DIRECTOR'S NOTES ON THE DISCIPLINE REPORT

- a. While the overall number of petitions are down, all petitioners were successful in attaining permission to pursue the readmission process.
- b. Due to a change in Executive Directors and a desire to provide more detailed information in the report, some comparisons to last years report would not be reliable. This is particularly true with regard to more detailed information about code violations. True comparisons will be more readily available in next year's report.
- c. Almost all alcohol and drug assessments will result in a referral to another Alcohol and Other Drug Office program. It is difficult for us to track the exact referrals with our discipline software, but safe to assume that CAAP, SAW, and individual appointment referrals are artificially low.
- d. In January of 2007, OSCR began to require that all students 19 or 20 years of age who received their first violation of the alcohol policy complete an Electronic Check-Up to Go (e-CHUG) computer program. This program requires students to answer questions about their drinking behavior, provides individualized feedback based on campus norms, and requires the student to answer essay questions based on the feedback. Previously, these students had been issued a written reprimand and referred to campus alcohol resources.

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN SENATE
Senate Committee on Student Discipline
REPORT ON ACADEMIC INTEGRITY VIOLATIONS - FY07

The Student Code requires that the Senate Committee on Student Discipline act as a clearinghouse of all academic integrity violations found by instructors, departments, and colleges. Specifically Section 1-406(d) states:

At the end of each academic year, the executive director of the Senate Committee on Student Discipline shall compile an annual report to the Senate on the number and severity of such infractions of academic integrity, without identification of the individuals involved, and make that report available for open distribution and publication across campus.

This report reflects all violations of the academic integrity policy reported to the Senate Committee on Student Discipline which were fully resolved (appeal process has expired) from July 1, 2006 through June 30, 2007. Cases which are still on appeal will be reflected in next year's report.
