Graduate Programs

Master of Accounting Science (MAS) – Require ACCY 517 (4 credit hours), Financial Statement Analysis, instead of ACCY 511 (4 credit hours), Risk Measurement/Reporting I.

Undergraduate Programs

LAS—BS in Chemical and Biomolecular Engineering – CHBE 121 (1 credit hour) — Revise footnote in Academic Catalog listing to state “For students entering the curriculum after the freshman year, 1 additional hr of credit from the list of approved engineering technical electives may be substituted in place of CHBE 121” to provide clarity so all students know they must complete 129 total hours for the major.
