PROPOSAL TO THE SENATE COMMITTEE ON EDUCATIONAL POLICY

TITLE OF THE PROPOSAL:

Annotate Urbana degree programs earned via the Global Campus on the student's academic transcript.

SPONSOR:

Richard Wheeler, Dean, Graduate College
333-6677, rpw@uiuc.edu

Mary Ramsbottom, Chair, Academic Associate Deans
333-1700, mmr@uiuc.edu

BRIEF DESCRIPTION:

To provide clarity and accurate reporting of Urbana academic programs offered by the Global Campus, the Graduate College has proposed the academic transcript indicate the completion of programs via the Global Campus.

JUSTIFICATION:

The existing transcript structure does not provide adequate designation of the proposed Global Campus offerings for Urbana degree programs. In an effort to recognize the difference inherent in the operational and administrative decision-making of the on-line campus, this proposal seeks to utilize the Banner field known as 'campus' in the awarded degree section of the transcript.

Proposed notation:

- For programs completed through the Urbana-Champaign campus the field will contain 'Urbana-Champaign'.
- For programs completed through the Global Campus the field will contain 'Global Campus Urbana'.

This notation offers a clear distinction of the two modes of administrative responsibility academic delivery.
