Proposal Title

Proposal Title (either Establish/Revise/Eliminate the Degree Name in Program Name in the College of XXXX, i.e., Establish the Bachelor of Science in Entomology in the College of Liberal Arts and Sciences, include the Graduate College for Grad Programs)

Revise the Joint Program in the Bachelor of Arts in Urban Studies and Planning and the Master of Urban Planning in Urban Planning in the College of Fine and Applied Arts and the Graduate College

Are there other related proposals that should be considered simultaneously with this one? If yes, please list the program keys and/or titles. Consider Majors, Minors, Concentrations & Joint Programs in your department. Please know that this information is used administratively to move related proposals through workflow efficiently and together as needed. Format your response like the following "This BS proposal (key 567) is related to the Concentration A proposal (key 145)"

This BAUSP/MUP joint program (key 943) is related to:

the BAUSP (key 148);

MUP proposal (key 454);

New FA 27 BAUSP concentrations being proposed in approval workflow: Environmental Planning and Design (key 1421);

Transportation (key 1423); and Housing, Community and Economic Development (key 1422);

Old BAUSP concentrations being deactivated in workflow:

Sustainability (key 690); Global Cities (key 687); Social Justice (key 689); Policy & Planning (key 688)

Program Justification

Provide a brief description, using a numbered item list, of the proposed changes to the program.

Provide a list of numbered items of what changed and why each change was necessary.

1. Update table headers and summed totals by moving headers within tables and summed totals right adjacent to header, per recommendation of CIM-P admin team.

2. As a result of BA Urban Studies and Planning program revision, making identical updates to remove UP 204 Chicago: Planning & Urban Life and add UP 185 Cities in a Global Perspective (NW Cultures & Social Sci Gen Ed) to "UP 203 or UP 204" category in UP core. UP 204 has been deactivated for FA 27 and UP 185 has been determined to provide a suitable alternative to still provide students a choice. UP 203 is Cities: Planning & Urban Life. No change in credit hours, as all three courses are three hours each. UP 185 is not added in Gen Ed table due to it being an elective 'or' option and not a specific requirement.

3. As a result of BA Urban Studies and Planning program revision, making identical updates to add UP 218 as requirement to UP core. While previously an elective, requiring a GIS fundamentals course provides all BAUSP students with the technical skills that are

increasingly expected in planning practice, government agencies, consulting firms, and nonprofit organizations. Requiring UP 218 ensures that all graduates can collect, manage, visualize, and interpret spatial data at a foundational level. (+3 hrs)

4. As a result of BA Urban Studies and Planning program revision, making identical updates to UP 347 is required in spring of junior year but the department has historically offered individual course substitutions for students who study abroad in that term. There are some abroad courses available as articulated options for UP 347 or the advisor may work with the student to find an alternative course at UIUC, such as UP 357. The POS is intended to state the requirement and to encourage students to work with their advisor.

5. As a result of BA Urban Studies and Planning program revision, making identical updates to remove UP 457 from workshop options. This course has not been offered since SP 19 and there are no current faculty projected to teach the course. The status of this course is under discussion this year, to discern if it will be deactivated. Students still have 4 workshops to select 1 workshop from. One of the remaining workshops (UP 455) hasn't been offered since SP 14, but it is projected to be offered again in the future.

6. As a result of BA Urban Studies and Planning program revision, making identical updates to add new category: Advanced Skills Development with student choice of UP 317, 320, 418, or 479. The requirement provides flexibility while ensuring that all students gain advanced skills in communication, data analysis, spatial analysis, or public participation. These competencies reflect the interdisciplinary nature of planning and prepare graduates to effectively analyze urban issues, engage diverse stakeholders, and communicate planning solutions in professional, civic, and community contexts. (+ 3 hrs)"

7. As a result of BA Urban Studies and Planning program revision, making identical updates to replace Concentration table which removes 4 old concentrations and create 3 new concentrations and revises the hours from 9-11 to 9. The 4 current concentrations will be sunset when the last cohort of Spring 2027 and earlier students have graduated. They are removed from the FA 27 BAUSP degree table as they are not options for FA 27 catalog year students (publicly) and they are removed from the BAUSP in CIM-P in the Program Feature section. Two of the previous concentrations are not directly reflected in the newer concentrations: Social Justice and Global Cities. Each of these concentrations were developed over a decade ago during a time when they were areas where specialization ensured sustained exposure to these areas. In the current BAUSP curriculum, global perspectives and issues of social justice are fully integrated throughout courses and learning experiences rather than confined to specific areas of study. For example, you can see Social Justice reflected in the first Program Learning Outcome and Global Context in the second Program Learning Outcome. In recognition of this broader curricular approach, the Sustainability and Policy concentrations have been re-envisioned and replaced with new curricular structures, described below.

Three new concentrations are proposed: Environmental Planning and Design (key 1421); Transportation (key 1423); Housing, Community and Economic Development (key 1422) and added to the POS and linked to the BAUSP. The BAUSP faculty committee examined areas of research strength and courses in the undergraduate curriculum, as well as program learning outcomes and industry/organization career needs in developing the new concentrations. There is no overlap in courses across the three concentrations. Students may elect to complete more than one concentration. This is because there is absolutely no overlap in courses, so even if students completed all three concentrations they would be completing 3 courses in each with no double counting. The college confirmed that Banner is able to code 3 undergraduate concentrations on one undergraduate major/degree. At least 3 hours of the three courses must be at the 300 or 400 level. Pursuing multiple concentrations may be applicable for a student who may have genuine interests that cross concentration boundaries, for students who want to keep career options open, for students who are building interdisciplinary projects, for students who want to stand out to employers or a graduate program, or for students who have significant free electives in their schedule and choose to spend them taking additional courses in UP.

8. The BA major hours are counted differently here because of the graduate courses taken in senior year. Both the BA and the BA/MUP have Foundation (10 hrs), Concentration (9 hrs), then Core is broken down as: 49 total for the BA, but for the BA part of the BA/MUP it is counted as 30 Core plus 20 Senior Year = 50. Therefore, there is 1 more credit hour with 50 total in this plan of study for Core/Senior Year Core versus 49 in the BA for the Core. This is due to the difference in the BA for "any 15 hours of UP courses" versus the specific graduate courses required in the BA/MUP which are 4, 4 credit hour courses which =16 hours.

9. UP 591 in the MUP was revised to be 0 hours only for all MUP students and UP 598/599 revised to be 8 hours total for all MUP students, which is updated in the POS and sample schedule. After a three-year trial of a new process, this revision returns to the operations of the longstanding prior approach with having students enroll in UP 591 for 0 hours for two semesters. UP faculty found that managing the thesis and non-thesis students in the capstone seminar and master's project/thesis research courses with identical credit hour approaches in the same semesters was more seamless and sensible for both faculty and students.

10. UP 510 has been revised from 4 to 6 hours for FA 27 due to credit hour change for the course.

The program learning outcomes are not being revised as part of this proposal. The outcomes were updated during the 2024–2025 academic year, and the curricular changes proposed here were developed to support and advance the achievement of those recently adopted goals.

An updated sample schedule is attached.

Instructional Resources

Will there be any reduction in other course offerings, programs or concentrations by your department as a result of this new program/proposed change?

Yes

Please describe:

1- UP 204 Chicago: Planning & Urban Life is deactivated for FA 27

2- Eliminate concentration: Global Cities

3- Eliminate concentration: Policy & Planning

4- Eliminate concentration: Social Justice

5- Eliminate concentration: Sustainability

Does this new program/proposed change result in the replacement of another program?

No

Does the program include other courses/subjects outside of the sponsoring department impacted by the creation/revision of this program?

No

Does this program prepare graduates for entry into a career or profession that is regulated by the State of Illinois?

No

Program of Study

Provide detailed information (course rubrics, numbers, and credit hours) of how a student could obtain 40 credit hours of upper-division coursework.

UP 312 - 4 hours

UP 316 - 3 hours

UP 347 - 4 hours

UP 317, UP 320, UP 418, UP 479 - 3 to 4 hours

UP 401 - 1 hour

UP 447, UP 455, UP 456, or UP 478 - 4 hours3 hrs of UP concentration=2216 hours from UP 501, 503, 504, 505, or 511 (counted as free electives in undergraduate degree)=382 remaining hours from : remaining 6 hours of UP concentration courses, or estimated 3 hours of free electives or the 4 additional hours from UP 501, UP 503, UP 504, UP 505, or UP 511**Revised programs**

UP 510 Credit Hour Change approved.pdf

BAUSP MUP Sample Schedule FA 27 (2).xlsx

Statement for Programs of Study Catalog**Graduation Requirements**

Minimum hours required for graduation: 152 hours.

- Bachelor of Arts in Urban Studies & Planning Requirements: 120 hours.
- Master of Urban Planning in Urban Planning: 32 hours.

University Requirements

Minimum of 40 hours of upper-division coursework, generally at the 300- or 400-level. These hours can be drawn from all elements of the degree. Students should consult their academic advisor for additional guidance in fulfilling this requirement.

The university and residency requirements can be found in the Student Code (<https://studentcode.illinois.edu/article3/part8/3-801/>) (§ 3-801) and in the Academic Catalog (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).

General Education Requirements

Follows the campus General Education (Gen Ed) requirements (<https://courses.illinois.edu/gened/DEFAULT/DEFAULT/>). Some Gen Ed requirements may be met by courses required and/or electives in the program.

Code	Title	Hours
BAUSP Senior Year		20 minimum

The MUP core courses meet the BAUSP requirements for UP electives and planning-related electives. 4+1 students are expected to enroll in the first year MUP core courses in their senior year, although they are not yet admitted to the MUP program.

Senior Workshop (pick 1 from the following or discuss other offerings with your advisor) 4

UP 447	Land Use Planning Workshop
UP 455	Economic Development Workshop
UP 456	Sustainable Planning Workshop
~~UP 457~~	~~Small Town/Rural Planning Workshop~~
UP 478	Community Development Workshop

Select at least four courses from: 16-20

UP 501	Planning History and Theory
UP 503	Physical Planning
UP 504	Urban History and Theory
UP 505	Urban and Regional Analysis
UP 511	Law and Planning

~~Urban Studies & Planning Foundation Courses~~ ~~Urban Studies & Planning Core~~ ~~Urban Studies & Planning Required Concentration~~ **Master of Urban Planning in Urban Planning Requirements**

Code	Title	Hours
Complete any of the 500-level courses not completed in year four (UP 501, 503, 504, 505, 511)		0-4
UP 510	Plan Making	4
UP 591	Capstone Seminar (enrollment required for two terms)	0
UP 598	Master's Project	8
or UP 599	Thesis Research	

Once admitted to the MUP program, a 4+1 student must take 32 hours of graduate courses, 20 of which must be UP courses. These courses include the capstone seminar and master's project or thesis. The 32 hours of graduate courses is a minimum requirement for the MUP degree; it cannot be reduced by UP 590 internship or course waivers. 32

Requirement	Description
Other MUP Requirements	
Up to two MUP core courses may be included among the 32 hours. If more core courses are needed, then correspondingly more than 32 hours will be required for the MUP degree.	
Minimum Hours Required Within the Unit:	20
Minimum 500-level Hours Required Overall:	16 (12 in UP)
Minimum GPA:	3.0

MUP in Urban Planning 32

A minimum of 16 credits at the 500 course level are required, 12 must be in UP.

Total Hours 152

Program Relationships

Identify the existing programs to be joined:

Corresponding Program(s)

Urban Planning, MUP

Urban Studies & Planning, BA

Program Regulation and Assessment**Plan to Assess and Improve Student Learning**

Illinois Administrative Code: 1050.30(b)(1)(D) Provision is made for guidance and counseling of students, evaluations of student performance, continuous monitoring of progress of students toward their degree objectives and appropriate academic record keeping.

Are the learning outcomes for the program listed in the Academic Catalog?

Yes ~~No~~

Student Learning Outcomes

Students who complete a degree in the Department of Urban and Regional Planning will be able to:

Identify and understand the planners' role in:

Addressing social and economic inequality through plans and policies

Planning for sustainability

Demonstrate planning proficiency in a global context in the areas of:

History, theory, law and institutions, and their evolution over time

Urban and regional development.

Build and put into practice a set of skills that are central to the planning profession, including skills specific to:

~~To be consistent with our accreditation requirements, we are using the Knowledge, Skills, and Values identified by the Planning Accreditation Board as desired outcomes for planning education: 1. General planning knowledge a. communication, community~~

~~engagement, Purpose and the planning process;~~

~~research and critical thinking;~~

~~mapping and data visualization; and~~

~~data collection and analysis, and data analytics. Meaning of Planning b.~~

~~Illustrate professional leadership values including collaborative skills and ethical behavior in research, client representation and~~

~~decision-making. Planning Theory c. Planning Law d. Human Settlements and History of Planning e. The Future f. Global Dimensions~~

~~of Planning 2. Planning skills a. Research Written, Oral and Graphic Communication b. Quantitative and Qualitative Methods c. Plan~~

~~Creation and Implementation d. Planning Process Methods e. Leadership 3. Values and ethics a. Professional Ethics and Responsibility~~

~~b. Governance and Participation c. Sustainability and Environmental Quality d. Growth and Development e. Social Justice~~

Did you make any revisions to the learning outcomes you copied and pasted from the current academic catalog?

No

Program Description and Requirements Attach Documents

Delivery Method

This program is available:

On Campus - Students are required to be on campus, they may take some online courses.

Admission Requirements

Is this revision a change to the admission status of the program?

No

Provide a brief narrative description of the admission requirements for this program. Where relevant, include information about licensure requirements, student background checks, GRE and TOEFL scores, and admission requirements for transfer students.

Enrollment

Describe how this revision or phase down/elimination will impact enrollment and degrees awarded. If this is an elimination/phase down proposal include the plans for the students left in the program.

There is no change in enrollment for the BAUSP/MUP 4+1 program.

What is the matriculation term for this program?

Fall ONLY

Budget

Are there budgetary implications for this revision?

No

Will the program or revision require staffing (faculty, advisors, etc.) beyond what is currently available?

No

Additional Budget Information

Attach File(s)

Financial Resources

What tuition rate do you expect to charge for this program? e.g, Undergraduate Base Tuition, or Engineering Differential, or Social Work Online (no dollar amounts necessary)

FAA Undergrad Differential/4 years and FAA Grad Differential/1 year

Are you seeking a change in the tuition rate or differential for this program?

No

Is this program requesting self-supporting status?

No

Attach letters and self-supporting documents as applicable

Program Support

Provide a brief description of the support for this program, including the financial, faculty, space, advisors/staff. Discuss plans to acquire any additional support that will be needed. If new or additional facilities or significant improvements to already existing facilities is needed, describe the Facility Need, Year 1 and 5 cost, and any other applicable notes.

This program proposal was developed with consideration of requiring no new financial resources, faculty, advisors/staff, or physical space.

The Department of Urban and Regional Planning includes 15 core faculty, an undergraduate advisor, and a director of undergraduate studies which serves 109 undergraduate majors and 77 minors (SP 26). There is also a director of graduate studies which serves 28 MUP students 16 PhD students (SP 26).

Temple Hoyne Buell Hall serves as the primary home for the Department of Urban and Regional Planning. The 73,000 square foot building was designed so that most classroom, studio, and office spaces have natural light available during the day, creating an inspiring environment for design education.

Attach any supporting documents as applicable.

Library Resources

Describe your proposal's impact on the University Library's resources, collections, and services. If necessary please consult with the appropriate disciplinary specialist within the University Library.

Disciplinary specialist Mike Dickinson from the City Planning & Landscape Architecture Reference & Resource Center was contacted for consultation on July 13, 2026. No new library resources, collections, or services are requested as part of this program proposal.
