 hours of graded coursework at the 500-level other than CPSC 599 (elective courses are chosen in consultation with faculty advisor)		20
<u>Electives chosen in consultation with faculty advisor, must include at least 4 hours of graded coursework at the 500-level and may include CPSC 599.</u>		<u>21</u>
CPSC 599	Thesis Research (minimum applied toward degree)	7
Total Hours Thesis		32
Non-Thesis Option		
CPSC 594	Professional Orientation CPSC	1

CPSC 598	Seminar (required each semester for on-campus MS program; not required for online MS program)	0 or 4
Electives including at least 4 hours of graded coursework at the 500-level other than CPSC 599 (elective courses are chosen in consultation with faculty advisor)		27-31
<u>Electives including at least 4 hours of graded coursework at the 500 level (elective courses are chosen in consultation with faculty advisor)</u>		<u>31</u>
Total Hours Non-Thesis		32
Other Requirements		
Requirement		
Other requirements and conditions may overlap		
Minimum 500-level Hours Required overall: 12		
Minimum GPA: 3.0

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes

Student Learning Outcomes

Thesis

1. Students will be able to read, understand, knowledgeably discuss and summarize in writing the primary scientific literature of their particular disciplinary research area (bioinformatics and statistics, crop genetic improvement, crop production, plant protection, sustainable food systems, and water quality and environmental systems).
2. Students will assume responsibility and ownership in research project development and execution.
3. Students will acquire professional scientific writing and communication skills.
4. Students will develop the capacity to communicate and collaborate across interdisciplinary boundaries.
5. Students will develop the interpersonal skills to be competitive for career opportunities in plant sciences and agriculture.

Non-Thesis

1. Students will be able to read, understand, knowledgeably discuss and summarize in writing the primary scientific literature of one or more disciplinary areas (bioinformatics and statistics, crop genetic improvement, crop production, plant protection, sustainable food systems, and water quality and environmental systems).
2. Students will acquire professional scientific writing and communication skills.
3. Students will develop the capacity to communicate and collaborate across interdisciplinary boundaries.
4. Students will develop the interpersonal skills to be competitive for career opportunities in plant sciences and agriculture.

Online

1. Students will be able to evaluate crop research methods critically and significantly contribute in the research community.

2. Students will be able to apply principles of crop sciences to determine agronomic problems and formulate and implement practical management.

3. Students will be able to describe and critically review concepts and practices associated with agriculture and the environment.

4. Students will be able to critically assess scientific papers. Students will be able to synthesize concepts to solve complex scientific problems. Thesis-based MS students in Crop Sciences have four learning outcomes (detailed in 2020 updated campus assessment plan) related to critical thinking skills and knowledge development in the field of Crop Sciences. Coursework is evaluated by the instructor via grades and these grades are assessed by the advisor and thesis committee for each student. Each MS thesis student must also complete a thesis defense, which is evaluated by the advisor and thesis committee members for attainment of learning objectives. The thesis committee comprises three faculty members, two of which must be members of the Graduate Faculty. The DGS evaluates the annual self-evaluation and advisor report for adequate progress. The non-thesis MS programs in Crop Science have four learning outcomes (detailed in 2020 updated campus assessment plan) related to critical thinking skills and knowledge development in the field of Crop Sciences. Coursework is evaluated by the instructor via grades and progress in coursework is evaluated by either the DGS (for on-campus programs) or the Director of Online Programs (for the online MS). On-campus MS students must complete a final exam before graduating that evaluates overall content knowledge and integration of knowledge into a critical thinking platform. Similarly online MS students complete a final exam to evaluate content knowledge.

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

No

Program Description and Requirements Attach Documents

Delivery Method

This program is available:

On Campus and Online - 2 program types. Students can receive the entire program either on campus or online. Students can choose to take courses in either modality.

Describe the use of this delivery method:

This program is delivered both online and face-to-face.

Admission Requirements

Is this revision a change to the admission status of the program?

No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Enrollment

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

This revision won't impact enrollment and degrees awarded.

What is the matriculation term for this program?

Fall ONLY

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Financial Resources

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

On campus program at Grad Base Rate and Online program at Base + Differential Rate

Are you seeking a change in the tuition rate or differential for this program?

No

Is this program requesting self-supporting status?

No

Attach letters and self-supporting documents as applicable

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

No additional supports needed for proposed revision.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

No additional financial, faculty, space, and advisor/staff resources are anticipated due to the proposed revisions. The Department of Crop Sciences faculty will continue to offer the existing and added courses under the proposed revisions. Student academic advising will be provided by the current Director of Graduate Studies and the Graduate Coordinator advising team

Program Reviewer Comments

Mary Lowry (lowry) (Tue, 03 Dec 2024 19:17:45 GMT): U Program Review comments: Because the 598 course is not to be taken by online MS students (0 hours), and it is to be taken every semester for up to 2 years by on campus MS students (0-4 hours), the hours for 598 in the POS table should be 0-4. This will appear as a red box because the course is a 1 hour course. This is correct, so it doesn't seem like this proposal is needed.

Mary Lowry (lowry) (Tue, 03 Dec 2024 19:18:11 GMT): Rollback: Please see attached U Course Review comment.

Allison McKinney (agrandly) (Tue, 22 Sep 2026 14:40:23 GMT): Administratively approved.

Proposal Title

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberal Arts and Sciences, include the Graduate College for Grad Programs)

Revise the Doctor of Philosophy in Crop Sciences in the College of Agricultural, Consumer and Environmental Sciences and the Graduate College

Are there other related proposals that should be considered simultaneously with this one? If yes, please list the program keys and/or titles. Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently and together as needed. Format your response like the following "This BS proposal (key 567) is related to the Concentration A proposal (key 145)"

This PhD proposal (key 186) is related to the revised proposal for the MS program (key 187)

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

1. We changed the credit hours of CPSC 598 Seminar from every semester enrolled to every semester minus two (of their choosing, upon consultation with their faculty advisor). This change provides greater flexibility for students when they are conducting research in the field and during the semesters they are preparing for milestones. We expect most students will choose not to enroll in Seminar the semesters of their prelim defenses and final defenses. We then described this change as "minimum applied towards degree" based on average time of length to complete the degree. Any additional hours of seminar beyond the minimum will count as electives.
2. Added line in Program of Study table for elective hours totaling remainder of degree hours
3. Revised the CPSC 599 minimum requirement for entering with MS from minimum 37 to 8; and entering with BS from minimum 49 to 8.

While many students do take CPSC 599 multiple times towards their degrees, placing a minimum requirement of 37 (MS) and 49 (BS) is restrictive. For example, if a student takes more graded coursework (beyond the required 12 hours), they would need less than 37 or 49 hours to reach the required 64 or 96 total hours. The update clarifies the requirement: we propose new wording that states that total elective hours may include CPSC 599 and clarifying the minimum requirement of 8 hours.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes

Student Learning Outcomes

BA Track

1. Students will be able to read, understand, knowledgeably discuss and summarize in writing the primary scientific literature of their particular disciplinary research area (bioinformatics and statistics, crop genetic improvement, crop production, plant protection, sustainable food systems, and water quality and environmental systems).
2. Students will assume responsibility and ownership in research project development and execution. They will also learn to independently conceive and develop their research projects.
3. Students will acquire professional scientific writing and communication skills.
4. Students will develop the capacity to communicate and collaborate across interdisciplinary boundaries.
5. PhD students in Crop Sciences have five learning outcomes (detailed in 2020 updated campus assessment plan) related to critical thinking skills and knowledge development in the field of Crop Sciences. Coursework is evaluated by the instructor via grades and these grades are assessed by the advisor and guidance committee for each student. The PhD guidance committees comprise the advisor three other members of the Graduate Faculty, at least two of which are tenured. PhD students without a previous MS complete a qualifying exam that evaluates content knowledge by the student's guidance committee. All PhD students complete a Preliminary

~~Exam, which includes a written research proposal, that is evaluated by the advisor and guidance committee to assess critical thinking skills, knowledge of the students specific research area, and ability to independently develop a research project. Students will develop~~
~~The final exam, including a public presentation, is evaluated by the interpersonal skills guidance committee to be competitive~~
~~for career opportunities in plant sciences determine communication skills (both oral and agriculture. written) and the ability to~~
~~independently develop and execute a research project.~~

MS Track

1. Students will be able to read, understand, knowledgeably discuss and summarize in writing the primary scientific literature of their particular disciplinary research area (bioinformatics and statistics, crop genetic improvement, crop production, plant protection, sustainable food systems, and water quality and environmental systems).
2. Students will assume responsibility and ownership in research project development and execution. They will also learn to independently conceive and develop their research projects.
3. Students will acquire professional scientific writing and communication skills.
4. Students will develop the capacity to communicate and collaborate across interdisciplinary boundaries.
5. Students will develop the interpersonal skills to be competitive for career opportunities in plant sciences and agriculture.

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

No

Proposal Title

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberal Arts and Sciences, include the Graduate College for Grad Programs)

Revise the Bachelor of Fine Arts in Graphic Design in the College of Fine and Applied Arts

Are there other related proposals that should be considered simultaneously with this one? If yes, please list the program keys and/or titles. Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently and together as needed. Format your response like the following "This BS proposal (key 567) is related to the Concentration A proposal (key 145)"

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

1. ARTD 251, ARTD 318, and ARTD 371 are each revised from 2 to 3 credit hours (+3 hrs): Course revisions for FA 27 are fully approved and generally reflect a shift from 8-week to 16-week courses with credit that reflects the contact hours students spend in studio.
 2. Add ARTD 481 (3 hours, taken twice) as major requirement (+6 hrs): After a program review, this new course, repeated, is fully approved for FA 26 and is now added into the major as a requirement for students to fulfill all program learning objectives and as the field adapts to innovative advances in design.
 3. Reduce ARTD 451 from 4 to 3 hours (-1 hr): This course is being changed from a studio model (4 hours) to a lab model (3 hours), which reduces the course credit hour in the program by 1.
 4. Eliminate ARTD 270 from requirements (-2 hrs): The learning objectives established from this 2 hour course are now met through the other course changes and it will be submitted for deactivation and removed from the major.
 5. ARTD 351 was previously taken twice for 2 hours each time and the course revision has now been fully approved for FA 26 to be taken once for 3 hours (-1 hr).
 6. Update major requirement total in major table and in summary table (+5 hrs): The changes in hours occur in the major requirements (previously 37 now 42, was +5 hours). The additions to the major requirements do not impact students' ability to complete the 122 hour degree. Their degree will consist of 38 hours of Gen Ed (incl LOTE level 3, excluding 6 hours of reqs fulfilled by major reqs); 17 hours of first-year curricula, 9 hours of Arth History, 42 hours of major reqs, 12 hours of A&D electives = 118 hours with 4 hours remaining for free electives.
 7. Revised the Art History Requirement text from 'Advanced art history (200-level or above)' to 'Additional art history (200-level or above). Advanced implies 300 or higher level, but the POS already indicates the arth requirement is 200-400, so additional is a better fit for explanatory language.
 8. ARTH 211 elected to not re-certify its Humanities & the Arts general education standing, so the note in the Gen Ed table is removed. This also revises the sample sequence to require one additional Gen Ed course.
- No changes to total hours in the 122-hour degree.

Note: ARTD 251, ARTD 318, ARTD 351, ARTD 371, and ARTD 451 have been approved with credit hour changes, effective Fall 2027, and will show with red boxes around the credit hours until the Academic Catalog rolls to the next Academic Year, in early 2027. See CIM Course approval documents in the Program of Study section.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

Yes

Please describe:

ARTD 270 will be phased out and deactivated once the current students have completed enrolling as part of their requirements.

Statement for Programs of Study Catalog**Graduation Requirements**

Minimum hours required for graduation: 122 hours.

University Requirements

Minimum of 40 hours of upper-division coursework, generally at the 300- or 400-level. These hours can be drawn from all elements of the degree. Students should consult their academic advisor for additional guidance in fulfilling this requirement.

The University and residency requirements can be found in the Student Code (<https://studentcode.illinois.edu/article3/part8/3-801/>) (§ 3-801) and in the Academic Catalog (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).

General Education Requirements

Follows the campus General Education (Gen Ed) requirements (<https://courses.illinois.edu/gened/DEFAULT/DEFAULT/>). Some Gen Ed requirements may be met by courses required and/or electives in Art and Design.

Code	Title	Hours
Composition I		4-6

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes

Student Learning Outcomes

Acquire proficient skills in recognizing, researching, organizing, 5-Apply knowledge of perception, cognition, and visualizing abstract ideas bodily experience to produce graphic compositions for effective create visual communication of systems that deliver engaging messages across through digital, print, experiential, and speculative media.

Critically select industry standard 4-Identify and emerging use the evolving research methods, frameworks, and industry-standard tools and technology, analyzing their roles technologies of the graphic design and user experience disciplines to generate, reproduce, and distribute visual messages that create positive change in the creation, reproduction, and distribution of visual messages. their communities.

Understand 1-Understand typography as a system and its appropriate use produce readable, legible, and meaningful visual communication pieces for readability, legibility, and conveying meaning across digital and print media.

2-Develop a professional understanding of effective relationships between image and typography to communicate engaging messages. Develop the capability to realize a 3-Identify, research, organize, and visualize design idea ideas through an iterative creative reflective process of research, prototyping, refinement, and implementation, articulating that articulates criticism of the field. the field of graphic design.

Adapt and use evolving research methods and frameworks of the graphic design and user experience disciplines.

4-Identify and use the evolving research methods, frameworks, and industry-standard tools and technologies of the graphic design and user experience disciplines to generate, reproduce, and distribute visual messages that create positive change in their communities. 5-Apply knowledge of perception, cognition, and bodily experience to create visual communication systems that deliver engaging messages through digital, print, experiential, and speculative media. Apply knowledge 6-Develop a critical and reflective orientation toward the diverse professional, social, environmental, and ethical implications of perception, cognition, and embodied experience to multimodal the graphic design practices, enhancing the efficacy of communication through diverse sensory channels. discipline in order to respond to societal challenges.

Recognize and analyze the multifaceted professional, social, environmental, and ethical implications of the graphic design discipline.

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

No

Program Description and Requirements Attach Documents

Delivery Method

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

Admission Requirements

Is this revision a change to the admission status of the program?

No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Enrollment

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

No impact on enrollment is anticipated.

What is the matriculation term for this program?

Fall ONLY

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Financial Resources

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

FAA Undergraduate Differential

Are you seeking a change in the tuition rate or differential for this program?

No

Attach letters and self-supporting documents as applicable

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

There are thirteen core faculty with a program chair, undergraduate coordinator, and undergraduate academic advisor. With 184 students in the major, students have access to Digital Labs, 3D Fab Labs, Galleries and Installation Spaces, and more in the Art and Design Building and Flagg Hall.

There are no anticipated needs for resources, facilities, or increased support or financial expenses as a result of this program proposal.

A&D students work in dedicated studio spaces and have access to our extensive laboratory, workshop, and exhibition resources. The equipment housed in our labs range from state of the art 2D/3D digital output to traditional woodworking equipment and from digital photographic printing to chemical darkrooms. Our digital labs provide students access to a wide range of hardware and technology, including over 100 MacOS and Windows workstations, professional film and flatbed scanners, 10 large format photo quality inkjet printers, as well as laser printing, vinyl printing/cutting, 3D printing, Risograph printing, CNC embroidery, and laser cutting equipment. Software available includes industry standard applications for photo/video editing, sound design, page layout, 3D modeling and rendering, and animation. The Checkout Window provides Art + Design students the opportunity to take advantage of our wide selection of equipment and work spaces. Equipment available to students at the Checkout Window includes professional DSLR and mirrorless cameras and lenses, digital video cameras, tripods, dollies, glidecams, and sliders, audio recording equipment, digital projection and exhibition equipment, iPads, medium and large format film cameras, film and print processing tools, continuous and strobe lighting equipment, and much more! The School of Art & Design maintains several workshops equipped with a wide selection of hand and power tools for the manipulation of wood, metal, and other three-dimensional materials. The 3D Fabrication labs feature everything from traditional hand tools to plasma cutters, welders, a vacuum former, CNC routers, and a waterjet cutter. Our two state-of-the-art photography studios are equipped with professional strobe and continuous lights, backdrops, and a wide variety of tools and light modifiers. These studios are ideal for creating your own studio-based photographs and videos, or for documenting and photographing other artworks and models you make. The recently renovated darkroom complex includes film processing, 20 enlarging stations, and other resources. The Checkout Window maintains a large inventory of darkroom accessories, film and digital cameras, and other equipment. In addition, all students registered for Photography courses that use the darkrooms also have full

access to computer labs, which have film, slide, and flatbed scanning, as well as a wide variety of digital output devices. The Ink Lab is home to printing presses and equipment for a wide range of printmaking processes, including screenprint, intaglio, relief, lithography, and letterpress. This comprehensive print studio lets students combine traditional printmaking processes with digital technologies available in other Art & Design labs, such as use of CNC router and laser cutter, to create print matrices. The textile lab is a large well-equipped space with the tools need to create work from fashion to soft sculpture. Students have access to sewing machines and body forms, as well as tools in the Digital Labs such as CNC embroidery, laser cutting, and fabric transfer vinyl. We host open studios in the Art & Design Building and Flagg Hall for individual explorations of processes and techniques for students with facilities access. They are all open 24 hours a day, 7 days a week. At the undergraduate level, majors have individual spaces in large group studio environments.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library specialist Emilee Mathews in the Ricker Library was consulted to discuss the impact of this program proposal and replied on August 31, 2026: "I don't have concerns about the library's ability to support these program revisions via collections, resources, and services."

Proposal Title

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberal Arts and Sciences, include the Graduate College for Grad Programs)

Revise the Bachelor of Fine Arts in Industrial Design in the College of Fine and Applied Arts

Are there other related proposals that should be considered simultaneously with this one? If yes, please list the program keys and/or titles. Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently and together as needed. Format your response like the following "This BS proposal (key 567) is related to the Concentration A proposal (key 145)"

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

1. Reduce major hours by 3 due to credit reduction of 1 hour each for FA 27 of ARTD 401 and ARTD 402 and ARTD 448. Each of these course revisions are already fully approved. (-3 hours)
2. Add ARTD 481 as a major requirement, taken twice. This new course for FA 26 will be multi-disciplinary in nature and engage students across design majors through varied projects and topics. (+6 hours).
3. Add ARTD 485 as a major requirement. This new course for SUM 26 now provides an academic means to educate students on technically complex prototyping for the product design process and exposes them to cutting edge prototyping tools and processes used in the Industrial Design field. With the changes in the ID landscape, this course will contribute to the skillset ID grads need in the 2030s. It can be taken anytime in junior or senior year. (+3 hours)
4. Reduce major hours by -3 due to removal of ARTD 328. This course will still be a regularly offered design elective, but was determined to not be required for all students to meet the program learning outcomes. Students still acquire the same core skills through design projects in other core courses.
5. Update major hours in the major table of the POS and the summary table at the bottom of the POS from 41 to 44 (+3). This is the second part of a two-part curricular revision. In FA26, the first part reduced the major requirements from 45 to 41 hours by reducing four courses by 1 hour each. That reduction was made in preparation for this second phase of the curriculum revision. Therefore, although the current revision reflects an increase of 3 major hours (41 to 44), the overall two-part curricular revision results in a net increase of only 1 major hour, from the original 45 to 44.

Note: The program learning outcomes have not changed with this program revision. These changes were prompted in order to bring the curriculum of the ID BFA student outcomes into better alignment with the existing program learning outcomes. Some changes reflect what was already being taught informally since there hadn't been revisions since that last ID BFA student outcomes changes in 2021. Several other of these program changes involve re-packaging content into more effective formats and incorporating the curricular spiral to ensure students are learning skills and knowledge at the most advantageous times and then purposefully incorporating opportunities to revisit skills and knowledge at higher levels with more complex design prompts and greater independence that mirrors work in the profession.

Note: ARTD 401, ARTD 402, and ARTD 408 have been approved with credit hour changes, effective Fall 2027, and will show with red boxes around the credit hours until the Academic Catalog rolls to the next Academic Year, in early 2027. See CIM Course approval documents in the Program of Study section.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

No

Program Features

Academic Level

Undergraduate

Does this major have transcribed concentrations?

No

What is the longest/maximum time to completion of this program?

4 years

What are the minimum Total Credit Hours required for this program?

122 hours

Statement for Programs of Study Catalog

Graduation Requirements

Minimum hours required for graduation: 122 hours.

University Requirements

Minimum of 40 hours of upper-division coursework, generally at the 300- or 400-level. These hours can be drawn from all elements of the degree. Students should consult their academic advisor for additional guidance in fulfilling this requirement.

The University and residency requirements can be found in the Student Code (<https://studentcode.illinois.edu/article3/part8/3-801/>) (§ 3-801) and in the Academic Catalog (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).

General Education Requirements

Follows the campus General Education (Gen Ed) requirements (<https://courses.illinois.edu/gened/DEFAULT/DEFAULT/>). Some Gen Ed requirements may be met by courses required and/or electives in Art and Design.

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes

Student Learning Outcomes

1. Research...the ability to select and use appropriate research and experimental methods, to access existing data sources or to generate new data, to analyze and draw insights for future work, with particular emphasis on identifying human needs
2. Creative synthesis...the ability to produce creative proposals from investigation, or in response to identified opportunities or requirements, using appropriate thinking, modeling and making strategies, taking account of users, audience, market needs, makers, producers or exhibitors as appropriate
3. Production...the ability to select and use appropriate making and manufacturing processes in your own work, with an understanding of the potential of new technologies
4. Organization....the ability to plan and implement action, identifying targets and organizing resources, effectively managing self and collaborations with others
5. Communication...the ability to use various forms of communication as appropriate to elicit information, to explain, to debate and persuade, adapting to audience and situations
6. Conceptualization...the ability to realize an idea through an iterative creative making process of refinement
7. Understanding impacts...of the diverse professional, social, and ethical effects of the industrial design discipline
8. Contextualization...the ability to understand the multiple contexts of design practice, including the historical, theoretical, critical, professional, cultural, environmental and technological
9. Learning...the ability to carry out independent learning as a basis for academic study, lifelong learning and for personal professional development including the ability to independently evaluate your own work with the aim of improving and developing your own practice

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

No

Program Description and Requirements Attach Documents**Delivery Method****This program is available:**

On Campus - Students are required to be on campus, they may take some online courses.

Admission Requirements**Is this revision a change to the admission status of the program?**

No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Enrollment

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

There is no change for admissions requirements and no anticipated impact on enrollment or degrees awarded.

What is the matriculation term for this program?

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

The BFA in Industrial Design is one of the school's degree programs that consistently attracts large numbers of applicants. Due to retirements and departures of 3 specialized faculty in 2024, and feedback from the School of A&D's accreditation organization NASAD in 2022 & 2023, and that organization's requirement that the school hire more tenure-track faculty, ID has hired 5 new TT faculty in the past 3 years and one adjunct faculty member. These TT-faculty hires completed in 2024 & 2025 and their updated skills are the only financial supports that were needed to respond to the curriculum revisions in this proposal.

The program also has ~~There are nine core faculty with~~ a program-area faculty curriculum coordinator, undergraduate coordinator, and undergraduate academic advisor. With 125 students in the major, students have access to Digital Labs, 3D Fab Labs, Galleries and Installation Spaces, and more in the Art and Design Building and Flagg Hall. There are no anticipated needs for resources, facilities, or increased support or financial expenses as a result of this program proposal.

A&D students work in dedicated studio spaces and have access to our extensive laboratory, workshop, and exhibition resources. The equipment housed in our labs range from state of the art 2D/3D digital output to traditional woodworking equipment and from digital photographic printing to chemical darkrooms. Our digital labs provide students access to a wide range of hardware and technology, including over 100 MacOS and Windows workstations, professional film and flatbed scanners, 10 large format photo quality inkjet printers, as well as laser printing, vinyl printing/cutting, 3D printing, Risograph printing, CNC embroidery, and laser cutting equipment. Software available includes industry standard applications for photo/video editing, sound design, page layout, 3D modeling and rendering, and animation.

The Checkout Window provides Art + Design students the opportunity to take advantage of our wide selection of equipment and work spaces.

Equipment available to students at the Checkout Window includes professional DSLR and mirrorless cameras and lenses, digital video cameras, tripods, dollies, glidecams, and sliders, audio recording equipment, digital projection and exhibition equipment, iPads, medium and large format film cameras, film and print processing tools, continuous and strobe lighting equipment, and much more!

The School of Art & Design maintains several workshops equipped with a wide selection of hand and power tools for the manipulation of wood, metal, and other three-dimensional materials. The 3D Fabrication labs feature everything from traditional hand tools to plasma cutters, welders, a vacuum former, CNC routers, and a waterjet cutter. Our two state-of-the-art photography studios are equipped with professional strobe and continuous lights, backdrops, and a wide variety of tools and light modifiers. These studios are ideal for creating your own studio-based photographs and videos, or for documenting and photographing other artworks and models you make. The recently renovated darkroom complex includes film processing, 20 enlarging stations, and other resources. The Checkout Window maintains a large inventory of darkroom accessories, film and digital cameras, and other equipment. In addition, all students registered for Photography courses that use the darkrooms also have full access to computer labs, which have film, slide, and flatbed scanning, as well as a wide variety of digital output devices. The Ink Lab is home to printing presses and equipment for a wide range of printmaking processes, including screenprint, intaglio, relief, lithography, and letterpress. This comprehensive print studio lets students combine traditional printmaking processes with digital technologies available in other Art & Design labs, such as use of CNC router and laser cutter, to create print matrices. The textile lab is a large well-equipped space with the tools need to create work from fashion to soft sculpture. Students have access to sewing machines and body forms, as well as tools in the Digital Labs such as CNC embroidery, laser cutting, and fabric transfer vinyl. We host open studios in the Art & Design Building and Flagg Hall for individual explorations of processes and techniques for students with facilities access. They are all open 24 hours a day, 7 days a week. At the undergraduate level, majors have individual spaces in large group studio environments. At the graduate level, students have dedicated studios.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Library specialist Emilee Mathews in the Ricker Library was consulted to discuss the impact of this program proposal and replied on August 31, 2026: "I don't have concerns about the library's ability to support these program revisions via collections, resources, and services."

Proposal Title

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberal Arts and Sciences, include the Graduate College for Grad Programs)

Revise the Undergraduate Minor in Spanish in the College of Liberal Arts and Sciences

Are there other related proposals that should be considered simultaneously with this one? If yes, please list the program keys and/or titles. Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently and together as needed. Format your response like the following "This BS proposal (key 567) is related to the Concentration A proposal (key 145)"

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

1. Footnotes have been removed for digital accessibility.
2. The POS previously had a range of courses (2-3) to be taken at the 200 and 300-/400- level, designated as "2 to 3 additional SPAN courses at the 200-level" and "2 to 3 SPAN courses at the 300- or 400-level". For clarity each is now defined as two courses in each and one course as an elective.

The POS remains at 18 hours but courses under each heading have been explicitly listed for transparency.

"Two 200-level SPAN courses, chosen from:" header with 6 hours includes:

The following 200-level courses added to the POS include: SPAN 210, SPAN 212, SPAN 214, SPAN 218, SPAN 232, SPAN 250, SPAN 252, SPAN 254, SPAN 295, and SPAN 299. A qualifying statement was added to SPAN 299 as study abroad programs but be approved by an academic advisor.

"Two 300-/400-level SPAN courses, chosen from:" header with 6 hours includes:

The following 300-/400-level courses added to the POS include: SPAN 303, SPAN 305, SPAN 207, SPAN 308, SPAN 309, SPAN 310, SPAN 312, SPAN 316, SPAN 318, SPAN 320, SPAN 324, SPAN 326, SPAN 330, SPAN 395, SPAN 399, SPAN 490, and Additional 400-level SPAN courses in consultation with an advisor. A qualifying statement was added to SPAN 399 as study abroad programs but be approved by an academic advisor.

"One additional SPAN elective at the 200-level or higher chosen from above course lists, or chosen from:" header with 3 hours includes:

The electives course list includes all courses previously listed in the 200-level and the 300-/400-level course lists and: SPAN 240, SPAN 242, SPAN 246, SPAN 248, SPAN 418, SPAN 435, SPAN 436, SPAN 442, SPAN 460, SPAN 489, BASQ 401, BASQ 402, LAST 445, PORT 400, PORT 401, PORT 402, QUEC 410, QUEC 420. This incorporates the old footnote identifying courses that can count as electives but because they are not taught in Spanish are separated from the other two lists. The footnote was removed for digital accessibility.

This elective list is consist with the elective list represented in the Spanish, BALAS (Key 254) and the Teaching of Spanish, BA (Key 256).

3. Learning outcomes were rephrased to reflect LAS standards.

4. There are educationally necessary prerequisites for eligibility to this minor and therefore the answer to "Are they any prerequisites for the proposed minor?" was changed to YES. Additionally, detailed information about what those consist of have been added. Students will need to have completed the Spanish Language Requirement of levels 1-4 equivalent to SPAN 101, SPAN 102, SPAN 201, and SPAN 203 (or SPAN 205) taken in high school, prerequisite credit taken through appropriate transfer courses, or by demonstrating proficiency at the fourth-semester level in a language proficiency examination approved by the College of LAS and the appropriate department. This is not a change to current practice but we are revising the CIM-P information for clarity for reviewers.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Please email the Department Head or a CIM User in the Department Head role of the units that own the courses that are impacted by the creation/revision/phase down or elimination of this program. For example, if you are adding a course, you will need support from the course owning unit to do so. Likewise, if you are removing a course or adding additional courses where enrollment in existing courses in the program of study could be impacted, you will need acknowledgement from the course owning unit. If the program has potential for perceived overlap with another unit on campus, you should have consultation with the other unit/stakeholders. Once this is complete, acknowledge that you have done so below.

Acknowledged

Indicate which departments/units/stakeholders were notified/consulted by listing the name of the department(s). For example, if you are adding a course owned by the Department of Philosophy and a course owned by the Department of Theatre and notified the units accordingly, you would include in the box below: 1. Department of Philosophy; 2. Department of Theatre.

1. Department of Latina/Latino Studies

2. Department of French

3. Department of Slavic Languages & Literature

4. Department of Linguistics

5. Department of Latin American & Carib Studies

Please attach any letters of support/acknowledgement for any Instructional Resources. Consider faculty, students, and/or other impacted units as appropriate.

Program Features

Academic Level

Undergraduate

Does this program prepare graduates for entry into a career or profession that is regulated by the State of Illinois?

No

Program of Study

An undergraduate minor should consist of at least 16 - and no more than 21 hours - of course work, with at least 6 hours of 300- or 400- level courses. Except for clearly remedial offerings, prerequisite courses within the sponsoring unit count towards the total; prerequisite courses outside the sponsoring unit do not count toward this total. The unit sponsoring the minor and that unit's college may set educationally necessary prerequisites for eligibility for the minor within these constraints. Does this proposal meet these criteria?

Yes

Revised programs

<u>Minimum Total Hours:</u>		<u>18</u>

¹ With permission of the advisor, students will be able to take one SPAN course at the 200-level or higher that is taught in a language other than Spanish. Or, one 200-level SPAN course can be substituted with a language course in CATL, BASQ, PORT or LAST (Quechua), from among the following options: BASQ 401, BASQ 402; CATL 401, CATL 402, PORT 401, PORT 402; and LAST 445. This course does not count for advanced hours and does not substitute for SPAN 228.

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes

Student Learning Outcomes

By the end of this program, students will be able to:

1. Demonstrate intellectual reasoning and disciplinary knowledge.

Acquire ~~Our department developed~~ and apply broad and deep knowledge of ~~follows~~ the Spanish language and ~~Student Learning Outcomes-assessment-plan-required-by~~ the cultures of the Spanish-speaking world. ~~Provost's office:~~

2. Demonstrate translingual competence.

Understand and analyze the nature of the Spanish language, language in general, and the social dimensions of language, and demonstrate intercultural communicative competence.

3. Demonstrate transcultural competence.

Through critical reflection, understand and analyze the products, practices, and perspectives of their own culture, the cultures of the Spanish-speaking world, and the nature of culture itself.

4. Demonstrate communicative competence in Spanish.

Develop intermediate proficiency in reading, writing, listening, and speaking Spanish in accordance with the proficiency standards of the American Council on the Teaching of Foreign Languages (ACTFL). ~~Every two years we explore one faculty-identified question about our students' learning outcomes and then document our findings and implement any necessary changes. While this process is developed for degrees, not minors, our Spanish minors are in the same courses as our Spanish majors. Therefore, our Spanish minors' learning is also measured in the assessment cycle. The Spanish minor is not tied any licensure, certification or entitlement requirements.~~

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

No

Program Description and Requirements Attach Documents

Delivery Method

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

Enrollment

Will the department limit enrollment to the minor?

No

Describe how the department will monitor the admission to/enrollment in the minor.

Minor declaration request forms are routed to the Spanish Director of Undergraduate Studies who reviews them.

Are there any prerequisites for the proposed minor?

Yes ~~No~~

List the prerequisites including course titles and number of credit hours for each prerequisite course, and whether or not these prerequisites count in the total hours required for the minor.

There are educationally necessary prerequisites for eligibility for the minor. Students will need to have completed the Spanish Language Requirement of levels 1-4 equivalent to SPAN 101, SPAN 102, SPAN 201, and SPAN 203 (or SPAN 205) taken in high school, prerequisite credit taken through appropriate transfer courses, or by demonstrating proficiency at the fourth-semester level in a language proficiency examination approved by the College of LAS and the appropriate department.

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

There is no anticipated impact for this revision on the degrees awarded or enrollment.

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

These proposed revisions to the minor in Spanish will be supported through existing academic, financial, advising, instructional, and research resources within the Department of Spanish and Portuguese, the School of Literatures, Cultures, and Linguistics, and the College of LAS. The proposal is a revision of a long-existing minor and therefore does not require new faculty or staff positions at program launch.

Financial Support. The program will be funded through the existing LAS mechanisms. No additional campus or external funding is anticipated at this time.

Faculty Support. The curriculum is built primarily from existing courses currently offered by the Department of Spanish and Portuguese.

Advising and Staff Support. The majority of academic advising will be provided by the Department of Spanish and Portuguese, which serves as the administrative home of the program. The Academic Advisor and the Director of Undergraduate Studies will oversee curriculum planning, monitor student progress toward degree completion, and provide guidance regarding career and graduate school opportunities. Students will also have access to existing career services within the College of LAS.

Space and Facilities. No new facilities are required. The program will utilize existing classrooms, laboratories, research facilities, and instructional spaces currently maintained by the Department, SLCL, and LAS.

Future Support Needs. Existing college and departmental resources are expected to be sufficient to support the projected enrollment growth, and no additional facilities or major infrastructure investments are anticipated.

No new facilities, major renovations, or significant improvements to existing facilities are anticipated. The program will utilize existing instructional, laboratory, research, and advising resources within the Department of Spanish and Portuguese and SLCL.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

The proposal team consulted with Paula Carns and, based upon their input, determined that the Library's resources, collections, and services are sufficient to meet the needs of the program outlined in this proposal.

Format your response like the following "This BS proposal (key 567) is related to the Concentration A proposal (key 145)"

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

1. The Graduation Requirements statement was updated to reflect total hours 48-64. This range of hours includes Language Requirements and the potential of up to 16 additional hours to complete the degree requirements when completing LOTE Levels 1-4. The language in this section was updated to match the Teaching of Spanish program (key 256) for consistency. It was "normally equates to 48 hours, including 33 hours in Spanish courses at the 200-level or higher." and now "normally equates to 48-64 hours."
2. A statement has been added to the University Requirements section of the POS to indicate that a minimum of 40 hours of upper-division coursework is required, per campus requirements.
3. A "Fulfilled by major requirements" statement has been added to the General Education Requirements table under the Language Requirement, per Office of the Provost initiatives for transparency and accessibility to indicate that this requirement is fulfilled by Spanish LOTE Levels 1-4.
4. The Orientation and Professional Development table has been added, per LAS requirements.
5. For transparency, a Language Requirements section has been added to the POS to show how the four levels of Spanish language (16 hours), required for the program, can be met. These courses serve as prerequisites for courses in the major.
6. The "Core Spanish Courses" Header was added, replacing the 33 hours of SPAN courses to be consistent with Teaching of Spanish program (key 256) naming conventions.
7. Footnotes have been removed from the POS to adhere to campus digital accessibility standards.
8. The POS previously had a range of courses 4-6 to be taken at the 200 and 300-/400- level, designated as "4 to 6 200-level SPAN courses" and "4 to 6 300- and/or 400-level SPAN courses".

This was not a correct representation of how a student was to complete these hours so clarifying language was added in the form of headers with the footnotes incorporated within each. Previously, if a student chose 4 courses at the 200 level they would then need to choose 6 courses at the 300-/400- level to reach the total Spanish hours. Alternatively, if a student chose 6 courses at the 200 level, they would need to choose four courses at the 300-/400- level. Now it is clear that students need to take four courses of each and 2 SPAN electives at the 200- level or higher to complete their degree. Course lists under each, 200-level, 300-/400-level, and SPAN electives have been added to the program of study.

"Four (4) 200-level SPAN courses (Instruction in Spanish)" header with 12 hours includes:

The list of 200-level SPAN courses includes: SPAN 210, SPAN 212, SPAN 214, SPAN 218, SPAN 232, SPAN 250, SPAN 252, SPAN 254, SPAN 295, SPAN 299. A qualifying statement was added to SPAN 299 as study abroad programs but be approved by an academic advisor.

"Four (4) 300-/400-level SPAN courses (Instruction in Spanish)" header with 12 hours includes:

The list of 300-/400-level SPAN courses includes: SPAN 303, SPAN 305, SPAN 307, SPAN 308, SPAN 310, SPAN 312, SPAN 316, SPAN 318, SPAN 320, SPAN 324, SPAN 326, SPAN 330, SPAN 395, SPAN 399, SPAN 490, SPAN 491, and Additional 400-level SPAN courses in consultation with an advisor. A qualifying statement was added to SPAN 399 as study abroad programs but be approved by an academic advisor.

"Two (2) additional SPAN electives at the 200-level or higher chosen from above course lists, or" header with 6 hours includes:

The electives course list includes all courses previously listed in the 200-level and the 300-/400-level course lists and: SPAN 240, SPAN 242, SPAN 246, SPAN 248, SPAN 418, SPAN 435, SPAN 436, SPAN 442, SPAN 460, SPAN 489, BASQ 401, BASQ 402, LAST 445, PORT 400, PORT 401, PORT 402, QUEC 410, QUEC 420. This elective list allows us to incorporate previous footnote 1 into our POS.

These changes were made to make it clear the requirements of the the program and to bring departmental course lists into the POS for student transparency and accessibility.

9. "Supporting course work, a minor, or a second major in an area of study chosen by the student and approved by the advisor" header was changed to "Supporting course work chosen in consultation with an advisor". Supporting coursework hours changed from 15-21 hours to only 15 hours to keep the total hours in the major the same, 48. This was done to reflect that a second major or minor is not required. The range of hours was removed and accounted for in the changes made to the distribution of hours under the new headers.

10. Student Learning Outcomes were rephrased to reflect LAS standards.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Please email the Department Head or a CIM User in the Department Head role of the units that own the courses that are impacted by the creation/revision/phase down or elimination of this program. For example, if you are adding a course, you will need support from the course owning unit to do so. Likewise, if you are removing a course or adding additional courses where enrollment in existing courses in the program of study could be impacted, you will need acknowledgement from the course owning unit. If the program has potential for perceived overlap with another unit on campus, you should have consultation with the other unit/stakeholders. Once this is complete, acknowledge that you have done so below.

Acknowledged

Indicate which departments/units/stakeholders were notified/consulted by listing the name of the department(s). For example, if you are adding a course owned by the Department of Philosophy and a course owned by the Department of Theatre and notified the units accordingly, you would include in the box below: 1. Department of Philosophy; 2. Department of Theatre.

1. Department of Latina/Latino Studies

2. Department of French

3. Department of Slavic Languages & Literature

4. Department of Linguistics

5. Department of Latin American & Carib Studies

Please attach any letters of support/acknowledgement for any Instructional Resources. Consider faculty, students, and/or other impacted units as appropriate.

Program Features

Academic Level

Undergraduate

Does this major have transcribed concentrations?

No

What is the longest/maximum time to completion of this program?

4 years

What are the minimum Total Credit Hours required for this program?

120

CIP Code

160905 - Spanish Language and Literature.

SOC Code(s) (Should be completed only for Certificates:)

Does this program prepare graduates for entry into a career or profession that is regulated by the State of Illinois?

No

Program of Study

Provide detailed information (course rubrics, numbers, and credit hours) of how a student could obtain 40 credit hours of upper-division coursework.

SPAN 201 LOTE Level 3 (4 hours)

SPAN 203 or SPAN 205 LOTE Level 4 (4 hours)

SPAN 228 requires LOTE Levels 1-4 (3 hours)

Four (4) 200-level SPAN courses (Instruction in Spanish) all listed courses require LOTE Levels 1, 2 or LOTE Levels 1-4 (12 hours)

Four (4) 300-/400-level SPAN courses (Instruction in Spanish) (12 hours)

For the remaining 5 hours of upper-division coursework, students can use free electives and/or supporting coursework, for which there are 23 hours allotted in the sample sequence. ~~The revision to add the gen-ed table does not include 40 hours of upper-division assessment.~~

Revised programs

SpanishBALAS_SampleSequence_v2.docx

Statement for Programs of Study Catalog

~~Graduation Requirements~~ Graduation Requirements

Minimum hours required for graduation: 120 hours. Minimum hours required major and supporting coursework: ~~course-work:~~ normally equates to 48-64 hours. ~~48 hours, including 33 hours in Spanish courses at the 200-level or higher.~~ Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

University Requirements

Minimum of 40 hours of upper-division coursework, generally at the 300- or 400-level. These hours **The university and residency requirements** can be drawn from all elements of the degree. Students should consult their academic advisor for additional guidance found in fulfilling this requirement. The university and residency requirements can be found in the Student Code (<https://studentcode.illinois.edu/article3/part8/3-801/>) (§ 3-801) and in the Academic Catalog (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).

General Education Requirements

Follows the campus (<https://courses.illinois.edu/gened/DEFAULT/DEFAULT/>) **General Education** (Gen Ed) requirements. Some Gen Ed requirements may be met by courses required and/or electives in the program.

Program Regulation and Assessment**Plan to Assess and Improve Student Learning**

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes

Student Learning Outcomes

By the end ~~Through critical reflection, students of this program, students~~ Spanish will have developed and/or improved ~~understand and analyze the products, practices and perspectives of their abilities in: own culture, cultures of the Spanish-speaking world and the nature of "culture" itself.~~

1) Intellectual Reasoning and Knowledge

Definition: Students of Spanish will acquire and apply broad and deep knowledge of the ~~about the~~ Spanish language and the cultures of the ~~of the~~ Spanish-speaking world.

2) Translingual Competence ~~competence~~

Definition: Students of Spanish will understand and analyze the nature of the Spanish language, language ~~"languages"~~ in general, and the social dimensions ~~nature~~ of language, and will ~~languages and~~ demonstrate intercultural communicative competence.

3) Transcultural Competence ~~competence~~

Definition: Through critical reflection, In reading, writing, listening comprehension and speaking, students of Spanish will understand and analyze ~~acquire advanced proficiency in Spanish as described by the products, practices, and perspectives of their own culture, standards set by the cultures of American Council on the Spanish-speaking world, and the nature of culture itself. Teaching of Foreign Languages (ACTFL).~~

~~Through critical reflection, students of Spanish will understand and analyze the products, practices and perspectives of their own culture, cultures of the Spanish-speaking world and the nature of "culture" itself.~~

4) Communicative Competence in Spanish
Definition: In reading, writing, listening, and speaking, students will develop advanced proficiency in Spanish as defined by the standards of the American Council on the Teaching of Foreign Languages (ACTFL). ~~In reading, writing, listening comprehension and speaking, students will acquire advanced proficiency in Spanish as described by the standards set by the American Council on the Teaching of Foreign Languages (ACTFL).~~

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

Yes ~~No~~

Program Description and Requirements Attach Documents

Delivery Method

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

Admission Requirements

Is this revision a change to the admission status of the program?

No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Enrollment

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

This revision should have no impact on enrollment and degrees awarded.

What is the matriculation term for this program?

Fall ONLY

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Financial Resources

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?

No

Attach letters and self-supporting documents as applicable

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

These proposed revisions will be supported through existing academic, financial, advising, instructional, and research resources within the Department of Spanish and Portuguese, the School of Literatures, Cultures, and Linguistics, and the College of LAS. The proposal is a revision of a long-existing major and therefore does not require new faculty or staff positions at program launch.

Financial Support. The program will be funded through the existing LAS mechanisms. No additional campus or external funding is anticipated at this time.

Faculty Support. The curriculum is built primarily from existing courses currently offered by the Department of Spanish and Portuguese.

Advising and Staff Support. The majority of academic advising will be provided by the Department of Spanish and Portuguese, which serves as the administrative home of the program. The Academic Advisor and the Director of Undergraduate Studies will oversee curriculum planning, monitor student progress toward degree completion, and provide guidance regarding career and graduate school opportunities. Students will also have access to existing career services within the College of LAS.

Space and Facilities. No new facilities are required. The program will utilize existing classrooms, laboratories, research facilities, and instructional spaces currently maintained by the Department, SLCL, and LAS.

Future Support Needs. Existing college and departmental resources are expected to be sufficient to support the projected enrollment growth, and no additional facilities or major infrastructure investments are anticipated.

No new facilities, major renovations, or significant improvements to existing facilities are anticipated. The program will utilize existing instructional, laboratory, research, and advising resources within the Department of Spanish and Portuguese and SLCL.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

The proposal team consulted with Paula Carns and, based upon their input, determined that the Library's resources, collections, and services are sufficient to meet the needs of the program outlined in this proposal.

Proposal Title

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberal Arts and Sciences, include the Graduate College for Grad Programs)

Revise the Bachelor of Arts in Teaching of Spanish in the College of Liberal Arts and Sciences

Are there other related proposals that should be considered simultaneously with this one? If yes, please list the program keys and/or titles. Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently and together as needed. Format your response like the following "This BS proposal (key 567) is related to the Concentration A proposal (key 145)"

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

1. The Graduation Requirements statement was updated to reflect total hours 33-49. This range of hours includes Language Requirements (see item 5 below) and the potential of up to 16 additional hours to complete the degree requirements when completing LOTE Levels 1-4.

The language in this section was updated to match Spanish programs for consistency. It was "normally equates to 33-36 hours in Teaching Area of Concentration and 33 hours of professional education courses." and now "normally equates to 33-49 hours in Spanish Courses and 33 hours of Professional Education Courses."

2. A statement has been added to the University Requirements section of the POS to indicate that a minimum of 40 hours of upper-division coursework is required, per campus requirements.

3. A "Fulfilled by major requirements" statement has been added to the General Education Requirements table under the Language Requirement, per Office of the Provost initiatives for transparency and accessibility to indicate that this requirement is fulfilled by Spanish LOTE Levels 1-4.

4. Added the LAS Orientation and Professional Development table has been added, per campus requirements.

5. For transparency, a Language Requirements section has been added to the POS to show how the four levels of Spanish language (16 hours), required for the program, can be met. These courses serve as prerequisites for courses in the major.

6. The SPAN coursework statement, "27-30 additional hours of coursework in SPAN at the 200, 300, and/or 400 level, including at least two literature and culture courses and at least two linguistics courses, chosen from among the following: SPAN 250, 252, 254, 303, 305, 307, 308, 309, 310, 312, 318, 320, 324, 326, 395, related SPAN 299 or SPAN 399 study abroad courses, or related SPAN 400-level courses with advisor approval." has been removed and broken up into the following: "Four (4) 200-level SPAN courses", "Three (3) 300-/400-level SPAN courses", and "Two (2) additional SPAN electives at the 200-level or higher chosen from above course lists, or". Each new heading is now accompanied by course lists that were once departmental being added to the POS. The original requirement of at least two literature and culture courses and at least two linguistics courses has been retained but separated in the POS. Now, "SPAN coursework at the 200, 300, and/or 400 level that must include at least two literature and culture courses and at least two linguistics courses" precedes these headers and those designations have been made next to each course as they are listed in the POS.

"Four (4) 200-level SPAN courses (Instruction in Spanish)" header with 12 hours includes:

The list of 200-level SPAN courses includes: SPAN 210, SPAN 212, SPAN 214, SPAN 218, SPAN 232, SPAN 250, SPAN 252, SPAN 254, SPAN 295, SPAN 299. A qualifying statement was added to SPAN 299 as study abroad programs but be approved by an academic advisor.

"Three (3) 300-/400-level SPAN courses (Instruction in Spanish)" header with 9 hours includes:

The list of 300-/400-level SPAN courses includes: SPAN 303, SPAN 305, SPAN 307, SPAN 308, SPAN 310, SPAN 312, SPAN 316, SPAN 318, SPAN 320, SPAN 324, SPAN 326, SPAN 330, SPAN 395, SPAN 399, SPAN 490, SPAN 491, and Additional 400-level SPAN courses in consultation with an advisor. A qualifying statement was added to SPAN 399 as study abroad programs but be approved by an academic advisor.

"Two (2) additional SPAN electives at the 200-level or higher chosen from above course lists, or" header with 6 hours includes: The electives course list includes all courses previously listed in the 200-level and the 300-/400-level course lists and: SPAN 240, SPAN 242, SPAN 246, SPAN 248, SPAN 418, SPAN 435, SPAN 436, SPAN 442, SPAN 460, SPAN 489, BASQ 401, BASQ 402, LAST 445, PORT 400, PORT 401, PORT 402, QUEC 410, QUEC 420. This elective list is consist with the elective list represented in the Spanish Minor and the Spanish, BALAS

7. The Core Professional Education Courses table has been separated from the Core Spanish Courses for digital accessibility. No changes were made to this list of courses nor the total hours.

8. Student Learning Outcomes were rephrased to reflect LAS standards.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Please email the Department Head or a CIM User in the Department Head role of the units that own the courses that are impacted by the creation/revision/phase down or elimination of this program. For example, if you are adding a course, you will need support from the course owning unit to do so. Likewise, if you are removing a course or adding additional courses where enrollment in existing courses in the program of study could be impacted, you will need acknowledgement from the course owning unit. If the program has potential for perceived overlap with another unit on campus, you should have consultation with the other unit/stakeholders. Once this is complete, acknowledge that you have done so below.

Acknowledged

Indicate which departments/units/stakeholders were notified/consulted by listing the name of the department(s). For example, if you are adding a course owned by the Department of Philosophy and a course owned by the Department of Theatre and notified the units accordingly, you would include in the box below: 1. Department of Philosophy; 2. Department of Theatre.

1. Department of Latina/Latino Studies
2. Department of French
3. Department of Slavic Languages & Literature
4. Department of Linguistics
5. Department of Latin American & Carib Studies

Please attach any letters of support/acknowledgement for any Instructional Resources. Consider faculty, students, and/or other impacted units as appropriate.

Program Regulation and Assessment**Plan to Assess and Improve Student Learning**

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes

Student Learning Outcomes

By the end of this program, teacher candidates will be able to:

1. Apply principles of second language acquisition and language pedagogy.

Design and implement instructional activities and materials grounded in ~~Teacher Candidates* will be able to demonstrate their understanding of~~ second language acquisition theories and ~~and~~ methodologies ~~through the instructional activities and materials that they design to~~ support learners' development across the ~~all students' learning and skill-building in the~~ three modes of communication: ~~communication:~~ interpretive, interpersonal, and presentational.

2. Foster critical cultural and textual analysis.

Design learning experiences that engage students in critical and analytical examination of literary, historical, and contemporary texts, drawing upon principles of cultural analysis and cognitive frameworks such as Bloom's Taxonomy.

3. Model proficient and authentic Spanish language use.

~~Using Bloom's taxonomy and knowledge of cultural analysis, Teacher Candidates will be able to stimulate analytical skills in their second language learners when reading literary or historical texts or periodicals, such as newspapers, magazines, or blog posts discussing current events.~~ Demonstrate ~~Using their~~ knowledge of Spanish linguistics, phonology, linguistics and pronunciation by providing ~~the sounds of Spanish, Teacher Candidates will be able to model~~ accurate and authentic language models ~~pronunciation for their learners~~ during instruction.

4. Design and use effective language assessments.

Develop ~~Teacher Candidates will be able to demonstrate their understanding of~~ and implement ~~skills in designing~~ multiple forms of ~~methods of~~ assessment that monitor learner progress in the three modes of communication, promote learner agency efficacy, and self-efficacy, ~~guide decision-making of the learner~~ and inform instructional decision-making. ~~teacher.~~

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

No

Program Description and Requirements Attach Documents**Delivery Method****This program is available:**

On Campus - Students are required to be on campus, they may take some online courses.

Admission Requirements

Is this revision a change to the admission status of the program?

No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

A GPA of 2.5 in all content courses in Spanish is required. The proposed revision to the Spanish BAT program does not change in any way its current requirements and processes for admissions, licensure, student background checks or admission for transfer students. There are detailed processes spelled out at the Foreign Language Teacher Education (FLTE) website (<https://flte.illinois.edu/>).

Enrollment

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

These revisions should not impact enrollment and degrees awarded.

What is the matriculation term for this program?

Fall ONLY

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Financial Resources

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Are you seeking a change in the tuition rate or differential for this program?

No

Attach letters and self-supporting documents as applicable

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

These proposed revisions will be supported through existing academic, financial, advising, instructional, and research resources within the Department of Spanish and Portuguese, the School of Literatures, Cultures, and Linguistics, and the College of LAS. The proposal is a revision of a long-existing major and therefore does not require new faculty or staff positions at program launch.

Financial Support. The program will be funded through the existing LAS mechanisms. No additional campus or external funding is anticipated at this time.

Faculty Support. The curriculum is built primarily from existing courses currently offered by the Department of Spanish and Portuguese.

Advising and Staff Support. The majority of academic advising will be provided by the Department of Spanish and Portuguese, which serves as the administrative home of the program. The Academic Advisor and the Director of Undergraduate Studies will oversee curriculum planning, monitor student progress toward degree completion, and provide guidance regarding career and graduate school opportunities. Students will also have access to existing career services within the College of LAS.

Space and Facilities. No new facilities are required. The program will utilize existing classrooms, laboratories, research facilities, and instructional spaces currently maintained by the Department, SLCL, and LAS.

Future Support Needs. Existing college and departmental resources are expected to be sufficient to support the projected enrollment growth, and no additional facilities or major infrastructure investments are anticipated.

No new facilities, major renovations, or significant improvements to existing facilities are anticipated. The program will utilize existing instructional, laboratory, research, and advising resources within the Department of Spanish and Portuguese and SLCL.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

The proposal team consulted with Paula Carns and, based upon their input, determined that the Library's resources, collections, and services are sufficient to meet the needs of the program outlined in this proposal.

BALAS Bachelor of Arts in Liberal Arts and Sciences

Program Regulation and Assessment**Plan to Assess and Improve Student Learning**

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

No

Student Learning Outcomes

1. Proficiency in the target language associated with the major track of at least intermediate high level on the ACTFL scale, with some control of advanced low functions.

2. Improved and effective writing and communication skills in the English language.

3. Coherent knowledge and functional grasp of the culture(s) and history(ies) of the region or regions and peoples targeted by the major track.

4. Analytical and interpretive abilities making use of the critical tools and methodologies taught in our courses of literary and cultural study.

Program Description and Requirements Attach Documents

Delivery Method

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

Admission Requirements

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Enrollment

What is the matriculation term for this program?

Fall ONLY

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Financial Resources

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

Attach letters and self-supporting documents as applicable

Institutional Context

University of Illinois at Urbana-Champaign

Describe the historical and university context of the program's development. Include a short summary of any existing program(s) upon which this program will be built.

Explain the nature and degree of overlap with existing programs and, if such overlap exists, document consultation with the impacted program's home department(s).

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

The proposed program revision will be supported through existing academic, financial, advising, and instructional resources within the Department of Slavic Languages and Literatures.

Financial Support. The program revision will not require any changes to the current funding model for the Slavic department or major.

Faculty Support. The revised curriculum is built from existing Slavic studies courses already offered by the department. Existing Slavic department faculty will continue to contribute to instruction, curriculum oversight, assessment, and student mentoring.

Advising and Staff Support. Academic advising for the revised program will continue to be provided by the Department of Slavic Languages and Literatures advising staff. Existing Slavic department faculty and advising staff will oversee the revised curriculum, continue to monitor student progress toward degree completion, and continue to provide guidance regarding career and graduate school opportunities.

Space and Facilities. No new facilities are required. The revised program will continue to utilize existing classrooms, facilities, and instructional spaces available to the Slavic department.

Future Support Needs. We do not anticipate that these curriculum revisions will substantially affect the size of the political science major, above or beyond regular program growth. Existing college and departmental resources are expected to be sufficient to support future projected enrollments, and no additional facilities or major infrastructure investments are anticipated. The revised program will utilize existing instructional and advising resources within the Department of Slavic Languages and Literatures.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

The proposal team consulted with Joe Lenkart and Kit Condill and, based upon their input, determined that the Library's resources, collections, and services are sufficient to meet the needs of the program outlined in this proposal.

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

1. The Graduation Requirements statement was updated to reflect total hours 30-49. This range of hours includes Language Requirements (see item 7 below) and the potential of up to 16 additional hours to complete the degree requirements when completing LOTE Levels 1-4.

The language in this section was updated from " Minimum hours required major and supporting course work: normally equates to 30 hours including 6 hours in advanced language and 24 hours in literature and culture." and now "normally equates to 30-49 hours." for simplicity and ease of reading the POS.

2. A statement has been added to the University Requirements section of the POS to indicate that a minimum of 40 hours of upper-division coursework is required, per campus requirements.

3. A "fulfilled by major requirements" statement has been added to the General Education Requirements table under the Language Requirement, per Office of the Provost initiatives for transparency and accessibility to indicate that this requirement is fulfilled by Polish LOTE Levels 1-4.

4. The Orientation and Professional Development table has been added, per LAS requirements.

5. For transparency, a Language Requirements section has been added to the POS to show how the four levels of Polish language (16 hours), required for the program, can be met. These courses serve as prerequisites for courses in the major.

6. The "Required Slavic Coursework" Header was added to the POS to be consistent among all concentrations under Slavic Studies.

7. The “Language” header was added to the POS replacing “Language: A minimum of 6 hours beyond the second year of the Polish language: POL 301 and POL 302, or equivalent; or students may choose to complete the second year (200-level sequence) of a second Slavic language, including Russian, in addition to Polish.” This was done for transparency to show the coursework that qualifies (i.e., POL 301 and POL 302, or Students may choose to complete the 3rd and 4th levels (200-level sequence) of a second Slavic language, including Russian, in addition to Polish. The requirement remains the same, we updated the way in which it is displayed in the POS table.

8. The header “Literature and Culture: A minimum of 24 hours is required in the following areas (POL 401 and POL 402 can count toward the requirements in any category): (24 hours)” was removed from the POS and instead broken up into its three parts “Introductory Culture Coursework (6 hours), Literature Survey Coursework (6 hours), and Upper level (300- and 400-level) Slavic Literature and Culture Coursework: (12 hours). POL 401 and POL 402 were added to the upper-level course list only as they are upper level courses. The total number of hours, 24, remains the same. This was done to incorporate course lists that were once maintained departmentally to be transparent to students and reduce redundancy.

9. The former header “6 hours of Introductory Culture courses:” was changed to simply be “Introductory Culture Coursework” and the 6 hours indicated in the table. Courses in this category remain the same. This was done to make the headers and hours consistent in all concentrations in Slavic Studies.

10. The header “6 hours of Literature Survey courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” was changed to “Literature Survey Coursework, Choose two of the following:” and the 6 hours indicated in the table. The courses that fulfill this requirement have been added to the POS and include: POL 245, UKR 218, RUSS 219, RUSS 220, RUSS 225, RUSS 260, BCS 215, and the applicable part of the old footnote (Up to 9 hours of the literature requirement (but no more than 6 at the upper level) can be replaced by courses at the same level in other departments, chosen in consultation with and approved by the Undergraduate Advisor, that treat the history, culture, and society of Poland or the region.) has been incorporated into this course list as “Up to 3 hours of other coursework chosen in consultation with the Undergraduate Advisor”. For accessibility the footnote has been removed and the courses added.

11. The header “12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” was changed to “Upper level (300- and 400-level) Slavic Literature and Culture Coursework, Choose four of the following:” and the 12 hours indicated in the table. The courses that fulfill this requirement have been added to the POS and include: POL 446, SLAV 399, SLAV 419, SLAV 420, SLAV 430, SLAV 452, SLAV 477, SLAV 480, UKR 498, RUSS 320, RUSS 322, RUSS 323, RUSS 335, RUSS 418, RUSS 424, RUSS 460, RUSS 461, RUSS 465, and the applicable part of the old footnote (Up to 9 hours of the literature requirement (but no more than 6 at the upper level) can be replaced by courses at the same level in other departments, chosen in consultation with and approved by the Undergraduate Advisor, that treat the history, culture, and society of Poland or the region.) has been incorporated into this course list as “Up to 6 hours of other coursework chosen in consultation with the Undergraduate Advisor”. For accessibility the footnote has been removed and the courses added.

12. The capstone experience section of the POS remains the same in terms of requirements but it was reworked to remove the numbering (1, 2, 3) for accessibility. The statement “Majors should consult with the Undergraduate Advisor to plan their capstone experience.” was also removed and incorporated into the header as “Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from from the following list, in consultation with an Undergraduate Advisor” to remain consistent throughout the POS indicating when consultation with an advisor is encouraged in course choice.

13. Minimum Total Hours (30-49) have been added to the POS to reflect the major requirements, (30-33 hours) and the language levels 1-4 (0-16 hours) should a student need to complete these as well as part of their degree.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Please email the Department Head or a CIM User in the Department Head role of the units that own the courses that are impacted by the creation/revision/phase down or elimination of this program. For example, if you are adding a course, you will need support from the course owning unit to do so. Likewise, if you are removing a course or adding additional courses where enrollment in existing courses in the program of study could be impacted, you will need acknowledgement from the course owning unit. If the program has potential for perceived overlap with another unit on campus, you should have consultation with the other unit/stakeholders. Once this is complete, acknowledge that you have done so below.

Acknowledged

Indicate which departments/units/stakeholders were notified/consulted by listing the name of the department(s). For example, if you are adding a course owned by the Department of Philosophy and a course owned by the Department of Theatre and notified the units accordingly, you would include in the box below: 1. Department of Philosophy; 2. Department of Theatre.

1. Germanic Languages & Literature (SLAV 420)

Please attach any letters of support/acknowledgement for any Instructional Resources. Consider faculty, students, and/or other impacted units as appropriate.

Slavic program revision letters of support Germanic.docx

Program Features

Academic Level

Undergraduate

Does this program prepare graduates for entry into a career or profession that is regulated by the State of Illinois?

No

Program of Study

Provide detailed information (course rubrics, numbers, and credit hours) of how a student could obtain 40 credit hours of upper-division coursework.

POL 201 (4 hours)

POL 202 (4 hours)

POL 301 (3 hours)

POS 302 (3 hours)

Upper-level Slavic Literature and Culture Coursework (12 hours)

Capstone (0-3 hours)

Total hours 26-29, the remaining 11-14 hours can be taken as free electives (of which there are 44 in the sample sequence) ~~The revision to add the gen ed table does not include 40 hours of upper-division assessment.~~

Revised programs

SlavicStudies_Polish Studies_samplesequence.docx

Statement for Programs of Study Catalog

~~Graduation Requirements~~Graduation Requirements

Minimum hours required for graduation: 120 hours.

Minimum hours required normally equates to 30-49 hours. major and supporting course work: normally equates to 30 hours including 6 hours in advanced language and 24 hours in literature and culture. Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

University Requirements

Minimum of 40 hours of upper-division coursework, generally at the 300- or 400-level. These hours can be drawn from all elements of the degree. Students should consult their academic advisor for additional guidance in fulfilling this requirement.

University Requirements The university and residency requirements can be found in the Student Code (<https://studentcode.illinois.edu/article3/part8/3-801/>) (§ 3-801) and in the Academic Catalog (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).

General Education Requirements

Follows the campus (<https://courses.illinois.edu/gened/DEFAULT/DEFAULT/>) **General Education** (Gen Ed) requirements. Some Gen Ed requirements may be met by courses required and/or electives in the program.

Program Relationships

Corresponding Program(s):

Corresponding Program(s)

Slavic Studies, BALAS

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes ~~No~~

Student Learning Outcomes

Upon completion of the Slavic Studies: Polish Studies, BALAS student will be:

1. Proficient in the target language associated with the major track (Polish) of at least intermediate high level on the ACTFL scale, with some control of advanced low functions.
 2. Effective in writing and communication skills in the English language.
 3. Have coherent knowledge and functional grasp of the culture(s) and history(ies) of the region or regions and peoples targeted by the major track.
 4. Analytical and interpretive, making use of the critical tools and methodologies taught in our courses of literary and cultural study.
- ~~Working with the unit to create LOs.~~

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

Yes

Program Description and Requirements Attach Documents

Delivery Method

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

Enrollment

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

This revision should not have an impact on enrollment.

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

The proposed program revision will be supported through existing academic, financial, advising, and instructional resources within the Department of Slavic Languages and Literatures.

Financial Support. The program revision will not require any changes to the current funding model for the Slavic department or major.

Faculty Support. The revised curriculum is built from existing Slavic studies courses already offered by the department. Existing Slavic department faculty will continue to contribute to instruction, curriculum oversight, assessment, and student mentoring.

Advising and Staff Support. Academic advising for the revised program will continue to be provided by the Department of Slavic Languages and Literatures advising staff. Existing Slavic department faculty and advising staff will oversee the revised curriculum, continue to monitor student progress toward degree completion, and continue to provide guidance regarding career and graduate school opportunities.

Space and Facilities. No new facilities are required. The revised program will continue to utilize existing classrooms, facilities, and instructional spaces available to the Slavic department.

Future Support Needs. We do not anticipate that these curriculum revisions will substantially affect the size of the political science major, above or beyond regular program growth. Existing college and departmental resources are expected to be sufficient to support future projected enrollments, and no additional facilities or major infrastructure investments are anticipated. The revised program will utilize existing instructional and advising resources within the Department of Slavic Languages and Literatures.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

The proposal team consulted with Joe Lenkart and Kit Condill and, based upon their input, determined that the Library's resources, collections, and services are sufficient to meet the needs of the program outlined in this proposal.

Slavic Studies: Ukrainian Studies, BALAS (Key 760)

Slavic Studies: Czech Studies, BALAS (Key 756)

Slavic Studies: Russian Language, Literature, & Culture, BALAS (Key 758)

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

1. The Graduation Requirements statement was updated to reflect total hours 30-49. This range of hours includes Language Requirements (see item 7 below) and the potential of up to 16 additional hours to complete the degree requirements when completing LOTE Levels 1-4.

The language in this section was updated from " Minimum hours required major and supporting course work: normally equates to 30 hours including 6 hours in advanced language and 24 hours in literature and culture." and now "normally equates to 30-49 hours." for simplicity and ease of reading the POS.

2. A statement has been added to the University Requirements section of the POS to indicate that a minimum of 40 hours of upper-division coursework is required, per campus requirements.

3. A "Fulfilled by major requirements" statement has been added to the General Education Requirements table under the Language Requirement, per Office of the Provost initiatives for transparency and accessibility to indicate that this requirement is fulfilled by Polish LOTE Levels 1-4.

4. The Orientation and Professional Development table has been added, per LAS requirements.

5. For transparency, a Language Requirements section has been added to the POS to show how the four levels of Bosnian-Croatian-Serbian or Bulgarian language (16 hours), required for the program, can be met. These courses serve as prerequisites for courses in the major.

6. The "Required Slavic Coursework" Header was added to the POS to be consistent among all concentrations under Slavic Studies.
7. The "Language" header was added to the POS replacing "Language: A minimum of 6 hours beyond the second year of a South Slavic language: SCR 301, 302-Third-Year Serbian/Croatian I, II- or equivalent; or Students may choose to complete the second year (200-level sequence) of a second Slavic language, including Russian, in addition to SCR." This was done for transparency to show the coursework that qualifies (i.e., BCS 301, BCS 302, or Students may choose to complete the 3rd and 4th levels (200-level sequence) of a second Slavic language, including Russian, in addition to BCS or Bulgarian. The requirement remains the same, we updated the way in which it is displayed in the POS table. SLAV 399 was added to this list of courses when content is appropriate for concentration, see advisor.
8. The header "Literature and Culture: A minimum of 24 hours is required in the following areas: (24 hours)" was removed from the POS and instead broken up into its three parts "Introductory Culture Coursework (6 hours), Literature Survey Coursework (6 hours), and Upper level (300- and 400-level) Slavic Literature and Culture Coursework: (12 hours). The total number of hours, 24, remains the same. This was done to incorporate course lists that were once maintained departmentally to be transparent to students and reduce redundancy.
9. The former header "6 hours of Introductory Culture courses" was changed to simply be "Introductory Culture Coursework" and the 6 hours indicated in the table. Courses in this category remain the same. This was done to make the headers and hours consistent throughout the POS.
10. The header "6 hours of Literature Survey courses: Two 200-level literature or cinema courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department." was changed to "Literature Survey Coursework. Choose two of the following:" and the 6 hours indicated in the table. The courses that fulfill this requirement have been added to the POS and include: BCS 215, RUSS 219, RUSS 220, RUSS 225, RUSS 260, POL 245, UKR 218, and the applicable part of the old footnote (Up to 9 hours of the literature requirement (but no more than 6 at the upper level) can be replaced by courses at the same level in other departments, chosen in consultation with and approved by the Undergraduate Advisor, that treat the history, culture, and society of the South Slavic region.) has been incorporated into this course list as "Up to 3 hours of other coursework chosen in consultation with the Undergraduate Advisor". For accessibility the footnote has been removed and the courses added.
11. The header "12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department." was changed to "Upper level (300- and 400-level) Slavic Literature and Culture Coursework: and the 12 hours indicated in the table. The courses that fulfill this requirement have been added to the POS and include: SLAV 399, SLAV 419, SLAV 420, SLAV 430, SLAV 452, SLAV 477, SLAV 480, RUSS 320, RUSS 322, RUSS 323, RUSS 335, RUSS 418. RUSS 424, RUSS 460, RUSS 461, RUSS 465, UKR 498, POL 446, and the applicable part of the old footnote (Up to 9 hours of the literature requirement (but no more than 6 at the upper level) can be replaced by courses at the same level in other departments, chosen in consultation with and approved by the Undergraduate Advisor, that treat the history, culture, and society of the South Slavic region.) has been incorporated into this course list as "Up to 6 hours of other coursework chosen in consultation with the Undergraduate Advisor". For accessibility the footnote has been removed and the courses added.
12. The capstone experience section of the POS remains the same in terms of requirements but it was reworked to remove the number (1, 2, 3) for accessibility. The statement "Majors should consult with the Undergraduate Advisor to plan their capstone experience." was also removed and incorporated into the header as "Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from among the following, in consultation with an Undergraduate Advisor" to remain consistent throughout the POS indicating when consultation with an advisor is encouraged in course choice.
13. Minimum Total Hours (30-49) have been added to the POS to reflect the major requirements, (30-33 hours) and the language levels 1-4 (0-16 hours) should a student need to complete these as well as part of their degree.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Please email the Department Head or a CIM User in the Department Head role of the units that own the courses that are impacted by the creation/revision/phase down or elimination of this program. For example, if you are adding a course, you will need support from the course owning unit to do so. Likewise, if you are removing a course or adding additional courses where enrollment in existing courses in the program of study could be impacted, you will need acknowledgement from the course owning unit. If the program has potential for perceived overlap with another unit on campus, you should have consultation with the other unit/stakeholders. Once this is complete, acknowledge that you have done so below.

Acknowledged

Indicate which departments/units/stakeholders were notified/consulted by listing the name of the department(s). For example, if you are adding a course owned by the Department of Philosophy and a course owned by the Department of Theatre and notified the units accordingly, you would include in the box below: 1. Department of Philosophy; 2. Department of Theatre.

1. Germanic Languages & Literature (SLAV 420)

Please attach any letters of support/acknowledgement for any Instructional Resources. Consider faculty, students, and/or other impacted units as appropriate.

Slavic program revision letters of support Germanic.docx

Program Features

Academic Level

Undergraduate

Does this program prepare graduates for entry into a career or profession that is regulated by the State of Illinois?

No

Program of Study

Provide detailed information (course rubrics, numbers, and credit hours) of how a student could obtain 40 credit hours of upper-division coursework.

BCS 201 or BULG 201 (4 hours)

BCS 202 or BULG 202 (4 hours)

BCS 301 (3 hours)

BCS 302 (3 hours)

or SLAV 399 (399)

Upper-level Slavic Literature and Culture Coursework (12 hours)

Capstone (0-3 hours)

Total hours 26-29, the remaining 11-14 hours can be taken as free electives (of which there are 44 in the sample sequence) ~~The revision to add the gen-ed table does not include 40 hours of upper-division assessment.~~

Revised programs

SlavicStudies_SouthSlavicStudies_samplesequence.docx

Statement for Programs of Study Catalog

~~Graduation Requirements~~ Graduation Requirements

Minimum hours required for graduation: 120 hours.

Minimum hours required normally equates to 30-49 hours. ~~major and supporting course work: normally equates to 30 hours including 6 hours in advanced language and 24 hours in literature and culture.~~ Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

University Requirements

Minimum of 40 hours of upper-division coursework, generally at the 300- or 400-level. These hours can be drawn from all elements of the degree. Students should consult their academic advisor for additional guidance in fulfilling this requirement.

University Requirements The university and residency requirements can be found in the Student Code (<https://studentcode.illinois.edu/article3/part8/3-801/>) (§ 3-801) and in the Academic Catalog (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).

General Education Requirements

Follows the campus (<https://courses.illinois.edu/gened/DEFAULT/DEFAULT/>) General Education ~~General Education~~ (Gen Ed) requirements. Some Gen Ed requirements may be met by courses required and/or electives in the program.

Code	Title	Hours
Composition I		4-6

Major Requirements

¹ Up to 9 hours of the literature requirement (but no more than 6 at the upper level) can be replaced by courses at the same level in other departments, chosen in consultation with and approved by the Undergraduate Advisor, that treat the history, culture, and society of the South Slavic region.

Program Relationships

Corresponding Program(s):

Corresponding Program(s)

Slavic Studies, BALAS

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes No

Student Learning Outcomes

Upon completion of the Slavic Studies: South Slavic Studies Studies, BALAS student will be:

1. Proficient in the target language associated with the major track (BCS or Bulgarian) of at least intermediate high level on the ACTFL scale, with some control of advanced low functions.
2. Effective writing and communication skills in the English language.
3. Have coherent knowledge and functional grasp of the culture(s) and history(ies) of the region or regions and peoples targeted by the major track.
4. Analytical and interpretive, making use of the critical tools and methodologies taught in our courses of literary and cultural study.

~~Working with the unit to create LOs~~

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

Yes

Program Description and Requirements Attach Documents

Delivery Method

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

Enrollment

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

This revision should not have an impact on enrollment.

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

The proposed program revision will be supported through existing academic, financial, advising, and instructional resources within the Department of Slavic Languages and Literatures.

Financial Support. The program revision will not require any changes to the current funding model for the Slavic department or major.

Faculty Support. The revised curriculum is built from existing Slavic studies courses already offered by the department. Existing Slavic department faculty will continue to contribute to instruction, curriculum oversight, assessment, and student mentoring.

Advising and Staff Support. Academic advising for the revised program will continue to be provided by the Department of Slavic Languages and Literatures advising staff. Existing Slavic department faculty and advising staff will oversee the revised curriculum, continue to monitor student progress toward degree completion, and continue to provide guidance regarding career and graduate school opportunities.

Space and Facilities. No new facilities are required. The revised program will continue to utilize existing classrooms, facilities, and instructional spaces available to the Slavic department.

Future Support Needs. We do not anticipate that these curriculum revisions will substantially affect the size of the political science major, above or beyond regular program growth. Existing college and departmental resources are expected to be sufficient to support future projected enrollments, and no additional facilities or major infrastructure investments are anticipated. The revised program will utilize existing instructional and advising resources within the Department of Slavic Languages and Literatures.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

The proposal team consulted with Joe Lenkart and Kit Condill and, based upon their input, determined that the Library's resources, collections, and services are sufficient to meet the needs of the program outlined in this proposal.

Slavic Studies: Ukrainian Studies, BALAS (Key 760)

Slavic Studies: Czech Studies, BALAS (Key 756)

Slavic Studies: Russian Language, Literature, & Culture, BALAS (Key 758)

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

1. The Graduation Requirements statement was updated to reflect total hours 30-49. This range of hours includes Language Requirements (see item 7 below) and the potential of up to 16 additional hours to complete the degree requirements when completing LOTE Levels 1-4.

The language in this section was updated from " Minimum hours required major and supporting course work: normally equates to 30 hours including 6 hours in advanced language and 24 hours in literature and culture." and now "normally equates to 30-49 hours." for simplicity and ease of reading the POS.

2. A statement has been added to the University Requirements section of the POS to indicate that a minimum of 40 hours of upper-division coursework is required, per campus requirements.

3. A "Fulfilled by major requirements" statement has been added to the General Education Requirements table under the Language Requirement, per Office of the Provost initiatives for transparency and accessibility to indicate that this requirement is fulfilled by Polish LOTE Levels 1-4.

4. The Orientation and Professional Development table has been added, per LAS requirements.

5. For transparency, a Language Requirements section has been added to the POS to show how the four levels of Ukrainian language (16 hours), required for the program, can be met. These courses serve as prerequisites for courses in the major.

6. The "Required Slavic Coursework" Header was added to the POS to be consistent among all concentrations under Slavic Studies.

7. The “Language” header was added to the POS replacing “Language: A minimum of 6 hours beyond the second year of the Ukrainian language: UKR 301, 302- or equivalent; or Students may choose to complete the second year (200-level sequence) of a second Slavic language, including Russian, in addition to Ukrainian” This was done for transparency to show the coursework that qualifies (i.e., SLAV 399 or Students may choose to complete the 3rd and 4th levels (200-level sequence) of a second Slavic language, including Russian, in addition to Ukrainian. SLAV 399 was added to this list of courses when content is appropriate for concentration, see advisor. UKR 301 and 302 have been removed entirely as these courses do not exist.

8. The header “Literature and Culture: A minimum of 24 hours is required in the following areas: (24 hours)” was removed from the POS and instead broken up into its three parts “Introductory Culture Coursework (6 hours), Literature Survey Coursework (6 hours), and Upper level (300- and 400-level) Slavic Literature and Culture Coursework: (12 hours). The total number of hours, 24, remains the same. This was done to incorporate course lists that were once maintained departmentally to be transparent to students and reduce redundancy.

9. The former header “6 hours of Introductory Culture courses.” was changed to simply be “Introductory Culture Coursework” and the 6 hours indicated in the table. Courses in this category remain the same. This was done to make the headers and hours consistent throughout the POS.

10. The header “6 hours of Literature Survey courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” was changed to “Literature Survey Coursework. Choose two of the following” and the 6 hours indicated in the table. The courses that fulfill this requirement have been added to the POS and include: BCS 215, UKR 218, POL 245, RUSS 219, RUSS 220, RUSS 225, RUSS 260, and the applicable part of the old footnote (Up to 9 hours of the literature requirement (but no more than 6 at the upper level) can be replaced by courses at the same level in other departments, chosen in consultation with and approved by the Undergraduate Advisor, that treat the history, culture, and society of the Ukrainian region.) has been incorporated into this course list as “Up to 3 hours of other coursework chosen in consultation with the Undergraduate Advisor”. For accessibility the footnote has been removed and the courses added.

11. The header “12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” was changed to “Upper level (300- and 400-level) Slavic Literature and Culture Coursework: and the 12 hours indicated in the table. The courses that fulfill this requirement have been added to the POS and include: UKR 498, POL 446, SLAV 399, SLAV 419, SLAV 420, SLAV 430, SLAV 452, SLAV 477, SLAV 480, RUSS 320, RUSS 322, RUSS 323, RUSS 335, RUSS 418. RUSS 424, RUSS 460, RUSS 461, RUSS 465, and the applicable part of the old footnote (Up to 9 hours of the literature requirement (but no more than 6 at the upper level) can be replaced by courses at the same level in other departments, chosen in consultation with and approved by the Undergraduate Advisor, that treat the history, culture, and society of the Ukrainian region.) has been incorporated into this course list as “Up to 6 hours of other coursework chosen in consultation with the Undergraduate Advisor”. For accessibility the footnote has been removed and the courses added.

12. The capstone experience section of the POS remains the same in terms of requirements but it was reworked to remove the number (1, 2, 3) for accessibility. The statement “Majors should consult with the Undergraduate Advisor to plan their capstone experience.” was also removed and incorporated into the header as “Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from from the following list, in consultation with an Undergraduate Advisor.” to remain consistent throughout the POS indicating when consultation with an advisor is encouraged in course choice.

13. Minimum Total Hours (30-49) have been added to the POS to reflect the major requirements, (30-33 hours) and the language levels 1-4 (0-16 hours) should a student need to complete these as well as part of their degree.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Please email the Department Head or a CIM User in the Department Head role of the units that own the courses that are impacted by the creation/revision/phase down or elimination of this program. For example, if you are adding a course, you will need support from the course owning unit to do so. Likewise, if you are removing a course or adding additional courses where enrollment in existing courses in the program of study could be impacted, you will need acknowledgement from the course owning unit. If the program has potential for perceived overlap with another unit on campus, you should have consultation with the other unit/stakeholders. Once this is complete, acknowledge that you have done so below.

Acknowledged

Indicate which departments/units/stakeholders were notified/consulted by listing the name of the department(s). For example, if you are adding a course owned by the Department of Philosophy and a course owned by the Department of Theatre and notified the units accordingly, you would include in the box below: 1. Department of Philosophy; 2. Department of Theatre.

1. Germanic Languages & Literature (SLAV 420)

Please attach any letters of support/acknowledgement for any Instructional Resources. Consider faculty, students, and/or other impacted units as appropriate.

Slavic program revision letters of support Germanic.docx

Program Features

Academic Level

Undergraduate

Does this program prepare graduates for entry into a career or profession that is regulated by the State of Illinois?

No

Program of Study

Provide detailed information (course rubrics, numbers, and credit hours) of how a student could obtain 40 credit hours of upper-division coursework.

UKR 201 (4 hours)

UKR 202 (4 hours)

Language (SLAV 399 or second Slavic Language) (6 hours)

Upper-level Slavic Literature and Culture Coursework (12 hours)

Capstone (0-3 hours)

Total hours 26-29, the remaining 11-14 hours can be taken as free electives (of which there are 44 in the sample sequence) ~~The revision to add the gen-ed table does not include 40 hours of upper-division assessment.~~

Revised programs

SlavicStudies_UkrainianStudies_samplesequence.docx

Statement for Programs of Study Catalog

~~Graduation Requirements~~ Graduation Requirements

Minimum hours required for graduation: 120 hours.

~~Minimum hours required major and supporting coursework:~~ Minimum hours normally equates to 30-49 hours. ~~30 hours including 6 hours in advanced language and 24 hours in literature and culture.~~ Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

University Requirements

Minimum of 40 hours of upper-division coursework, generally at the 300- or 400-level. These hours can be drawn from all elements of the degree. Students should consult their academic advisor for additional guidance in fulfilling this requirement.

University Requirements The university and residency requirements can be found in the Student Code (<https://studentcode.illinois.edu/article3/part8/3-801/>) (§ 3-801) and in the Academic Catalog (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).

General Education Requirements

Follows the campus (<https://courses.illinois.edu/gened/DEFAULT/DEFAULT/>) **General Education** (Gen Ed) requirements. Some Gen Ed requirements may be met by courses required and/or electives in the program.

Code	Title	Hours

Program Relationships

Corresponding Program(s):

Corresponding Program(s)

Slavic Studies, BALAS

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes ~~No~~

Student Learning Outcomes

Upon completion of the Slavic Studies: Ukrainian Studies, BALAS student will be:

1. Proficient in the target language associated with the major track (Ukrainian) of at least intermediate high level on the ACTFL scale, with some control of advanced low functions.

2. Effective writing and communication skills in the English language.

3. Have coherent knowledge and functional grasp of the culture(s) and history(ies) of the region or regions and peoples targeted by the major track.

4. Analytical and interpretive, making use of the critical tools and methodologies taught in our courses of literary and cultural study.

Working with unit to create LOs

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

No

Program Description and Requirements Attach Documents

Delivery Method

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

Enrollment

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

This revision should not have an impact on enrollment.

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

The proposed program revision will be supported through existing academic, financial, advising, and instructional resources within the Department of Slavic Languages and Literatures.

Financial Support. The program revision will not require any changes to the current funding model for the Slavic department or major.

Faculty Support. The revised curriculum is built from existing Slavic studies courses already offered by the department. Existing Slavic department faculty will continue to contribute to instruction, curriculum oversight, assessment, and student mentoring.

Advising and Staff Support. Academic advising for the revised program will continue to be provided by the Department of Slavic Languages and Literatures advising staff. Existing Slavic department faculty and advising staff will oversee the revised curriculum, continue to monitor student progress toward degree completion, and continue to provide guidance regarding career and graduate school opportunities.

Space and Facilities. No new facilities are required. The revised program will continue to utilize existing classrooms, facilities, and instructional spaces available to the Slavic department.

Future Support Needs. We do not anticipate that these curriculum revisions will substantially affect the size of the political science major, above or beyond regular program growth. Existing college and departmental resources are expected to be sufficient to support

future projected enrollments, and no additional facilities or major infrastructure investments are anticipated. The revised program will utilize existing instructional and advising resources within the Department of Slavic Languages and Literatures.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

The proposal team consulted with Joe Lenkart and Kit Condill and, based upon their input, determined that the Library's resources, collections, and services are sufficient to meet the needs of the program outlined in this proposal.

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

1. The Graduation Requirements statement was updated to reflect total hours 30-49. This range of hours includes Language Requirements (see item 7 below) and the potential of up to 16 additional hours to complete the degree requirements when completing LOTE Levels 1-4.

The language in this section was updated from " Minimum hours required major and supporting course work: normally equates to 30 hours including 6 hours in advanced language and 24 hours in literature and culture." and now "normally equates to 30-49 hours." for simplicity and ease of reading the POS.

2. A statement has been added to the University Requirements section of the POS to indicate that a minimum of 40 hours of upper-division coursework is required, per campus requirements.

3. A "fulfilled by major requirements" statement has been added to the General Education Requirements table under the Language Requirement, per Office of the Provost initiatives for transparency and accessibility to indicate that this requirement is fulfilled by Czech LOTE Levels 1-4.

4. The Orientation and Professional Development table has been added, per LAS requirements.

5. For transparency, a Language Requirements section has been added to the POS to show how the four levels of Czech language (16 hours), required for the program, can be met. These courses serve as prerequisites for courses in the major.

6. The "Required Slavic Coursework" Header was added to the POS to be consistent among all concentrations under Slavic Studies.

7. The “Language” header was added to the POS replacing “Language: A minimum of 6 hours beyond the second year of the Czech language: CZCH 484 Readings in Czech for 6 hours or equivalent; or Students may choose to complete the second year (200-level sequence) of a second Slavic language, including Russian, in addition to Czech” This was done for transparency to show the coursework that qualifies (i.e., CZCH 484 or SLAV 399, or Students may choose to complete the 3rd and 4th levels (200-level sequence) of a second Slavic language, including Russian, in addition to Czech.) The requirement remains the same, we updated the way in which it is displayed in the POS table. SLAV 399 was added to this list of courses when content is appropriate for concentration, see advisor.

8. The header “Literature and Culture: A minimum of 24 hours is required in the following areas: (24 hours)” was removed from the POS and instead broken up into its three parts “Introductory Culture Coursework (6 hours), Literature Survey Coursework (6 hours), and Upper level (300- and 400-level) Slavic Literature and Culture Coursework: (12 hours). The total number of hours, 24, remains the same. This was done to incorporate course lists that were once maintained departmentally to be transparent to students and reduce redundancy.

9. The former header “6 hours of Introductory Culture courses:” was changed to simply be “Introductory Culture Coursework” and the 6 hours indicated in the table. Courses in this category remain the same. This was done to make the headers and hours consistent throughout the POS.

10. The header “6 hours of Literature Survey courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” was changed to “Literature Survey Coursework. Choose two of the following” and the 6 hours indicated in the table. The courses that fulfill this requirement have been added to the POS and include: POL 245, UKR 218, BCS 215, RUSS 219, RUSS 220, RUSS 225, RUSS 260, and the applicable part of the old footnote (Up to 9 hours of the literature requirement (but no more than 6 at the upper level) can be replaced by courses at the same level in other departments, chosen in consultation with and approved by the Undergraduate Advisor, that treat the history, culture, and society of the Czech region.) has been incorporated into this course list as “Up to 3 hours of other coursework chosen in consultation with the Undergraduate Advisor”. For accessibility the footnote has been removed and the courses added.

11. The header “12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” was changed to “Upper level (300- and 400-level) Slavic Literature and Culture Coursework: and the 12 hours indicated in the table. The courses that fulfill this requirement have been added to the POS and include: SLAV 399, SLAV 419, SLAV 420, SLAV 430, SLAV 452, SLAV 477, SLAV 480, POL 446, UKR 498, RUSS 320, RUSS 322, RUSS 323, RUSS 335, RUSS 418. RUSS 424, RUSS 460, RUSS 461, RUSS 465, and the applicable part of the old footnote (Up to 9 hours of the literature requirement (but no more than 6 at the upper level) can be replaced by courses at the same level in other departments, chosen in consultation with and approved by the Undergraduate Advisor, that treat the history, culture, and society of the Czech region.) has been incorporated into this course list as “Up to 6 hours of other coursework chosen in consultation with the Undergraduate Advisor”. For accessibility the footnote has been removed and the courses added.

12. The capstone experience section of the POS remains the same in terms of requirements but it was reworked to remove the number (1, 2, 3) for accessibility. The statement “Majors should consult with the Undergraduate Advisor to plan their capstone experience.” was also removed and incorporated into the header as “Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from from the following list, in consultation with an Undergraduate Advisor” to remain consistent throughout the POS indicating when consultation with an advisor is encouraged in course choice.

13. Minimum Total Hours (30-49) have been added to the POS to reflect the major requirements, (30-33 hours) and the language levels 1-4 (0-16 hours) should a student need to complete these as well as part of their degree.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Please email the Department Head or a CIM User in the Department Head role of the units that own the courses that are impacted by the creation/revision/phase down or elimination of this program. For example, if you are adding a course, you will need support from the course owning unit to do so. Likewise, if you are removing a course or adding additional courses where enrollment in existing courses in the program of study could be impacted, you will need acknowledgement from the course owning unit. If the program has potential for perceived overlap with another unit on campus, you should have consultation with the other unit/stakeholders. Once this is complete, acknowledge that you have done so below.

Acknowledged

Indicate which departments/units/stakeholders were notified/consulted by listing the name of the department(s). For example, if you are adding a course owned by the Department of Philosophy and a course owned by the Department of Theatre and notified the units accordingly, you would include in the box below: 1. Department of Philosophy; 2. Department of Theatre.

1. Germanic Languages & Literature (SLAV 420)

Please attach any letters of support/acknowledgement for any Instructional Resources. Consider faculty, students, and/or other impacted units as appropriate.

Slavic program revision letters of support Germanic.docx

Program Features

Academic Level

Undergraduate

Does this program prepare graduates for entry into a career or profession that is regulated by the State of Illinois?

No

Program of Study

Provide detailed information (course rubrics, numbers, and credit hours) of how a student could obtain 40 credit hours of upper-division coursework.

CZCH 201 (4 hours)

CZCH 202 (4 hours)

Language (CZCH 484, SLAV 399 or second Slavic Language) (6 hours)

Upper-level Slavic Literature and Culture Coursework (12 hours)

Capstone (0-3 hours)

Total hours 26-29, the remaining 11-14 hours can be taken as free electives (of which there are 38 in the sample sequence) ~~The revision to add the gen-ed table does not include 40 hours of upper-division assessment.~~

Revised programs

SlavicStudies_CzechStudies_samplesequence.docx

Statement for Programs of Study Catalog

Graduation Requirements

Minimum hours required for graduation: 120 hours.

Minimum hours normally equates to 30-49 hours. ~~required-major-and-supporting-course-work: normally equates to 30 hours including 6 hours in advanced language and 24 hours in literature and culture.~~ Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

University Requirements

Minimum of 40 hours of upper-division coursework, generally at the 300- or 400-level. These hours can be drawn from all elements of the degree. Students should consult their academic advisor for additional guidance in fulfilling this requirement.

The university and residency requirements can be found in the Student Code (<https://studentcode.illinois.edu/article3/part8/3-801/>) (§ 3-801) and in the Academic Catalog (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).

General Education Requirements

Follows the campus General Education (Gen Ed) requirements (<https://courses.illinois.edu/gened/DEFAULT/DEFAULT/>). Some Gen Ed requirements may be met by courses required and/or electives in the program.

Code	Title	Hours
Composition I		4-6
Advanced Composition		3

Corresponding Program(s)

Slavic Studies, BALAS

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes ~~No~~

Student Learning Outcomes

Upon completion of the Slavic Studies: Czech Studies, BALAS student will be:

1. Proficient in the target language associated with the major track (Czech) of at least intermediate high level on the ACTFL scale, with some control of advanced low functions.
 2. Effective in writing and in communication skills in the English language.
 3. Have coherent knowledge and functional grasp of the culture(s) and history(ies) of the region or regions and peoples targeted by the major track.
 4. Analytical and interpretive, making use of the critical tools and methodologies taught in our courses of literary and cultural study.
- Working with the unit to create LOs**

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

Yes

Program Description and Requirements Attach Documents

Delivery Method

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

Enrollment

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

This revision should not have an impact on enrollment.

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

The proposed program revision will be supported through existing academic, financial, advising, and instructional resources within the Department of Slavic Languages and Literatures.

Financial Support. The program revision will not require any changes to the current funding model for the Slavic department or major.

Faculty Support. The revised curriculum is built from existing Slavic studies courses already offered by the department. Existing Slavic department faculty will continue to contribute to instruction, curriculum oversight, assessment, and student mentoring.

Advising and Staff Support. Academic advising for the revised program will continue to be provided by the Department of Slavic Languages and Literatures advising staff. Existing Slavic department faculty and advising staff will oversee the revised curriculum, continue to monitor student progress toward degree completion, and continue to provide guidance regarding career and graduate school opportunities.

Space and Facilities. No new facilities are required. The revised program will continue to utilize existing classrooms, facilities, and instructional spaces available to the Slavic department.

Future Support Needs. We do not anticipate that these curriculum revisions will substantially affect the size of the political science major, above or beyond regular program growth. Existing college and departmental resources are expected to be sufficient to support future projected enrollments, and no additional facilities or major infrastructure investments are anticipated. The revised program will utilize existing instructional and advising resources within the Department of Slavic Languages and Literatures.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

The proposal team consulted with Joe Lenkart and Kit Condill and, based upon their input, determined that the Library's resources, collections, and services are sufficient to meet the needs of the program outlined in this proposal.

Slavic Studies: Czech Studies, BALAS (Key 756)

Slavic Studies: Russian Language, Literature, & Culture, BALAS (Key 758)

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

1. The Graduation Requirements statement was updated to reflect total hours 30-49. This range of hours includes Language Requirements (see item 7 below) and the potential of up to 16 additional hours to complete the degree requirements when completing LOTE Levels 1-4.

The language in this section was updated from " Minimum hours required major and supporting course work: normally equates to 30 hours including 6 hours in advanced language and 24 hours in literature and culture." and now "normally equates to 30-49 hours." for simplicity and ease of reading the POS.

2. A statement has been added to the University Requirements section of the POS to indicate that a minimum of 40 hours of upper-division coursework is required, per campus requirements.

3. A "fulfilled by major requirements" statement has been added to the General Education Requirements table under the Language Requirement, per Office of the Provost initiatives for transparency and accessibility to indicate that this requirement is fulfilled by Russian LOTE Levels 1-4.

4. The Orientation and Professional Development table has been added, per LAS requirements.

5. For transparency, a Language Requirements section has been added to the POS to show how the four levels of Russian language (16 hours), required for the program, can be met. These courses serve as prerequisites for courses in the major.

6. The "Required Slavic Coursework" Header was added to the POS to be consistent among all concentrations under Slavic Studies.

7. The “Language” header was added to the POS replacing “Language: A minimum of 6 hours beyond the second year of the Russian language: RUSS 301 and RUSS 302 – Third-Year Russian I, II, or equivalent”. This was done for transparency to show the coursework that qualifies (i.e., RUSS 301 and RUSS 302). The requirement remains the same, we updated the way in which it is displayed in the POS table.

8. The header “Literature and Culture: A minimum of 24 hours is required in the following areas (RUSS 401 and RUSS 402 - Fourth Year Russian I, II- can count toward the requirements of any category)” was removed from the POS and instead broken up into its three parts “Introductory Culture Coursework (6 hours), Literature Survey Coursework (6 hours), and Upper level (300- and 400-level) Slavic Literature and Culture Coursework: (12 hours). The total number of hours, 24, remains the same. This was done to incorporate course lists that were once maintained departmentally to be transparent to students and reduce redundancy. RUSS 401 and RUSS 402 were added to the Upper level (300- and 400-level) Slavic Literature and Culture Coursework category.

9. The former header “6 hours of Introductory Culture courses” was changed to simply be “Introductory Culture Coursework” and the 6 hours indicated in the table. Courses in this category remain the same. This was done to make the headers and hours consistent throughout the POS.

10. The header “6 hours of Literature Survey courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” was changed to “Literature Survey Coursework” and the 6 hours indicated in the table. The courses that fulfill this requirement have been added to the POS and include: RUSS 219, RUSS 220, RUSS 225, RUSS 260, UKR 218, POL 245, BCS 215 for transparency.

11. The header “12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen from the following.” was changed to “Upper level (300- and 400-level) Slavic Literature and Culture Coursework” and the 12 hours indicated in the table. The courses that fulfill this requirement have been added to the POS and include: RUSS 418, RUSS 424, RUSS 460, RUSS 461, RUSS 465, SLAV 399, SLAV 419, SLAV 420, SLAV 430, SLAV 452, SLAV 477, SLAV 480, UKR 498, and POL 446 for transparency. RUSS 320, RUSS 322, RUSS 323, RUSS 335 were previously in this course list and remain.

The header “Two 400-level literature or culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.” has been incorporated into the comment, “Choose four of the following, a minimum of 6 hours must be at the 400-level”.

12. There was a separation in the upper-level courses of “Author Courses (6 hrs)” and “Literature and Culture Courses (6 hrs)”. This distinction has been removed from the POS as the list of courses listed under upper-level include all courses that fulfill the requirement.

13. The capstone experience section of the POS remains the same in terms of requirements but it was reworked to remove the number (1, 2, 3) for accessibility. The statement “Majors should consult with the Undergraduate Advisor to plan their capstone experience.” was also removed and incorporated into the header as “Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from the following list, in consultation with an Undergraduate Advisor” to remain consistent throughout the POS indicating when consultation with an advisor is encouraged in course choice.

14. Minimum Total Hours (30-49) have been added to the POS to reflect the major requirements, (30-33 hours) and the language levels 1-4 (0-16 hours) should a student need to complete these as well as part of their degree.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Please email the Department Head or a CIM User in the Department Head role of the units that own the courses that are impacted by the creation/revision/phase down or elimination of this program. For example, if you are adding a course, you will need support from

the course owning unit to do so. Likewise, if you are removing a course or adding additional courses where enrollment in existing courses in the program of study could be impacted, you will need acknowledgement from the course owning unit. If the program has potential for perceived overlap with another unit on campus, you should have consultation with the other unit/stakeholders. Once this is complete, acknowledge that you have done so below.

Acknowledged

Indicate which departments/units/stakeholders were notified/consulted by listing the name of the department(s). For example, if you are adding a course owned by the Department of Philosophy and a course owned by the Department of Theatre and notified the units accordingly, you would include in the box below: 1. Department of Philosophy; 2. Department of Theatre.

1. Germanic Languages & Literature (SLAV 420)

Please attach any letters of support/acknowledgement for any Instructional Resources. Consider faculty, students, and/or other impacted units as appropriate.

Does this program prepare graduates for entry into a career or profession that is regulated by the State of Illinois?

No

Program of Study

Provide detailed information (course rubrics, numbers, and credit hours) of how a student could obtain 40 credit hours of upper-division coursework.

RUSS 201 (4 hours)

RUSS 202 (4 hours)

RUSS 301 (3 hours)

RUSS 302 (3 hours)

Upper-level Slavic Literature and Culture Coursework (12 hours)

Capstone (0-3 hours)

Total hours 26-29, the remaining 11-14 hours can be taken as free electives (of which there are 44 in the sample sequence)

Revised programs

SlavicStudies_RussianLanguageLiteratureCulture_samplesequence.docx

Statement for Programs of Study Catalog

~~Graduation Requirements~~ Graduation Requirements

Minimum hours required for graduation: 120 hours.

~~Minimum hours required major and supporting coursework:~~ Minimum hours normally equates to 30-49 hours. ~~30 hours including 6 hours in advanced language and 24 hours in literature and culture.~~ Twelve hours of 300- and 400-level courses in the major must be taken on this campus.

University Requirements

Minimum of 40 hours of upper-division coursework, generally at the 300- or 400-level. These hours can be drawn from all elements of the degree. Students should consult their academic advisor for additional guidance in fulfilling this requirement.

~~University Requirements~~ The university and residency requirements can be found in the Student Code (<https://studentcode.illinois.edu/article3/part8/3-801/>) (§ 3-801) and in the Academic Catalog (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).

General Education Requirements

Follows the campus (<https://courses.illinois.edu/gened/DEFAULT/DEFAULT/>) **General Education** (Gen Ed) requirements. Some Gen Ed requirements may be met by courses required and/or electives in the program.

Code	Title	Hours
Composition I		4-6
Advanced Composition		3
Humanities & the Arts (6 hours)		6
fulfilled by RUSS 115 and any other course approved as Humanities & the Arts		
Natural Sciences & Technology (6 hours)		6
Social & Behavioral Sciences (6 hours)		6
Cultural Studies: Non-Western Cultures (1 course)		3
Cultural Studies: US Minority Cultures (1 course)		3
Cultural Studies: Western/Comparative Cultures (1 course)		3
fulfilled by RUSS 115		
Quantitative Reasoning (2 courses, at least one course must be Quantitative Reasoning I)		6-10
Language Requirement (Completion of the fourth semester or equivalent of a language other than English, or completion of the third semester in two different languages other than English is required)		0-20
fulfilled by major requirements		

Orientation and Professional Development

Code	Title	Hours
<u>LAS 101</u>	<u>Design Your First Year Experience</u>	<u>1</u>
<u>OR</u>		
<u>LAS 100</u> <u>& LAS 101</u>	<u>Success in LAS for International Students</u> <u>and Design Your First Year Experience</u>	<u>3</u>
<u>OR</u>		
<u>LAS 102</u>	<u>Transfer Advantage</u>	<u>1</u>
Total Hours		1 or 3

Major Requirements**Language Requirements**

This language requirement may be satisfied through prerequisite credit for coursework equivalent to RUSS 101, RUSS 102, RUSS 201, and RUSS 202 taken in high school, prerequisite credit taken through appropriate transfer courses, or by demonstrating proficiency at the fourth-semester level in a language proficiency examination approved by the College of LAS and the appropriate department. Students should consult their academic advisor for additional guidance in fulfilling this requirement.

Code	Title	Hours
<u>RUSS 101</u>	<u>First-Year Russian I</u>	<u>4</u>
<u>RUSS 102</u>	<u>First-Year Russian II</u>	<u>4</u>
<u>RUSS 201</u>	<u>Second-Year Russian I</u>	<u>4</u>
<u>RUSS 202</u>	<u>Second-Year Russian II</u>	<u>4</u>
Total Hours		0-16

Code	Title	Hours
Language: A minimum of 6 hours beyond the second year of the Russian language: RUSS 301 and RUSS 302—Third-Year Russian I, II, or equivalent		6
Literature and Culture: A minimum of 24 hours is required in the following areas (RUSS 401 and RUSS 402—Fourth Year Russian I, II—can count toward the requirements of any category):		24
6 hours of Introductory Culture courses:		

Required Slavic Coursework

Language: **6**

A minimum of 6 hours beyond the 4th level of the Russian language in consultation with an Undergraduate Advisor

<u>RUSS 301</u>	<u>Third Year Russian I</u>	<u>6</u>
<u>& RUSS 302</u>	<u>and Third Year Russian II</u>	

Introductory Culture Coursework: **6**

RUSS 115	Intro to Russian Culture	
Choose one of the following:		
REES 200	Intro to Russia and Eurasia	
RUSS 261	Introduction to Jewish Culture in the Russian Empire	
SLAV 117	Russ & E Euro Science Fiction	
SLAV 120	Russian & E Euro Folktales	

~~6 hours of Literature Survey courses: Two 200-level literature or cinema courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.~~

~~12 hours of Upper-level (300- and 400-level) Literature and Culture courses chosen from the following:~~

~~Author Courses (6 hrs.):~~

Literature Survey Coursework: **6**

Choose two of the following:

<u>RUSS 219</u>	<u>Soviet and Post-Soviet Cinema Survey</u>	
<u>RUSS 220</u>	<u>Golden Age of Russian Literature</u>	
<u>RUSS 225</u>	<u>Soviet and Post-Soviet Lit</u>	
<u>RUSS 260</u>	<u>Medicine & Literature</u>	
<u>UKR 218</u>	<u>Survey of Ukrainian Literature</u>	
<u>POL 245</u>	<u>Survey of Polish Literature</u>	
<u>BCS 215</u>	<u>Yugoslavia and After</u>	

Upper-level (300- and 400-level) Slavic Literature and Culture Coursework: **12**

Choose four of the following, a minimum of 6 hours must be at the 400-level:

RUSS 320	Major Writers	
RUSS 322	Dostoevsky	
RUSS 323	Tolstoy	
RUSS 335	Nabokov	

~~Literature and Culture Courses (6 hrs.):~~

~~Two 400-level literature or culture courses chosen in consultation with the Undergraduate Advisor from a list maintained in the Slavic Department.~~

~~Capstone Experience: All majors are required to complete a capstone course, project, or experience chosen from among the following:~~ **0-3**

~~(1) RUSS 493 Honors Senior Thesis (2 hrs); or~~

~~(2) a 300- or 400-level course in the Slavic Department in which a research project is undertaken; or~~

~~(3) Study abroad in the region.~~

~~Majors should consult with the Undergraduate Advisor to plan their capstone experience.~~

<u>RUSS 401</u>	<u>Fourth Year Russian I</u>	
<u>RUSS 402</u>	<u>Fourth Year Russian II</u>	
<u>RUSS 418</u>	<u>18th Century Literature</u>

Program Relationships

Corresponding Program(s):

<u>Corresponding Program(s)</u>

Slavic Studies, BALAS

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes No

Student Learning Outcomes

Upon completion of the Slavic Studies: Russian Language, Literature, & Culture, BALAS student will be:

1. Proficient in the target language associated with the major track (Russian) of at least intermediate high level on the ACTFL scale, with some control of advanced low functions.

2. Effective in writing and communication skills in the English language.

3. Have coherent knowledge and functional grasp of the culture(s) and history(ies) of the region or regions and peoples targeted by the major track.

4. Analytical and interpretive, making use of the critical tools and methodologies taught in our courses of literary and cultural study.
Working-with-the-unit-to-create-LOs:

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

Yes

Program Description and Requirements Attach Documents

Delivery Method

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

Enrollment

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

This is a technical revision and should not affect enrollment and degree numbers.

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

The proposed program revision will be supported through existing academic, financial, advising, and instructional resources within the Department of Slavic Languages and Literatures.

Financial Support. The program revision will not require any changes to the current funding model for the Slavic department or major.

Faculty Support. The revised curriculum is built from existing Slavic studies courses already offered by the department. Existing Slavic department faculty will continue to contribute to instruction, curriculum oversight, assessment, and student mentoring.

Advising and Staff Support. Academic advising for the revised program will continue to be provided by the Department of Slavic Languages and Literatures advising staff. Existing Slavic department faculty and advising staff will oversee the revised curriculum, continue to monitor student progress toward degree completion, and continue to provide guidance regarding career and graduate school opportunities.

Space and Facilities. No new facilities are required. The revised program will continue to utilize existing classrooms, facilities, and instructional spaces available to the Slavic department.

Future Support Needs. We do not anticipate that these curriculum revisions will substantially affect the size of the political science major, above or beyond regular program growth. Existing college and departmental resources are expected to be sufficient to support future projected enrollments, and no additional facilities or major infrastructure investments are anticipated. The revised program will utilize existing instructional and advising resources within the Department of Slavic Languages and Literatures.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

The proposal team consulted with Joe Lenkart and Kit Condill and, based upon their input, determined that the Library's resources, collections, and services are sufficient to meet the needs of the program outlined in this proposal.

Proposal Title

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberal Arts and Sciences, include the Graduate College for Grad Programs)

Revise the Undergraduate Minor in Semiconductor Engineering in the Grainger College of Engineering

Are there other related proposals that should be considered simultaneously with this one? If yes, please list the program keys and/or titles. Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently and together as needed. Format your response like the following "This BS proposal (key 567) is related to the Concentration A proposal (key 145)"

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

- 1). Adding two new elective courses: MSE 422: Electrical Ceramics and SE 413: Engineering Design Optimization. Adding additional elective courses in the area provide the students with additional options.
- 2). Clarifying language around selection of core and elective courses to specify that at least three core courses must be taken. The balance of the 16 credit hours required to complete the minor may be selected from core courses and elective courses. In the previous requirements due to some core courses providing three or four credit hours, students were confused by specification of nine hours for the minor core. The original intent was that students take at least three of these core courses. The revisions make this clear.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

No

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

Yes

Please email the Department Head or a CIM User in the Department Head role of the units that own the courses that are impacted by the creation/revision/phase down or elimination of this program. For example, if you are adding a course, you will need support from the course owning unit to do so. Likewise, if you are removing a course or adding additional courses where enrollment in existing courses in the program of study could be impacted, you will need acknowledgement from the course owning unit. If the program has potential for perceived overlap with another unit on campus, you should have consultation with the other unit/stakeholders. Once this is complete, acknowledge that you have done so below.

Acknowledged

Indicate which departments/units/stakeholders were notified/consulted by listing the name of the department(s). For example, if you are adding a course owned by the Department of Philosophy and a course owned by the Department of Theatre and notified the units accordingly, you would include in the box below: 1. Department of Philosophy; 2. Department of Theatre.

ISE and MatSE

Please attach any letters of support/acknowledgement for any Instructional Resources. Consider faculty, students, and/or other impacted units as appropriate.

ISE support letter semiconductorSE413.pdf

Letter from MatSE for MSE 422 - Engineering Minor.pdf

Program Features

Academic Level

Undergraduate

Does this program prepare graduates for entry into a career or profession that is regulated by the State of Illinois?

No

Program of Study

An undergraduate minor should consist of at least 16 - and no more than 21 hours - of course work, with at least 6 hours of 300- or 400- level courses. Except for clearly remedial offerings, prerequisite courses within the sponsoring unit count towards the total; prerequisite courses outside the sponsoring unit do not count toward this total. The unit sponsoring the minor and that unit's college may set educationally necessary prerequisites for eligibility for the minor within these constraints. Does this proposal meet these criteria?

Yes

Revised programs

Semiconductor Engineering Minor - Side by side.xlsx

Program Regulation and Assessment

Plan to Assess and Improve Student Learning

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes

Student Learning Outcomes

Semiconductor Engineering is a broad field which encompasses many areas of science and technology. Correspondingly, there are many possible directions in industry and research which share the same fundamentals but branch out into an extraordinarily diverse range of applications. The intention of the proposed minor is not to provide a one-size-fits-all solution, but to support a wide range of educational choices and channelize larger numbers of engineering undergraduates into advanced courses to develop expertise in diverse areas of semiconductor design, manufacturing, and applications in order to meet the growing demands and expectations from the semiconductor industry.

As such, students earning the Minor in Semiconductor Engineering will have:

- a holistic view of the semiconductor industry from both a technical point of view and in the global societal context and how different engineering disciplines contribute to the field;
- a rigorous foundation and broad competency in the field of semiconductors based on an understanding of the underlying physics, material properties, and manufacturability of semiconductor devices; and
- a depth of knowledge in one area of semiconductor design, manufacturing, or applications to prepare them to meet the growing demands and expectations from the semiconductor industry.

As a whole, students completing the minor will be able to speak the same “language” of semiconductors, while carrying with them specific breadth and depth as selected according to individual interests. Such diversity of backgrounds within the same general area is very desirable for employment in industry or participation in research groups.

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

No

Program Description and Requirements Attach Documents

[Semiconductor_Minor_Program_Description_Requirements_Jan2024.docx](#)

Delivery Method

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

Enrollment

Will the department limit enrollment to the minor?

No

Describe how the department will monitor the admission to/enrollment in the minor.

The process to declare a minor in The Grainger College of Engineering is described at <https://advising.grainger.illinois.edu/degree-programs/minors>. As a college-level minor, interested students will meet with a college advisor to discuss the program ahead of declaring the minor.

Are there any prerequisites for the proposed minor?

No

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

No impact is anticipated on student enrollment.

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

This revision doesn't require any additional resources.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

The Semiconductor Minor has no impact on library services per Professor Sapp-Nelson, Head, Grainger Engineering Library Information Center, email of 2/4/2026.
