EP.15.12 Report of Administrative Approvals through August 25, 2014

Graduate Programs

PhD in History – HIST 592 – Quant Tech for Historians has been discontinued. The department would like to change the requirement to “another methods course in consultation with the Director of Graduate Studies.”

PhD in Biochemistry – The department seeks to change the TA requirement from two semesters at 50% to one semester at 50% or 2 semesters at 25%.

Master of Social Work – Revision to the Health Care concentration. Currently SOCW 553 is categorized as a Human Behavior in Social Environment course (HSBE) and students are required to take both SOCW 552 & 553 to complete the category requirement. The content of SOCW 553 was recently reviewed by the faculty and it was determined to be better suited for designation as Methods (direct practice) course rather than an HSBE course. Students will now complete a single HBSE course and SOCW 553 will count as a Methods courses.

Undergraduate Programs

ACES - BS in Animal Sciences - The department would like to add ANSC 526 - Advanced Companion Animal Nutrition and remove ANSC 232 - Stem Cell Basics & Applications from the 'basic science' choose from list for all three concentrations. Depending on the concentration, students take 2 to 4 courses from this list of 36 courses. ANSC 232 has not been taught since 2011.

In addition, the department would also like to remove ANSC 213 - Beef & Swine Management from the 'applied science' list. Depending on the concentration, students take 1 to 4 courses from this list of 28 courses. ANSC 213 has not been taught since 2011.

ACES - Minor in Food and Environmental Systems - The College would like to make several changes to the 'choose from' lists for the minor.

In the 'Four Hours Selected from' category:

Add: ANSC 101 - Contemporary Animal Issues
HORT 105 - Vegetable Gardening
HORT 106 - Home Horticulture

Remove: ANSC 103 - Working with Farm Animals
CPSC 111 - Farming Systems
NRES 104 - Intro to Environmental Social Science
NRES 161 - Global Environmental Change

In the 'Six Hours Selected from' category:

Add: ANSC 223 - Animal Nutrition
ANSC 224 - Animal Reproduction and Growth
ANSC 322 - Livestock Feeds and Feeding
ANSC 407 - Animal Shelter Management
ANSC 409 - Meat Science

ANSC 438 - Lactation Biology
ANSC 444 - Applied Animal Genetics
ANSC 446 - Population Genetics
ANSC 450 - Comparative Immunobiology
ANSC 451 - Microbes and the Animal Industry

ANSC 452 - Animal Growth and Development
