

GENERAL EMERGENCY RESPONSE RECOMMENDATIONS

One-Minute Script

In an emergency in this building, we'll have two choices: get out (**Run**) or find a safe place to stay inside (**Hide**).

First, take a few minutes this week and learn the different ways to leave this building. If there's ever a fire alarm or something like that, you'll know how to get out, and you'll be able to help others get out too.

Second, if there's severe weather and leaving isn't a good option, go to a low level in the middle of the building, away from windows.

If there's a security threat, such as an active shooter, we'll **RUN** out of the building if we can do it safely or we will **HIDE** by finding a safe place and locking the door or blocking it and being as quiet as possible. If we cannot run out of the building safely or we cannot find a place to hide, we must be prepared to fight in order to survive. **Remember, RUN away or HIDE if you can, FIGHT if you have no other option.**
